**Soul Garden** Hope Schneir, Sia Hoyt, 2024-11-27. The power of a woman is most concretely observed in the seeds she plants day after day in the lives of those around her. *Soul Garden* is a sizable collection of personal stories, essays, poems and recipes written to cultivate the motherly role of women by offering inspiration, camaraderie and encouragement. Contributors from across the country and around the world invite readers to put away their screens and to pick up this lovely tangible book in which they can find nourishment for the soul and tips for practical life. Among the nine chapters are *Nurture* which encourages women in their call to care for the children and other people God has placed in their lives; *Ponder* which considers the lessons, blessings and challenges of motherhood; *Dwell* which suggests ways to create a beautiful home regardless of a woman's budget; and *Fiat* which honors the Blessed Virgin Mary as the model woman. *Soul Garden* aims to strengthen the heart of the mother, thereby strengthening the heart of the Church and of society itself.

*Boost Your STEAM Program with Great Literature and Activities* Liz Knowles, Martha Smith, 2018-06-01. You've created a STEAM program in your library, but how do you work literacy into the curriculum? With this collection of resource recommendations, direction for program development and activities, you'll have students reading proficiently in no time. Many schools and libraries are implementing STEAM programs in the school library makerspace to promote problem solving by allowing students to create their own solutions to a problem through trial and error. In order to enhance literacy development in the STEAM program, however, they need resources for integrating literature into the curriculum. In this collection of resources for doing just that, veteran education professionals and practiced coauthors Liz Knowles and Martha Smith bring readers over eight hundred recommended and annotated books and web resources selected based on research on successfully integrating STEAM and literacy programs and organized by the five STEAM areas. Titles are complemented by discussion questions and problem solving activities that will aid educators in both adding and using the best literature to their STEAM programs for encouraging learning. In addition to promoting literacy, these resources will help to develop creativity, lateral thinking skills and confidence in students.

*In Their Own Way* Thomas Armstrong, 2000-08-07. Does your child have a favorite subject, activity or hobby? Children learn in multiple ways, and educator Thomas Armstrong has shown hundreds of thousands of parents and teachers how to locate those unique areas in each of our children where learning and creativity seem to flow with special vigor. In this fully updated classic on multiple intelligences, Armstrong sheds new light on

the eight ways to bloom or the eight kinds of multiple intelligences While everyone possesses all eight intelligences Armstrong delineates how to discover your child s particular areas of strength among them The book shatters the conventional wisdom that brands our students as underachievers unmotivated or as suffering from learning disabilities attention deficit hyperactivity disorder or other learning diseases Armstrong explains how these flawed labels often overlook students who are in possession of a distinctive combination of multiple intelligences and demonstrates how to help them acquire knowledge and skills according to their sometimes extraordinary aptitudes Filled with resources for the home and classroom this new edition of In Their Own Way offers inspiration for every learning situation     **ENC Focus** ,
