Pacific America Signed:

New Free Trade Agreements in the Asia-Pacific C. Dent, 2006-07-11 This book studies the main causes consequences and nature of the Asia Pacific s new free trade agreement FTA trend and its implications for the global economy It explores the FTA policies of the region s trade powers and offers conceptual and theoretical perspectives on the relationship between economic bilateralism and regionalism **Weekly Compilation of Presidential Documents** ,1992 *Asian Pacific*

Americans and Baseball Joel S. Franks, 2008-07-15 With the rise of stars such as Hideo Nomo Ichiro Suzuki and now Daisuke Matsuzaka fans today can easily name players from the island country of Japan Less widely known is that baseball has long been played on other Pacific islands in pre statehood Hawaii for instance and in Guam Samoa and the Philippines For the multiethnic peoples of these U S possessions the learning of baseball was actively encouraged some would argue as a means to an unabashedly colonialist end As early as the deadball era Pacific Islanders competed against each other and against mainlanders on the diamond with teams like the Hawaiian Travelers barnstorming the States winning more than they lost against college semi pro and even professional nines For those who moved to the mainland baseball eased the transition helping Asian Pacific Americans create a sense of community and purpose cross cultural borders and for a few achieve fame

Asia-Pacific Regional Security Assessment 2022 The International Institute for Strategic Studies (IISS), 2022-06-10 The Asia Pacific Regional Security Assessment examines key regional security issues relevant to the policy focused discussions of the IISS Shangri La Dialogue Asia s premier defence summit convened by the International Institute for Strategic Studies It is published each year in association with the Dialogue and the issues analysed within its covers are central to discussions at the event Among the topics explored are US Indo Pacific strategy alliances and security partnerships Chinese perspectives on regional security Taiwan s security and the possibility of conflict the continuing challenges posed by North Korea s nuclear and missile programmes the nuclear dynamics of Sino American security relations air and naval operations in the Asia Pacific Sino American technology competition Japan s competition and cooperation with China India s role in the Quadrilateral Security Dialogue Quad the evolving regional security engagement of European states and the European Union China s role as an upstream state in the Mekong sub region and the climate crisis and Asia Pacific security As this volume goes to press the war in Ukraine overshadows the international security landscape and many chapters in this volume touch on the conflict s ramifications for security in the Asia Pacific Authors include leading regional analysts and academics at the forefront of research and analysis Aidan Foster Carter James Crabtree Peter A Dutton Brian Eyler Michael Green Sheryn Lee Jeffrey G Lewis Tanvi Madan Jeffrey Mazo Ben Schreer Yun Sun Nicholas Szechenyi Brendan Taylor Ashley Townshend and Paul Triolo Annual Report on the Administration of the Territory of the Pacific Islands ,1951

Hearings United States. Congress. House. Committee on Merchant Marine and Fisheries, 1956 **Pacific America** Lon Kurashige, 2017-07-31 In recent times the Asia Pacific region has far surpassed Europe in terms of reciprocal trade with the

United States and since the 1980s immigrants from Asia entering the United States have exceeded their counterparts from Europe reversing a longstanding historical trend and making Asian Americans the country's fastest growing racial group. What does transpacific history look like if the arc of the story is extended to the present? The essays in this volume offer answers to this question, challenging current assumptions about transpacific relations. Many of these assumptions are expressed through fear that the ascendance of China threatens a U.S.-led world system and undermines domestic economies that immigrants subvert national unity and that globalization for all its transcending of international cultural and racial differences generates its own forms of prejudice and social divisions that reproduce global and national inequalities. The contributors make clear that these fears associated with and induced by pacific integration are not new. Rather, they are the most recent manifestation of international racial and cultural conflicts that have driven transpacific relations in its premodern and especially modern iterations. Pacific America differs from other books that are beginning to flesh out the transnational history of the Pacific Ocean in that it is more self-consciously a people's history. While diplomatic and economic relations are addressed, the chapters are particularly concerned with histories from the bottom up, including attention to social relations and processes, individual and group agency, racial and cultural perception, and collective memory. These perspectives are embodied in the four sections focusing on China and the early modern world, circuits of migration and trade, racism and imperialism, and the significance of Pacific islands. The last section on Pacific Islanders avoids a common failing in popular perception that focuses on both sides of the Pacific Ocean while overlooking the many islands in between. The chapters in this section take on one of the key challenges for transpacific history in connecting the migration and imperial histories of the United States, Japan, China, Korea, Vietnam, and other nations with the history of Oceania.

Multicultural America Carlos E. Cortés,2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U S Census data to examine multiculturalism today and tomorrow in America This distinction is important considering the following NPR report by Eyder Peralta Based on the first national numbers released by the Census Bureau the AP reports that minorities account for 90 percent of the total U S growth since 2000 due to immigration and higher birth rates for Latinos According to John Logan a Brown University sociologist who has analyzed most of the census figures The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations Both non Hispanic whites and blacks are getting older as a group These groups are tending to fade out he added Another demographer William H Frey with the Brookings Institution told The Washington Post that this has been a pivotal decade We re pivoting from a white black dominated American population to one that is multiracial and multicultural *Multicultural America* A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader s guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today s students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title s editors
