## **Managers Guide To International Labour Standards:**

*The Manager's Guide to International Labour Standards* Alan Gladstone, 1986 The volume seeks to make the international labour standards understandable to practising managers by explaining the meaning and aim of international labour Conventions and Recommendations in a number of fields It covers standards on the recognition of trade unions and other workers representatives and on dealing with them through collective bargaining and various forms of consultative and participatory machinery Attention is also given to the standards which touch on the personnel function and on human resources management such as recruitment and selection training grievance procedures

**International Labour Standards Concerned with Labour Inspection** International Labour Office, 1991 A practical guide which groups together standards according to the particular field of application and covers such issues as the rights of workers working conditions and industrial relations It is intended to aid labour inspectors and administrators and provides useful reference material

**Fundamental Rights at Work and International Labour Standards Plus International Labour Standards Electronic Library (CD-ROM)** International Labour Office, Geneva, 2005 *Fundamental Rights at Work and International Labour Standards* International Labour Office, 2003 Labour law has long been upheld by the ILO as an essential pillar of development and peace within member States as well as between States This book offers valuable insight on the application of the ILO's international labour standards

**Management for Privatization** International Labour Office, 1995 This work traces the impact of privatization of state owned enterprises on management practices and strategies It covers methods of privatization and the barriers faced by managers includes case studies of industry and public services in industrialized developing and former socialist countries and identifies training needs It aims to build management development capacity and to prepare managers for the challenges of privatization and a new competitive environment The book is divided into four parts Part One covers the reasons for and main methods of privatization the environmental

*Managing and Developing New Forms of Work Organisation* George Kanawaty, 1981

**Diagnosing Management Training and Development Needs** Milan Kubr, Joseph Prokopenko, International Labour Office, 1989 Offers a conceptual framework and a compendium of techniques practical guide lines and tips for managers in both the public and private sectors and those involved in the management of large and small enterprises management centres and institutes

**International Labour Law** Jean-Michel Servais, 2017-04-24 No one will deny that labour standards comprise a necessary framework for balanced economic and social development Yet on a global level such balanced development has not occurred despite the existence of a rigorous body of international labour law that has been active and growing for almost one hundred years The implementation of this law devolves upon states yet many states have failed to honour it If we are to take serious steps toward a remedy for this situation there is no better place to start than a thorough well researched survey and analysis of existing international labour law its sources its content its historical development and an informed consideration of the barriers to its full effectiveness

This book is exactly such a resource. It provides in depth interpretation of the crucial International Labour Organisation ILO instruments: Constitution, conventions, declarations, resolutions and recommendations as well as such other sources of law as the OECD Guidelines for Multinational Enterprises and various model and actual corporate codes of conduct. Among the substantive areas of labour law covered in this book are the following: the relationship between international labour law and economic competition standards on industrial relations, collective bargaining and dispute settlement procedures, protection of trade unions, prohibitions on enforced and child labour, promotion of equal opportunity and treatment, time and rest provisions, wage determination and protection, occupational health and safety provisions, special issues on non standard forms of employment, foreign and migrant workers, social security provisions, privacy protection. The presentation demonstrates that these rules and standards offer invaluable benchmarks to governments, judiciaries, employers and trade unions. The book's combination of detailed commentary and an overarching social policy will make it especially valuable to legislators, human resources managers, employers, organizations, trade unions, jurists and academics concerned with the role of work in our globalized social system. This fifth edition of the book by Jean Michel Servais analyses the potential of those standards in a globalized world and the necessary evolution. It examines the actual implementation of those rules in the national context, comparing different experiences. It integrates the latest instruments. It examines the most recent public debates on labour regulation dealing with health and security at work, personal data, minimum wages, social security, strikes etc. It updates the bibliography and opens some perspectives for the future work of the global institutions.

**Recent Developments in the Chemical Industries** International Labour Organisation. Sectoral Activities Programme, International Labour Organisation. Chemical Industries Committee. Session, 1995. *Recent Developments in the Coalmining Industry* International Labour Organisation. Sectoral Activities Programme, International Labour Organisation. Coal Mines Committee, 1994.

**Localizing Global Production** Klaus North, 1997. Discusses various methods of generating know how in one region and speedily deploying it elsewhere to meet market demands or exploit competitive manufacturing advantages. Three detailed cases studies cover the Philippines, India and Ghana. *Training Entrepreneurs for Small Business Creation* Kenneth Loucks, 1988. Describes the assistance that can be had in various countries by those who want to start and own a small business.

The Statesman's Year-Book 1988-89 J. Paxton, 2016-12-16. The classic reference work that provides annually updated information on the countries of the world.

**The Statesman's Year-Book 1989-90** J. Paxton, 2016-12-28. The classic reference work that provides annually updated information on the countries of the world. *Strategic Management of Development Programmes* Samuel Paul, 1982-12-31. This guide to strategic management is based on an analysis of some of the most successful development programmes in the world. It contains questions, answers and practical guidelines which aim to make the book a useful manual for training programmes in development management.

*Environmental Business Management* Klaus North, 1997. This work encourages business managers to take account of the needs of the threatened planet and

dwindling natural resources while simultaneously redefining the commercial interests involved The book highlights opportunities for and threats to sustainable development It leads the reader through the morass of existing and proposed regulations and guidelines which cover the areas encompassed by the term environmental management the use of hazardous chemicals toxic wastes and emissions occupational health and safety and environmental impact analysis Completely revised and updated this     **Management Development Series** ,1964     *Entrepreneurship Development in Public Enterprises* Joseph Prokopenko,Igor Pavlin,1991 This book presents a number of cases both in centrally planned and market economy systems where the culture and practice of entrepreneurship were successfully introduced into the structure and activities of public enterprises The book shows how sponsorship can help promote both public and private economic initiatives by either turning the public enterprise into an entrepreneurial and intrapreneurial organization or by helping small private business in the start up stage     **Improving Public Enterprise Performance** Victor Powell,1987 Discussion on public enterprise management and operations in developing countries     1989-1990 John Paxton,2021-06-21 No detailed description available for 1989 1990
