more complex and take longer than others they all are set up in the same structure Each begins with the central project driving questions proceeds through research and supportive questions has the student choose a presentation option and ends with a broader view inquiry Rubrics for reflection and assessments are included too This consistent framework will make it easier for you assign projects and for your students to follow along and consistently meet expectations Encourage your students to take charge of their projects as much as possible As a teacher you can act as a facilitator and guide The projects are structured such that students can often work through the process on their own or through cooperation with their classmates
