Matthew Ryan Kerr

Nazi Revolution 1933 35 Prelude To Calam:

Assassin J. Bowyer Bell, 2017-09-29 Assassination as a political act has a long history predating the murder of Julius Caesar and continuing into our own time The murder of the mighty has long fascinated artists and rebels but only rarely has it been studied in a scholarly manner In *Assassin* J Bowyer Bell combines existing historical evidence with years of personal interviews with terrorists in Africa the Middle East and Europe The result is an incisive study of that enigmatic figure the revolutionary killer As Bell makes clear the motives of the actors and effectiveness of assassination vary widely across time and place Assassination in many parts of the world has not only been a normal political act rational explicable but also often effective in some cases taking fewer lives in the transfer of power than an election Likewise there have been all kinds of assassins personal psychopathic professional ranging from lonely failures trying to make their mark to authorized agents of the state Using the assassination of Henry IV of France as a historical backdrop Bell writes about contemporary political murder from the perspective of one who has studied the subject of political violence for decades Bell has met with or known well the perpetrators conspirators and intended victims of assassination who have escaped His interviewees include a radical Irish revolutionary leader an American Arabist diplomat a spokesman for the PLO and the president of a Mozambique liberation movement The itinerary of his investigative journeys covers most of the flashpoints of contemporary political violence The people and places studied here at firsthand are engaged in a deadly game The attrition rate is often high the power fleeting and the consequences often unforeseen If past is prologue assassination is to be with us for years to come The volume will be essential reading for those engaged in the prevention of political violence and terror as well as historians and political scientists *The Weimar Republic and Nazi Germany* Warren Bayard Morris, 1982 **The History of an**

Obsession Klaus P. Fischer, 1998 The state sponsored genocide known as the Holocaust was the greatest crime of this century and a seminal event of modern times In this major work Klaus Fischer unravels the complex history of Judeophobia in its four essential forms Christian nationalistic social discriminatory and biological racial He argues that German defeat in World War I cleared the way for the pathological Judeophobia that formed the core of Nazism When Hitler turned Germany into a racist totalitarian state Jews changed from Christ killers or alien outsiders to racial subhumans or deadly bacilli Fischer carefully explores the German Jewish relationship in modern times in all its dimensions He reveals how the Nazis anti Jewish prejudices became public policy in the Third Reich and traces the interaction between ideological obsession and bureaucratic decisions that led to the Final Solution Finally Fischer shows the global implications of the Holocaust by exploring how collectivized and aberrant thinking when it becomes institutionalized in a modern technological state can cause even greater horrors in the future **Bibliographic Index**, 1970 **The Nazi revolution, 1933-1935** Eliot Barculo Wheaton, 1969 *The Publishers Weekly*, 1969 **The Road to Dictatorship**, 1964 *The Nazi Revolution, the First Stages* Robert Elgy Neil, 1963 **Germany 1918-1933. Revolution, counter-revolution and the rise of hitler** Simon

Taylor, 1983 *Prelude to Power* Matthew Ryan Kerr, 1998
