General Register Office, 1963      **Education and Postponement of Maternity** Siv Gustafsson, Adriaan Kalwij, 2006-09-12 One of the most important demographic issues of our time is the increasing age of women at motherhood This happens in the northern social democratic states Sweden and Norway in the catholic countries Italy Spain and Ireland in the West European countries Netherlands and Germany in the former socialist transition countries Czech Republic and East Germany and in the liberal

democracy of the United States The postponement of maternity and the related issue of declining fertility rates are of major interest to policy makers and have provoked much scientific research This book examines various economic aspects of the role of women s education in the postponement of maternity in these ten industrialized countries The chapters in this book each empirically investigate one of these countries using individual or household survey data and are in particular interested in the increasing age at motherhood with the investment in education of the mother In search of socio economic explanations for this relationship each chapter investigates a specific related research question This results in a book that covers a wide range of topics on the economics of fertility decisions such as career planning motives of women consumption smoothing motives of households and the role of institutions Vital and Health Statistics ,1977 *Clever Girls and the Literature of Women's Upward Mobility* Mary Eagleton,2018-02-15 This book follows the figure of the clever girl from the post war to the present and focuses on the fiction plays and memoirs of contemporary British women writers Spurred on by an ethic of meritocracy the clever girl is now facing austerity and declining social mobility Though suggesting optimism a public discourse of opportunity aspiration and choice is often experienced as an anxious and chancy process In a wide ranging study the book explores the struggle to move away from home and traditional notions of femininity the persistent problems associated with women s embodiment the pressures of class and racial divisions the new subjectivities of the neoliberal era and the generational conflict underpinning austerity The book ends with a consideration of feminism s place as a phantom presence in this history of clever girls This study will appeal to readers of contemporary women s writing and to those interested in what has been one of the dominant social narratives of the post war period from upward to declining mobility

**Fertility, Family Planning, and Women's Health** Joyce C. Abma,A. Chandra,W. Mosher,L.
