The NEC 3 Engineering and Construction Contract Brian Eggleston, 2015-05-06. Now Available in Paperback. From its launch in 1991, the New Engineering Contract has rapidly overtaken traditional building and civil engineering contracts to become the UK's leading standard form for major construction projects. Additionally, under the generic title NEC 3, there is now a family of New Engineering Contract standard forms. This book provides a detailed commentary on the latest edition of the main form, NEC 3 Engineering and Construction Contract. It explains how the contract is intended to operate and examines each clause to consider its application and legal interpretation. It draws upon the author's successful book on the second edition of the Engineering and Construction Contract, ECC 2, and it identifies and comments on the changes between ECC 2 and NEC 3. Particular attention is given to the revised compensation event procedures in NEC3, with five chapters of the book devoted to this subject. In-depth analysis is also given to: The role of the project manager; The obligations of the parties; The liabilities of the parties; The revised dispute resolution procedures. *Practical Guide to the NEC3 Engineering and Construction Contract* Michael Rowlinson, 2015-10-08. Launched in 1993, the NEC Engineering and Construction Contract has become one of the UK's leading standard forms of contract for major construction and civil engineering projects. The third edition, popularly known as NEC3, is a process-based contract embodying project and commercial management best practice, so its basic philosophy differs from the more adversarial approach of other standard construction contracts. Since the first edition of this book, the

third edition of the contract has seen the introduction of a new secondary option for use in the UK and amendments to a number of clauses In addition in September 2011 changes were introduced to cater for the amendments to the Housing Grants Construction and Regeneration Act 1996 contained in the Local Democracy Economic Development and Construction Act 2009 which became effective for all new contracts entered into from 1 October 2011 These amendments have been incorporated into the text A Practical Guide to the NEC3 Engineering and Construction Contract will be useful to everyone in the construction industry working on a project under this contract It will be of interest to the complete construction supply chain including employers construction professions contractors and sub contractors as well as consultants and lawyers advising any of these parties either in the preparation of contract documentation or the day to day management or the resolution of problem situations which may arise
