Management, a Bibliography for NASA Managers, 1991

Marketing Information Guide, 1968

Wisdom, Knowledge, and Management: John P. van Gigch, 2007-04-03 In Wisdom Knowledge and Management A Critique and Analysis of Churchman s Systems Approach the 2nd volume of the series entitled Churchman s Legacy and Related Works the editors draw contributions from leading systems thinkers inspired by the works of C West Churchman The Systems Approach and Its Enemies C West Churchman 1979 is one of Churchman s most significant works In this particular writing he displayed two main tendencies that he was a Skeptic and that he showed Socratic Wisdom In Wisdom Knowledge and Management the editors seeks to follow up on these two themes and reveal how modern authors interpret Churchman s ideas apply them to their own line of thinking and develop their own brand of Systemics Several authors re interpret Churchman s thinking and

several others apply this holistic discourse to practical applications It is very significant that the authors are a very cosmopolitan group hailing from Sweden Australia Spain South Korea Argentina and USA Interestingly the contribution from the South Korean author Yu Jae E applies conceptual tools from the French contemporary writer Deleuze Additionally Darek M Eriksson s chapter applies the epistemology of Jean Louis Le Moigne Finally we would like to note that one theme of this volume is to relate modern authors and in particular Churchman to ideas spawned two thousands years ago among the Ancient Greeks This effort should show the reach of Churchman s intellectual power and demonstrates cross fertilization across borders and continents It could not have happened without the Internet

Literature and Leadership John Shoup,Troy Hinrichs,2019-09-20 Great literature provides didactic commentaries on universal themes in the drama of life and visceral lessons on leadership The careful reading of timeless novels position readers to emerge as astute protagonists in their own stories in the context of the grander narrative and internalize universal themes of the human story Students of the great works of literature also emerge culturally literate with a better understanding of themselves and others in relation to nobler virtues traditions and purposes In addition to demonstrating great works of literature as among the first formal books on leadership this book makes explicit connections between the study of literature and the research found in leadership and management studies This book Provides a bridge between the robust literary world and the leadership and management genre Demonstrates how language and literature uniquely develop leaders to have a sophisticated understanding of historical and contemporary cultures events and people Documents how powerful narratives either promote or diminish human flourishing Illustrates the usefulness of all great literature and stories in shaping engaging and compelling workplace narratives that inspire and engage the collective Equips leaders and managers with the knowledge and skills to embrace the drama of leadership and engage in meaningful sensemaking to help organizations thrive Encourages readers to be connoisseurs of great works of literature and include such works in their leadership libraries This book is ideal for the initiated and uninitiated in the study of literature and leadership by making explicit complementary and relevant insights to make reading and leading much more meaningful Those unfamiliar with great literature will gain a deeper appreciation for books serving as tutors and mentors in the ways of leadership and become more discerning readers Those unfamiliar with the leadership genre will improve their acumen to use endearing and enduring narratives to influence people and organizations
