Searching for Lord Haw-Haw Colin Holmes, 2016-07-28 Searching for Lord Haw Haw is an authoritative account of the political lives of William Joyce He became notorious as a fascist an anti Semite and then as a Second World War traitor when assuming the persona of Lord Haw Haw he acted as a radio propagandist for the Nazis It is an endlessly compelling story of simmering hope intense frustration renewed anticipation and ultimately catastrophic failure This fully referenced work is the first attempt to place Joyce at the centre of the turbulent traumatic and influential events through which he lived It challenges existing biographies which have reflected not only Joyce s frequent calculated deceptions but also the suspect claims advanced by his family friends and apologists By exploring his rampant increasingly influential narcissism it also offers a pioneering analysis of Joyce s personality and exposes its dangerous destructive consequences What a saga my life would make Joyce wrote from prison just before his execution Few would disagree with him

Life On Air, 2008-09-25 Radio Four has been described as the greatest broadcasting channel in the world the heartbeat of the BBC a cultural icon of Britishness and the voice of Middle England Defined by its rich mix encompassing everything from journalism and drama to comedy quizzes and short stories its programmes such as Today The Archers Woman s Hour The Hitchhiker s Guide To the Galaxy Gardeners Question Time and The Shipping Forecast have been part of British life for decades Others less successful have caused offence and prompted derision Born as it was in the Swinging Sixties Radio Four s central challenge has been to change with the times while trying not to lose faith with those who see it as a standard bearer for quality authoritativeness or simply old fashioned BBC values In this first major behind the scenes account of the station s history David Hendy a former producer for Radio Four draws on privileged access to the BBC s own archives and new interviews with key personnel to illuminate the arguments and controversies behind the creation of some of its most popular programmes He reveals the station s struggle to justify itself in a television age favouring clear branding and tightly targeted audiences with bitter disputes between the

BBC and its fiercely loyal listeners The story of these struggles is about more than the survival of one radio network Radio Four has been a lightning rod for all sorts of wider social anxieties over the past forty years A kaleidoscopic view of the changing nature of the BBC the book provides a gripping insight into the very nature of British life and culture in the last decades of the twentieth century

How Books, Reading and Subscription Libraries Defined Colonial Clubland in the British Empire Sterling Joseph Coleman, Jr.,2020-05-31 How Books Reading and Subscription Libraries Defined Colonial Clubland in the British Empire argues that within an entangled web of imperial colonial and book trade networks books reading and subscription libraries contributed to a core and peripheral criteria of clubbability used by the select people clubbable settler elite to vet the proper sort clubbable indigenous elite as they culturally economically and socially navigated their way towards membership in colonial clubland As a microcosm for British controlled areas of the Caribbean Asia and Africa this book assesses the history membership growth and collection development of three colonial subscription libraries the Penang Library in Malaysia the General Library of the Institute of Jamaica and the Lagos Library in Nigeria during the nineteenth and twentieth centuries This work also examines the places these libraries occupied within the lives of their subscribers and how the British Council reorganized these colonial subscription libraries to ensure their survival and the survival of colonial clubland in a post colonial world This book is designed to accommodate historians of Britain and its empire who are unfamiliar with library history library historians who are unfamiliar with British history and book historians who are unfamiliar with both topics

British Propaganda and News Media in the Cold War John Jenks,2006-04-19 This is a study of the British state s generation suppression and manipulation of news to further foreign policy goals during the early Cold War Bribing editors blackballing unreliable journalists creating instant media experts through provision of carefully edited inside information and exploiting the global media system to plant propaganda disguised as news around the world these were all methods used by the British to try to convince the international public of Soviet deceit and criminality and thus gain support for anti Soviet policies at home and abroad Britain s shaky international position heightened the importance of propaganda The Soviets and Americans were investing heavily in propaganda to win the hearts and minds of the world and substitute for increasingly unthinkable nuclear war The British exploited and enhanced their media power and propaganda expertise to keep up with the superpowers and preserve their own global influence at a time when British economic political and military power was sharply declining This activity directly influenced domestic media relations as officials used British media to launder foreign bound propaganda and to create the desired images of British public opinion for foreign audiences By the early 1950s censorship waned but covert propaganda had become addictive The endless tension of the Cold War normalized what had previously been abnormal state involvement in the media and led it to use similar tools against Egyptian nationalists Irish republicans and British leftists Much more recently official manipulation of news about Iraq indicates that a behind the scenes examination of state propaganda s earlier days is highly relevant John Jenks draws

heavily on recently declassified archival material for this book especially files of the Foreign Office's anti Communist Information Research Department IRD propaganda agency and the papers of key media organisations journalists politicians and officials Readers will therefore gain a greater understanding of the depth of the state's power with the media at a time when concerns about propaganda and media manipulation are once again at the fore The Anatomy of Fake News Nolan Higdon, 2020-08-04 Since the 2016 U S presidential election concerns about fake news have fostered calls for government regulation and industry intervention to mitigate the influence of false content These proposals are hindered by a lack of consensus concerning the definition of fake news or its origins Media scholar Nolan Higdon contends that expanded access to critical media literacy education grounded in a comprehensive history of fake news is a more promising solution to these issues The Anatomy of Fake News offers the first historical examination of fake news that takes as its goal the effective teaching of critical news literacy in the United States Higdon employs a critical historical media ecosystems approach to identify the producers themes purposes and influences of fake news The findings are then incorporated into an invaluable fake news detection kit This much needed resource provides a rich history and a promising set of pedagogical strategies for mitigating the pernicious influence of fake news Fay Taylour, 'The World's Wonder Girl' Stephen M. The Jazz War Will Studdert, 2017-12-11 During World War II jazz embodied everything that was appealing about a democratic society as envisioned by the Western Allied powers Labelled degenerate by Hitler's cultural apparatus jazz was adopted by the Allies to win the hearts and minds of the German public It was also used by the Nazi Minister for Propaganda Joseph Goebbels to deliver a message of Nazi cultural and military superiority When Goebbels co-opted young German and foreign musicians into Charlie and his Orchestra and broadcast their anti Allied lyrics across the English Channel jazz took centre stage in the propaganda war that accompanied World War II on the ground The Jazz War is based on the largely unheard oral testimony of the personalities behind the German and British wartime radio broadcasts and chronicles the evolving relationship between jazz music and the Axis and Allied war efforts Studdert shows how jazz both helped and hindered the Allied cause as Nazi soldiers secretly tuned in to British radio shows while London party goers danced the night away in demimonde bottle parties leading them to be branded a menace in Parliament This book will appeal to students of the history of jazz broadcasting cultural studies and the history of World War II

Ireland and the Problem of Information Damien Keane,2014-10-23 Though the work of Irish writers has been paramount in conventional accounts of literary modernism Ireland itself only rarely occupies a meaningful position in accounts of modernism s historical trajectory With an itinerary moving not simply among Dublin Belfast and London but also Paris New York Addis Ababa Rome Berlin Geneva and the world s radio receivers Ireland and the Problem of Information examines the pivotal mediations through which social knowledge was produced in the mid twentieth century Organized as a series of cross fading case studies the book argues that an expanded sphere of Irish cultural production should be read as much for what it indicates about practices of intermedial circulation and their consequences as for what it reveals about Irish writing around the time of the Second World War In this way it positions the problem of information as first and foremost an international predicament but one with particular national implications for the Irish field
