Pagan Rome And The Early Christians:

Pagan Rome and the Early Christians Stephen Benko, 1986-07-22 In the early Roman empire Christians were seen by pagans as overthrowers of ancient gods and destroyers of the prevailing social order Allegations that Christians recognized each other by secret marks met at night and made love to one another indiscriminately worshipped the head of an ass and the genitals of their high priests and ate children were widely believed In examining these charges and the Christian response to them Benko has provided a persuasively argued and refreshing if controversial perspective on the confrontation of the pagan and early Christian worlds book cover

Pagan Rome and the Early Christians Stephen Benko, 1985 As perceived by the average Roman citizen the early rites and behavior of Christians laid them open to charges of cannibalism immorality and the practice of magic and conspiring and fomenting rebellion against the state The early church fathers rejected these accusations and portrayed pagans as victims of misinformation or perpetrators of ill will Benko proposes to give the pagans the benefit of the doubt and analyzes their charges against Christianity under the premise that they may have been right within the context of the times He has provided a persuasively argued and refreshing if controversial perspective on the confrontation of the pagan and early Christian worlds

Pagan Rome and the Early Christians Stephen Benko, 1984 **The Early Christians in Rome** Henry Donald Maurice Spence-Jones, 1911 **The Routledge Companion to Early Christian Thought** D. Jeffrey Bingham, 2009-12-15 The shape and course which Christian thought has taken over its history is largely due to the contributions of individuals and communities in the second and third centuries Bringing together a remarkable team of distinguished scholars The Routledge Companion to Early Christian Thought is the ideal companion for those seeking to understand the way in which Early Christian thought developed within its broader cultural milieu and was communicated through its literature especially as it was directed toward theological concerns Divided into three parts the Companion asks how Christianity's development was impacted by its interaction with cultural philosophical and religious elements within the broader context of the second and third centuries examines the way in which Early Christian thought was manifest in key individuals and literature in these centuries analyses Early Christian thought as it was directed toward theological concerns such as God Christ Redemption Scripture and the community and its worship

Early Christian Families in Context David L. Balch, Carolyn Osiek, 2003 Typical studies of marriage and family in the early Christian period focus on very limited evidence found in Scripture This interdisciplinary book offers a broader richer picture of the first Christian families by drawing together research by experts ranging from archaeologists to ancient historians By exploring the nature of households in the ancient Greco Roman world the contributors assemble a new understanding of ancient Christian families that is both compelling and instructive Divided into six parts the book covers key aspects of ancient family life from meals and child rearing to women's roles and the lives of slaves Three concluding chapters explore the implications of all this information for theological education today Contributors David L Balch Suzanne Dixon J Albert Harrill

Roman Virtue in the Early Christian Thought of Lactantius Jason M. Gehrke, 2025 Known since the Renaissance as the Christian Cicero Lucius Caecilius Firmianus Lactantius d 324 A D was a professor of Latin rhetoric Christian apologist and theologian at Constantine's court Writing in response to Diocletian's persecution he attempted a complete synthesis of third century Latin Christian thinking about theology ethics and political order This work explores the character and quality of that synthesis in his major work *The Divine Institutes of the Christian Religion* by focusing on the core notion of *virtus* The early chapters explore the socio political Chapter 1 and philosophical traditions that informed arguments about *virtus* in classical Roman Chapter 2 and early Latin Christian writers especially Tertullian Minucius Felix and Cyprian Chapter 3 **Jewish Responses to Early Christians** Claudia Setzer, 1994-11-01 What were Jews saying and doing about the followers of Jesus in the first two centuries In this provocative and comprehensive study Claudia Setzer argues persuasively that Jews saw the early followers of Jesus as Jews for some time after the Christians viewed themselves as separate from the larger Jewish communities This book provides historical context and nuanced exegesis of texts that continue to be trouble spots in Jewish Christian relations It illuminates the diverse strands of early anti Judaism while providing the reader with some surprises

Christian and Pagan in the Roman Empire Tertullian, 2001-09 In this volume Robert D Sider undertakes a judicious pruning of the original texts and brings a fresh accessibility to the important writings of Tertullian **The Social Structure of the Early Christian Communities** Dimitris Kyrtatas, 2020-05-05 The Social Structure of the Early Christian Communities deals with a small number of topics which in one way or another have long attracted the attention of students of early Christianity Above all it is an attempt to investigate the social origins and the social positions of the early Christians Recent studies are arriving at the conclusion contrary to long held views that the primitive Christian communities those which emerge after the first chapters of Acts did not consist of the dregs of the populace However in spite of the important work which is being done on the subject few of the recent books concerned with such sociological issues go far beyond the New Testament age What still requires investigation is the composition of the early communities from the first years of the mission to the Gentiles down to the age of Constantine when large sections of the population from all social classes started joining the Christian churches **The Treasure Chest of the Early Christians** David Batson, 2001 **The Early Christian World** Philip Francis Esler, 2004 The Early Christian World presents an exhaustive erudite and illustrated treatment of how the small movement which formed around Jesus in Galilee became the pre eminent religion of the ancient world *Early Christians Adapting to the Roman Empire* Niko Huttunen, 2020-03-31 In *Early Christians Adapting to the Roman Empire* Mutual Recognition Niko Huttunen challenges the interpretation of early Christian texts as anti imperial documents He presents examples of the positive relationship between early Christians and the Roman society With the

concept of recognition Huttunen describes a situation in which the parties can come to terms with each other without full agreement Huttunen provides examples of non Christian philosophers recognizing early Christians He claims that recognition was a response to Christians who presented themselves as philosophers Huttunen reads Romans 13 as a part of the ancient tradition of the law of the stronger His pioneering study on early Christian soldiers uncovers the practical dimension of recognizing the empire
