Management Of The Physically And Emotionally Abused

Terry C. Jones

Management Of The Physically And Emotionally Abused:

Sexual, Physical, and Emotional Abuse in Out-of-Home Care Toni Cavanaugh Johnson, 2013-11-12 Sexual Physical and Emotional Abuse in Out of Home Care brings into the open current or past sexually physically or emotionally abusive behaviors between children or between children and their caregivers in out of home care and helps prevent future victimization The curriculum gives you 20 exercises that promote respectful and nurturing interactions among caregivers and children by offering healthy concepts of touching communication and boundaries By implementing the concepts in this curriculum you ll help create positive healthy attachments for children in out of home care who may feel abandoned and alone Exercises in Sexual Physical and Emotional Abuse in Out of Home Care assist children and caregivers in understanding their rights and others rights in residential treatment centers and group or foster homes Exercises focus on communication on a continuum teaches children and staff about their own communication and the communications they receive from others a touch continuum provides an excellent vehicle for discussing the comforting and soothing touch children need and how to differentiate this from eight other types of touch differentiating sexual play from problematic sexual contact between children helps children and staff talk about sex personal space and boundaries discusses these as areas of major violations in children who have been abused sexual knowledge teaches the body parts and their functions discovering what a sex offender does to trick children into situations that end up in sexual abuse asks the children to make rules that assist other children to recognize unsafe situations and then gives them the opportunity to create a video pamphlet advertisement or commercial to tell other kids these rules This curriculum is unique because it can be completed through children and adults talking together It assumes that there will be difficulties and conflicts between staff and children and among children themselves and provides a forum in which to raise and discuss these issues You ll find the curriculum perfect for caregiver training or as exercises caregivers and children do together You ll also find it very useful for working with children s families either in family sessions or in multifamily groups

Gender Inclusive Treatment of Intimate Partner Abuse John Hamel,2005-02-08 This breakthrough handbook for mental

health professionals and educators offers practical hands on information for conducting assessments and providing

treatments that take the entire family system into account Rich with research that shows women are abusive within

relationships at rates comparable to men the book eschews the field s reliance on traditional domestic violence theory and

treatment which favors violence interventions for men and victim services for women and ignores the dynamics of the

majority of violent relationships Thus the author identifies and measures protocols that help practitioners make accurate

assessments for both men and women and then carefully selects the treatment modality and curricula for group couples and

or individual work that will help clients break their particular cycle of violence while ensuring victim safety **The**

Emotionally Abused and Neglected Child Dorota Iwaniec,2006-05-01 Emotional abuse and neglect are at the core of all

types of child maltreatment and have the most harmful effects on the physical and psychological development and well being

of children Yet they are considered to be the most difficult to deal with by those who have the responsibility to protect and

intervene in effective ways In this book the author explores the concept of a damaged child and asks what are the different types of injury ranging from active to passive physical to emotional that stop children from reaching their full potential psychologically and physically The author questions whether emotional damage to a child can be repaired and answers questions such as Is some injury irreversible What therapeutic techniques are available to deal with emotional abuse Can the abusers as well as the abused be helped to change Case studies are provided to illustrate the features of emotional abuse and chapters are devoted to the assessment and prediction of emotional abuse effects of emotional abuse as the child grows up intervention and treatment and working with the family as a whole
