USSR Information Bulletin , 1946 **Soviet Military Review** , 1983 USSR , 1961 , Physical Culture and Sport in Soviet Society Susan Grant, 2013 From its very inception the Soviet state valued the merits and benefits of physical culture which included not only sport but also health hygiene education labour and defence Physical culture propaganda was directed at the Soviet population and even more particularly at young people women and peasants with the aim of transforming them into ideal citizens By using physical culture and sport to assess social cultural and political developments within the Soviet Union this book provides a new addition to the historiography of the 1920s and 1930s as well as to general sports history studies **Soviet Life** , 1966 **Lifestyle in Siberia and the Russian North** Joachim Otto Habeck , 2019-11-25 Lifestyle in Siberia and the Russian North breaks new ground by exploring the concept of lifestyle from a distinctly anthropological perspective Showcasing the collective work of ten experienced scholars in the field the book goes beyond concepts of tradition that have often been the focus of previous research to explain how political economic and technological changes in Russia have created a wide range of new possibilities and constraints in the pursuit of different ways of life Each contribution is drawn from meticulous first hand field research and the authors engage with theoretical questions such as whether and how the concept of lifestyle can be extended beyond its conventionally urban Euro American context and employed in a markedly different setting Lifestyle in Siberia and the Russian North builds on the contributors clear commitment to diversifying the field and providing a novel and intimate insight into this vast and dynamic region This book provides inspiring reading for students and teachers of Anthropology Sociology and Cultural Studies and for anyone interested in Russia and its regions By providing ethnographic case studies it is also a useful basis for teaching anthropological methods and concepts both at graduate and undergraduate level Rigorous and innovative it marks an

important contribution to the study of Siberia and the Russian North *Foreign Social Science Bibliographies* United States. Bureau of the Census,1965 Europe Thomas M. Wilson,2023-11-30 This two volume encyclopedia profiles the contemporary culture and society of every country in Europe Each country receives a chapter encompassing such topics as religion lifestyle and leisure standard of living cuisine gender roles relationships dress music visual arts and architecture This authoritative and comprehensive encyclopedia provides readers with richly detailed entries on the 45 nations that comprise modern Europe Each country profile looks at elements of contemporary life related to family and work including popular pastimes customs beliefs and attitudes Students can make cross cultural comparisons for instance a student could compare social customs in Denmark with those in Norway compare Greece s cuisine with that of Italy and contrast the architecture of Paris with Amsterdam and Barcelona Culture and society are changing in each region and nation of Europe due to many political and economic forces both inside and outside of each nation s borders This encyclopedia considers many of the transformations connected to globalization as well as traditions that still hold strong to provide a complete assessment of the processes that make European societies and cultures distinctive **Soviet Union** ,1982 Buddhists, Shamans, and Soviets Justine Buck Quijada,2019-02-15 History in the Soviet Union was a political project From the Soviet perspective Buryats an indigenous Siberian ethnic group were a backwards nationality that was carried along on the inexorable march towards the Communist utopian future When the Soviet Union ended the Soviet version of history lost its power and Buryats like other Siberian indigenous peoples were able to revive religious and cultural traditions that had been suppressed by the Soviet state In the process they also recovered knowledge about the past that the Soviet Union had silenced Borrowing the analytic lens of the chronotope from Bakhtin Quijada argues that rituals have chronotopes which situate people within time and space As they revived rituals Post Soviet Buryats encountered new historical information and traditional ways of being in time that enabled them to re imagine the Buryat past and what it means to be Buryat Through the temporal perspective of a reincarnating Buddhist monk Dashi Dorzho Etigelov Buddhists come to see the Soviet period as a test on the path of dharma Shamanic practitioners in contrast renegotiate their relationship to the past by speaking to their ancestors through the bodies of shamans By comparing the versions of history that are produced in Buddhist shamanic and civic rituals Buddhists Shamans and Soviets offers a new lens for analyzing ritual a new perspective on how an indigenous people grapples with a history of state repression and an innovative approach to the ethnographic study of how people know about the past

