Carlisle,1999 Over the years Welles Henderson the author of this intriguing book noted that the majority of maritime museums throughout the world placed their emphasis on ship paintings ship models figureheads navigation equipment nautical tools and weapons but gave little insight into the daily life of the ordinary sailor For over four decades therefore he has been collecting material in an attempt to fill the gap This has been a great challenge as comparatively few real life depictions of shipboard activities and the life of a sailor at sea were made during the eighteenth and much of the nineteenth century There are countless ship portraits but very little of the human interest side of the sailor afloat While many well known expeditions including that of Captain James Cook had artists accompany them practically all their depictions were of flora fauna landscapes and local inhabitants rather than of shipboard life Finding a piece here and a piece there however Welles Henderson has painstakingly succeeded in putting together a fascinating mosaic of the life of a sailor from the time of his going off to sea until his death on board or on shore *Paintings, Furniture & Decorative Arts* Cowan's Auctions, Inc,2006 Antique Treasures: A Collector's Guide to Hidden Gems and Undiscovered Delights Pasquale De Marco,2025-04-27 Embark on a captivating journey into the realm of antiques with Antique Treasures A Collector s Guide to Hidden Gems and Undiscovered Delights This comprehensive guidebook unlocks the secrets of antique collecting providing invaluable insights and practical guidance for both seasoned enthusiasts and aspiring collectors alike Within these pages you ll discover the allure of antiques their historical significance and the emotional connection they evoke Explore the diverse sources for uncovering hidden treasures from flea markets and garage sales to online marketplaces and estate sales Learn the art of identifying and authenticating antiques ensuring you make informed and valuable acquisitions Master the skills of caring for your antique treasures preserving their beauty and value for generations to come Understand the factors that determine the value of antiques from condition and rarity to market trends Delve into the rewarding world of antique investments gaining strategies for successful acquisitions and building a diversified portfolio Discover the art of collecting antiques developing a focused strategy that aligns with your interests and budget Explore the world of antique
