Pacific Passions:

Pacific Passions Patrick Holliday, 2005-09 If you have ever experienced a love so great so intense that it made all other relationships pale in comparison *Pacific Passions* is that message written from the heart This book is a collection of writings over time to the one love who could be somewhere in time Love is found wherever you want it to be by the sea in the gardens with nature within your heart or in the recesses of your memory of the one you will always love This book tells the story of a journey of ones feelings expressed over time to his one true love who perhaps one day will come to be **Pacific Passions** Frank Sherry, 1994 From the Spanish Portuguese guerrilla war for the Spice Islands to the Dutch rebellion against Spanish man time hegemony here is the race to conquer the vast remaining unknown stretches of the Earth [Pacific Passion: Book 1-3](#) Vivian Arend, 2017-08-15 **Cross Pacific Passion** Ilya; Melanie Shambat, 2010-07-30 Ilya and Melanie wrote a collection of poems to each other from the time they first read each other's work to the time Ilya came to Australia to be with Melanie **Paradise Past** Robert W. Kirk, 2012-11-08 In the 400 years from Magellan's entrance into Pacific waters to 1920 the lives of the people of the South Pacific were utterly transformed Exotic diseases from Europe and America particularly the worldwide influenza pandemic were deadly for islanders Ardent missionaries changed the belief systems and lives of nearly all Polynesians Aborigines and those Papuans and Melanesians living in areas accessible to westerners By 1920 every island and atoll in the South Seas had been claimed as a colony or protectorate of a power such as Britain France or the United States Factors aiding this imperial sweep included European outposts such as Sydney advances in maritime technology the work of missionaries a desire to profit from the area's relatively sparse resources and international rivalry that led to the scramble for colonies The coming of westerners as this book points out was not entirely negative as head hunting cannibalism chronic warfare human sacrifice and other practices were diminished but whole cultures were irreversibly changed or even eradicated **Historical Dictionary of the Discovery and Exploration of the Pacific Islands** Max Quanchi, John Robson, 2005-10-18 The South Seas as this region used to be called conjured up images of adventure belles and savages romance and fabulous fortunes but the long voyages of discovery and exploration of the vast Pacific Ocean were really an exercise in amazing logistics navigation hard grit shipwreck and pure luck The motivations were scientific and geographic but at the same time nationalistic and materialistic A series on global exploration and discovery would not be complete without this book by Quanchi and Robson It is ambitious and informative and includes the familiar names of Laperouse Bougainville Cook and Dampier as well as the intriguing stories of the Bounty Mutiny scurvy and the mysterious Northwest Passage Terra Australis Ignatia and Davis Land There are entries on first contacts ships navigational instruments mapping and botany The scene is carefully set in the introduction the chronology spans several centuries and the extensive bibliography offers a guide to further reading There are more than just dry facts in this book It has a whiff of salt air the clash of empires cross cultural beach encounters and personal adventure **Pacific Worlds** Matt K.

peopling of the Pacific and its broad impact on world history Spanning over 50 000 years of human presence in an area which comprises one third of our planet Melanesia Micronesia and Polynesia the narrative follows the development of the region from New Guinea s earliest settlement to the creation of the modern Pacific states Thoroughly revised and updated in light of the most recent scholarship the second edition includes an overview of the events and developments in the Pacific Islands over the last decade coverage of the latest archaeological discoveries several new maps an updated and expanded bibliography Steven Roger Fischer s unique text provides a highly accessible and invaluable introduction to the history of an area which is currently emerging as pivotal in international affairs A History of the Pacific Islands traces the human history of nearly one third of the globe over a fifty thousand year span This is history on a grand scale taking the islands of Melanesia Micronesia and Polynesia from prehistoric culture to the present day through a skilful interpretation of scholarship in the field Fischer s familiarity with work in archaeology and anthropology as well as in history enriches the text making this a book with wide appeal for students and general readers **Asia-Pacific Security Dynamics** S. Maritime Exploration in the Age of Discovery, 1415-1800 Ronald S. Love,2006-09-30 Despite earlier naval expeditions undertaken for reasons of diplomacy or trade it wasn't until the early 1400s that European maritime explorers established sea routes through most of the globe's inhabited regions uniting a divided earth into a single system of navigation. From the early Portuguese and Spanish quests for gold and glory to later scientific explorations of land and culture this new understanding of the world's geography created global trade built empires defined taste and alliances of power and began the journey toward the cultural political and economic globalization in which we live today. Ronald Love's engaging narrative chapters guide the reader from Marco Polo's exploration of the Mongol empire to Ferdinand Magellan's circumnavigation of the globe the search for a Northern Passage Henry Hudson's voyage to Greenland the discovery of Tahiti the perils of scurvy mutiny and warring empires and the eventual extension of Western influence into almost every corner of the globe.

Biographies and primary documents round out the work *The Pacific Reporter* ,1899 **The Pretender of Pitcairn Island** Tillman W. Nechtman,2018-09-13 Pitcairn a tiny Pacific island that was refuge to the mutineers of HMAV Bounty and home to their descendants later became the stage on which one imposter played out his influential vision for British control over the nineteenth century Pacific Ocean. Joshua W. Hill arrived on Pitcairn in 1832 and began his fraudulent half-decade rule that has until now been swept aside as an idiosyncratic moment in the larger saga of Fletcher Christian's mutiny against Captain Bligh and the mutineers' unlikely settlement of Pitcairn. Here Hill is shown instead as someone alert to the full scope and power of the British Empire to the geopolitics of international imperial competition to the ins and outs of naval command the vicissitudes of court politics and as such to Pitcairn's symbolic power for the British Empire more broadly **Research**

Handbook on the History of Political Thought Cary J. Nederman,Guillaume Bogiari,2024-06-05 This insightful Handbook reviews the key frameworks guiding political scientists and historians of political thought. Cannibals and Headhunters is set in the romantic and dangerous South Seas and illustrated with the original artwork and several maps **A Son of the Sun** Jack London,2001 Entertaining atmospheric and action filled yet difficult to obtain until now the eight short stories in Jack London's A Son of the Sun center on the thrilling exploits of Captain David Grief in the dangerous and exotic South Seas. Captain Grief encounters the adventurers scoundrels pirates and opportunists who followed the example of their colonial predecessors and exploited the islands and their resources early in the twentieth century. Inspired by London's own voyage through the South Seas on board his self-made yacht the Snark these stories paint a colorful and at times horrifying picture of the remote South Pacific. Thomas R. Tietze and Gary J. Riedl provide concise and

illuminating introductions to each story as well as informative notes The volume is enlivened by reproductions of London's own photographs and maps and by the illustrations that accompanied each story when first published **The Pacific Unitarian** ,1893 The Times Annual ,1893 *The Sea Has No End* Victor Suthren,2004-09-01 Short listed for the 2005 Ottawa Book Award for Non fiction Soldier sailor adventurer and philosopher Louis Antoine de Bougainville was a talented French officer whose remarkable career took him from the boudoirs of Paris to the flintlock battlefields of North America and on to the lush islands of the South Pacific In this lively biography author Victor Suthren follows Bougainville's career in North America during the Seven Years War and the American Revolution and his adventures in the South Seas Written with a historian's eye for detail *The Sea Has No End* is a fascinating portrait of the most stirring and dramatic events of the eighteenth century