Russian Music at Home and Abroad Richard Taruskin,2016-09-06 This new collection views Russian music through the Greek triad of the Good the True and the Beautiful to investigate how the idea of nation embeds itself in the public discourse about music and other arts with results at times invigorating at times corrupting In our divided post Cold War and now post 9 11 world Russian music formerly a quiet corner on the margins of musicology has become a site of noisy contention Richard Taruskin assesses the political and cultural stakes that attach to it in the era of Pussy Riot and renewed

international tensions before turning to individual cases from the nineteenth century to the present Much of the volume is devoted to the resolutely cosmopolitan but inveterately Russian Igor Stravinsky one of the major forces in the music of the twentieth century and subject of particular interest to composers and music theorists all over the world Taruskin here revisits him for the first time since the 1990s when everything changed for Russia and its cultural products Other essays are devoted to the cultural and social policies of the Soviet Union and their effect on the music produced there as those policies swung away from Communist internationalism to traditional Russian nationalism to the musicians of the Russian postrevolutionary diaspora and to the tension between the compelling artistic quality of works such as Stravinsky's *Sacre du Printemps* or Prokofiev's *Zdravitsa* and the antihumanistic or totalitarian messages they convey Russian Music at Home and Abroad addresses these concerns in a personal and critical way characteristically demonstrating Taruskin's authority and ability to bring living history out of the shadows

The role of the Soviet Union, Cuba, and East Germany in fomenting terrorism in Southern Africa United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Security and Terrorism, 1982 **Soviet Sociology**, 1962 Religion, Politics and Nation-Building in Post-Communist Countries Greg Simons, David Westerlund, 2016-03-03 The increasing significance and visibility of relationships between religion and public arenas and institutions following the fall of communism in Europe provide the core focus of this fascinating book Leading international scholars consider the religious and political role of Christian Orthodoxy in the Russian Federation Romania Georgia and Ukraine alongside the revival of old indigenous religions often referred to as shamanistic and look at how despite Islam's long history and many adherents in the south Islamophobic attitudes have increasingly been added to traditional anti-Semitic anti-Western or anti-liberal elements of Russian nationalism Contrasts between the church's position in the post-communist nation-building process of secular Estonia with its role in predominantly Catholic Poland are also explored Religion Politics and Nation Building in Post-Communist Countries gives a broad overview of the political importance of religion in the Post-Soviet space but its interest and relevance extends far beyond the geographical focus providing examples of the challenges in the spheres of public religious and social policy for all transitional countries

daily life Richard Stites In the Soviet Union in the 1930s public celebrations flourished while Stalinist repression intensified What explains this coincidence of terror and celebration Using popular media and drawing extensively on documents from previously inaccessible Soviet archives Karen Petrone demonstrates that to dismiss Soviet celebrations as mere diversion is to lose a valuable opportunity for understanding how the Soviet system operated As the state attempted to mobilize citizens to participate in the project to create New Soviet men and women celebration culture became more than a means to distract a population suffering from poverty and deprivation The planning and execution of celebrations reflected the Soviet intelligentsia's efforts to bring social and cultural enlightenment to the people Physical culture demonstrations celebrations of Arctic and aviation exploits the Pushkin Centennial of 1937 and the 20th Anniversary of the October Revolution and the celebration of New Year's Day were opportunities for the Soviet leadership to fuse traditional prerevolutionary values and practices with socialist ideology in an effort to educate its citizens and build support for the state and its policies However official celebrations were often appropriated by citizens for purposes that were unanticipated and unsanctioned by the state Through celebrations Soviet citizens created hybrid identities and defined their places in the emerging Stalinist hierarchy allowing them to uphold the Soviet order while arrests and executions were rampant This rich look at celebrations reveals the complex dialogues and negotiations between citizens and leaders in the endeavor to create Soviet culture Karen Petrone is Assistant Professor of History at the University of Kentucky Indiana Michigan Series in Russian and East European Studies Alexander Rabinowitch and William G Rosenberg editors Contents Interpreting Soviet Celebrations Part 1 Soviet Popular Culture and Mass Mobilization Parading the Nation Demonstrations and the Construction of Soviet Identities Imagining the Motherland The Celebration of Soviet Aviation and Polar Exploits Fir Trees and Carnivals The Celebration of Soviet New Year's Day Part 2 The Intelligentsia and Soviet Enlightenment A Double edged Discourse on Freedom The Pushkin Centennial of 1937 Anniversary of Turmoil The Twentieth Anniversary of the October Revolution Celebrating Civic Participation The Stalin Constitution and Elections as Rituals of Democracy Celebrations and Power
