Paddy's Lament Ireland 1846 1847 Prelude To Hatred:

Paddy's Lament, Ireland 1846-1847 Thomas Gallagher, 1987 A shocking account of the great famine in Ireland which sheds light on a bitter hatred for England that continues there today *Party Pieces* Alan W. Friedman, 2007-10-29 Irishness has often meant self dramatization because Ireland is commonly represented and has historically represented itself as a nation of storytellers musicians and virtuoso performers Like many of their characters Joyce and Beckett were superb musicians creators of performance and they sought both to evoke and exhaust the resources and rhythms of language and performance In this groundbreaking work Alan Warren Friedman explores the rich historical and literary backgrounds of this distinctly Irish phenomenon He then explains its cultural significance and discusses the major works of both authors illustrating the diverse ways in which Ireland is enacted *Party Pieces* offers a distinct contribution to the critical study of Joyce and Beckett Unlike other books on the subject of social performance it places two great modern Irish writers within social and metaphorical conventions that are specifically moored in their Irishness In so doing the author shows how social performances not only impacted the works of Joyce and Beckett but also were central to their creative processes Meticulously researched convincingly argued and clearly written *Party Pieces* is an ideal reference for scholars of Joyce Beckett and Irish studies **Irish Writing** Paul Hyland, 1991-11-25 This is a collection of original essays by international scholars which focuses on Irish writing in English from the eighteenth century to the present The essays explore the recurrent motif of exile and the subversive potential of Irish writing in political cultural and literary terms Case studies of major writers such as Swift Joyce and Heaney are set alongside discussions of relatively unexplored writing such as radical pamphleteering in the age of the French Revolution and the contribution of women writers to Nationalistic journalism

The Great Irish Potato Famine James S Donnelly, 2002-11-01 In the century before the great famine of the late 1840s the Irish people and the poor especially became increasingly dependent on the potato for their food So when potato blight struck causing the tubers to rot in the ground they suffered a grievous loss Thus began a catastrophe in which approximately one million people lost their lives and many more left Ireland for North America changing the country forever During and after this terrible human crisis the British government was bitterly accused of not averting the disaster or offering enough aid Some even believed that the Whig government's policies were tantamount to genocide against the Irish population James Donnelly's account looks closely at the political and social consequences of the great Irish potato famine and explores the way that natural disasters and government responses to them can alter the destiny of nations *Cultural Heritage and Human Rights* Helaine Silverman, D. Fairchild Ruggles, 2008-10-14 Is there a universal right to the free expression and preservation of cultural heritage and if so where is that right articulated and how can it be protected No corner of today's world has escaped the effects of globalization for better or worse This volume addresses a deeply political aspect of heritage preservation and management as it relates to human rights *The National Question* Berch Berberoglu, 2009 This volume

