these warships that fought and won the decisive Battle of Manila Bay These cruisers also served faithfully as escorts and auxiliaries in World War I before the last were retired in the 1920s Written by experienced US naval researcher Brian Lane Herder and including rare photographs this book explores the development qualities and service of these important warships and highlights the almost forgotten Columbia class designed as high speed commerce raiders and to mimic specific passenger liners All 11 protected cruisers are depicted in meticulously researched color illustrations with one depicting the Olympia deploying her full sail rig
