Kilmann, 1991 *Managing Beyond the Quick Fix* Ralph H. Kilmann, 1989 *Beyond the Quick* Ralph H. Kilmann, 2003 The necessary non quick fix for creating and maintaining organizational success A reprint The Organizational Hologram: The Effective Management of Organizational Change Kenneth D. Mackenzie, 2011-06-28 Previously the conventional wisdom about organizations was If it s not broken then don t fix it Today the new dictum seems to be If it works make it work better There is a shift from a posture of reaction to one that embraces change The prevailing wisdom is changing because many of our organizations are now or will soon be in a state of crisis Every day we read about a proud old firm going bankrupt manufacturers who must cut costs and retrench in order to survive and failures in our governmental agencies Who s next Many organizations are failing but others are doing well All wonder if something terrible could happen to their organization Thus it seems prudent to anticipate and proactively manage change rather than to passively sit by until some crisis strikes All of us know that any organization can be improved There will always be a gap between some desired state and our current reality There will always be differences among people about what is desirable and what is not Every change energizes these gaps Because there are so many changes taking place it is no wonder that there is continuous clamor for organizational change These gaps and differences are the source of problems Once a problem is recognized and agreed to efforts are made to generate a solution to it Every solution has both its intended and unintended consequences **Advanced Topics in End User Computing** Mo Adam Mahmood, 2004-01-01 Advanced Topics in End User Computing features the latest research findings dealing with end user computing concepts issues and trends Empirical and theoretical research concerned with all aspects of end user computing including development utilization and management are included Volume three is specifically interested in those studies that show a significant contribution by relating end user computing to end user satisfaction end user productivity and strategic and competitive advantage Note This book is part of a new series entitled Advanced Topics in End User Computing This book is Volume Three within this series Vol III 2004 Finding Your Way in the Consulting Jungle Arthur M.
