*Protest and Dissent in the Colonial Pacific* Peter J. Hemenstall, Noel Rutherford, 1984

*A Pacific Power* Matthew P. Fitzpatrick, 2025-05-19 Before the First World War Germany was a global empire with colonies in Africa Asia and the Pacific Annexed to this empire in 1900 was Samoa a thriving Polynesian trading hub which had previously been the site of conflict between Britain Germany and the United States A Pacific Power brings to light an often overlooked history of German imperialism in the Pacific Focusing on Samoa it shows the tension between German rulers and Samoan

subjects as well as the variety of ways the Germans sought to reshape the colony according to their own requirements. It looks at how Samoa became a colonial site that brought Germany into conflict not only with Britain and the United States but also China, New Zealand and the Vatican. At the same time it uncovers the social and cultural experiments of a colony that treated matters of sexuality, race and religion in often unexpected ways. Through a study of colonial conflicts and crises, *A Pacific Power* brings to light Germany's strategies of imperial rule and Samoan methods of resisting and co-opting German institutions. It investigates how German rule transformed Samoa and altered German culture and politics. It shows how Samoa brought Germany into conflict not only with Britain and the United States but also China, New Zealand and the Vatican. Laying bare the exploitative and racist nature of German colonial labour practices, it also uncovers the surprising social and cultural experiments of a colony that treated matters of sexuality, race and religion in often unexpected ways. Through careful attention to archival sources and the personal recollections of those who colonised Samoa and those who were colonised, Matthew P. Fitzpatrick reorients German imperial history towards Polynesia, emphasising the too often overlooked importance of the Pacific to German attempts to globalise their economy, culture and military reach. *The Cambridge History of the Pacific Ocean: Volume 2, The Pacific Ocean since 1800* Anne Perez Hattori, Jane Samson, 2023-01-05. Volume II of *The Cambridge History of the Pacific Ocean* focuses on the latest era of Pacific history, examining the period from 1800 to the present day. This volume discusses advances and emerging trends in the historiography of the colonial era, before outlining the main themes of the twentieth century when the idea of a Pacific-centred century emerged. It concludes by exploring how history and the past inform preparations for the emerging challenges of the future. These essays emphasise the importance of understanding how the postcolonial period shaped the modern Pacific and its historians. **Marine Tank Battles In Pacific** Oscar E. Gilbert, 2007-10-09. No previous book has been devoted to Marine Corps armor in World War II. Gilbert's gripping narrative combines exhaustive detail on Marine armor and combat with moving eyewitness accounts never before published of what it was actually like to be a Marine tanker in action in the Pacific. [Order and Agency in the Indo-Pacific](#) Delphine Allès, Christophe Jaffrelot, Patrick Köllner, 2025-07-22. This book offers several European perspectives on Indo-Pacific dynamics by a set of internationally recognized experts who have collaborated in the Franco-German Observatory of the Indo-Pacific. The observatory was established in 2021 by the Centre for International Studies (CERI) at Sciences Po Paris and the German Institute for Global and Area Studies (GIGA) Hamburg and has since come to include many scholars and institutions from both countries. The book speaks to and updates existing scholarly discussions on Indo-Pacific dynamics, investigating the nexus of ordering and agency in that strategic space. The authors take US-China strategic competition as a contextual given and explore the Indo-Pacific as an interregnum in terms of institutional dynamics and in terms of geo-narratives. The book also offers several case studies of middle and small power agency in the Indo-Pacific, examining the cases of Australia and Japan, India, the Philippines and Vietnam, and of Pacific Island Countries. A final chapter explores the perspectives of Chinese

scholars on the Indo Pacific as a strategic space      **The Indo-Pacific: Trump, China, and the New Struggle for Global Mastery** Richard Javad Heydarian, 2019-09-25 This book places the presidency of Donald Trump as well as the brewing Sino American Cold War within the broader historical context of American hegemony in Asia which traces its roots to Alfred Thayer Mahan's call for a naval build up in the Pacific the subsequent colonization of the Philippines and ultimately reaching its apotheosis after the defeat of Imperial Japan in the Second World War The book drawing on visits from Cairo to California and Perth to Pyongyang as well as interviews and exchanges with heads of state and senior officials from across the Indo Pacific provides an overview of the arc of American primacy in the region for scholars journalists and concerned citizens