examines the volatile nature and complex dynamics of national movements and ethnic conflict around the world **The Famine Plot** Tim Pat Coogan, 2012-11-27 During a Biblical seven years in the middle of the nineteenth century Ireland experienced the worst disaster a nation could suffer Fully a quarter of its citizens either perished from starvation or emigrated with so many dying en route that it was said you can walk dry shod to America on their bodies In this grand sweeping narrative Ireland's best known historian Tim Pat Coogan gives a fresh and comprehensive account of one of the darkest chapters in world history arguing that Britain was in large part responsible for the extent of the national tragedy and in fact engineered the food shortage in one of the earliest cases of ethnic cleansing So strong was anti Irish sentiment in the mainland that the English parliament referred to the famine as God's lesson Drawing on recently uncovered sources and with the sharp eye of a seasoned historian Coogan delivers fresh insights into the famine's causes recounts its unspeakable events and delves into the legacy of the famine mentality that followed immigrants across the Atlantic to the shores of the United States and had lasting effects on the population left behind This is a broad magisterial history of a tragedy that shook the nineteenth century and still impacts the worldwide Irish diaspora of nearly 80 million people today *Loss* David L. Eng, David Kazanjian, 2003 If catastrophe is not representable according to the narrative explanations which would make sense of history then making sense of ourselves and charting the future are not impossible But we are as it were marked for life and that mark is insuperable irrecoverable It becomes the condition by which life is risked by which the question of whether one can move and with whom and in what way is framed and incited by the irreversibility of loss itself Judith Butler from the Afterword *Loss* is a wonderful volume powerful and important deeply moving and intellectually challenging at the same time ethical and not moralistic It is one of those rare collections that work as a multifaceted whole to map new areas for inquiry and pose new questions I found myself educated and provoked by the experience of participating in an ongoing dialogue Amy Kaplan author of *The Anarchy of Empire in the Making of U S Culture* **Ireland and Empire** Stephen Howe, 2000 Many analyses of Ireland's past and present are couched in colonial terms For some it is the only framework for understanding Ireland Others reject the label This study evaluates and analyzes the situation [Ireland's Great Famine in Irish-American History](#) Mary Kelly, 2013-11-18 Ireland's Great Famine in Irish American History Enshrining a Fateful Memory offers a new concise interpretation of the history of the Irish in America Author and distinguished professor Mary Kelly's book is the first synthesized volume to track Ireland's Great Famine within America's immigrant history and to consider the impact of the Famine on Irish ethnic identity between the mid 1800s and the end of the twentieth century Moving beyond traditional emphases on Irish American cornerstones such as church party and education the book maps the Famine's legacy over a century and a half of settlement and assimilation This is the first attempt to contextualize a painful memory that has endured fitfully and unquestionably throughout Irish American historical experience [Immigrants on the Land](#) George E. Pozzetta, 1991 First published in 1991 Routledge is an imprint of Taylor Francis an informa company **Unhappy the Land**

Liam Kennedy, 2015-10-26 In *Unhappy the Land* Liam Kennedy poses fundamental questions about the social and political history of Ireland and challenges cherished notions of a uniquely painful past. Images of tragedy and victimhood are deeply embedded in the national consciousness yet when the Irish experience is viewed in the larger European context a different perspective emerges. The author's dissection of some pivotal episodes in Irish history serves to explode commonplace assumptions about oppression, victimhood and a fate said to be comparable only to that of the Jews. Was the catastrophe of the Great Famine really an Irish Holocaust? Was the Ulster Covenant anything other than a battle cry for ethnic conflict? Was the Proclamation of the Irish Republic a means of texting terror? And who fears to speak of an Irish War of Independence shorn of its heroic pretensions? Kennedy argues that the privileging of the gun, the drum and the flag above social concerns and individual liberties gave rise to disastrous consequences for generations of Irish people. Ireland might well be a land of heroes from C. Chulainn to Michael Collins but it is also worth pondering Bertolt Brecht's warning: 'Unhappy the land that is in need of heroes'.

Special Sorrows Matthew Frye Jacobson, 2002-05-21 *Special Sorrows* carefully delineates the centrality of Jewish, Polish and Irish supporters in the United States to national liberation movements abroad and details how such movements shaped immigrant life in the United States.

To Ride a White Horse Pamela Ford, 2015-01-03 A sweeping historical love story that hits all the marks. Publisher's Weekly starred review: 'Your feet will bring you to where your heart is.' Ireland 1846. With Ireland ravaged by famine and England unsympathetic to its plight, Kathleen Deacey faces a devastating choice: leave her country to find work or risk dying there. Despising the English for refusing to help Ireland, she crosses the ocean to support her family and search for her missing fiancé. But when her voyage goes awry, she must accept help from an English whaling captain, Jack Montgomery, who represents everything she despises and with whom she is reluctantly falling in love. As Kathleen fights to save her family in Ireland, she finds herself facing yet another devastating choice: remain loyal to her country or follow her heart. Award-winning author Pamela Ford captures the anguish of a devastating period in Irish history and delivers an historical saga of hope, loyalty, the strength of the human spirit and the power of love.
