Chechens or the Navajos illuminates patterns of prejudice that have immense implications for both popular and high culture. The juxtaposition of the discussion of the two groups as they have been treated in Russian and American literature can deepen our understanding of the commonalities present in attempted cultural domination or ethnic idealization. Margaret Ziolkowski is Professor of Russian at Miami University Ohio. **Songs of Life** Gill, 2023-09-20. Scholarly monographs on the iconography of indigenous North American religions.
