Nautical Antiques & Collectables Jon Baddeley,1993 **Nautical Antiques and Collectables** Jon Baddeley,2001-12-11 This well illustrated collector s guide covers a wide range of nautical decorative arts and navigational instruments The book spans the period from the sixteenth century to the present day with an emphasis on the golden age of production between 1800 and 1940 These more modern pieces are readily found in specialist shops and auctions and are therefore more affordable than earlier and rarer pieces The book is divided into eight chapters covering ship models navigational instruments ship fixtures and fittings marine arts and crafts ocean liner artefacts and ship portrait painting A concluding chapter lists public and private collections where marine art can be seen and provides information on its purchase internationally There is also practical advice on the restoration of these artefacts A much needed publication this book will be of interest not only to collectors but to all those connected with ships and the sea **Nautical Antiques** W. Carlisle,1999 Over the years Welles Henderson the author of this intriguing book noted that the majority of maritime museums throughout the world placed their emphasis on ship paintings ship models figureheads navigation equipment nautical tools and weapons but gave little insight into the daily life of the ordinary sailor For over four decades therefore he has been collecting material in an attempt to fill the gap This has been a great challenge as comparatively few real life depictions of shipboard activities and the life of a sailor at sea were made during the eighteenth and much of the nineteenth century There are countless ship portraits but very little of the human interest side of the sailor afloat While many well known expeditions including that of Captain James Cook had artists accompany them practically all their depictions were of flora fauna landscapes and local inhabitants rather than of shipboard life Finding a piece here and a piece there however Welles Henderson has painstakingly succeeded in putting together a fascinating mosaic of the life of a sailor from the time of his going off to sea until his death on board or on shore Bulletin - U.S. Coast Guard Academy Alumni Association United States Coast Guard Academy.
