Paine Selected Writings From Rights Of Man And Other Works:

Selected Writings of Thomas Paine Thomas Paine, 2014-11-25 A central figure in Western history and American political thought Thomas Paine continues to provoke debate among politicians activists and scholars People of all ideological stripes are inspired by his trenchant defense of the rights and good sense of ordinary individuals and his penetrating critiques of arbitrary power This volume contains Paine's explosive *Common Sense* in its entirety including the oft ignored Appendix as well as selections from his other major writings *The American Crisis* *Rights of Man* and *The Age of Reason* It also contains several of Paine's shorter essays All the documents have been transcribed directly from the originals making this edition the most reliable one available Essays by Ian Shapiro Jonathan Clark Jane Calvert and Eileen Hunt Botting bring Paine into sharp focus illuminating his place in the tumultuous decades surrounding the American and French Revolutions and his larger historical legacy

William Cobbett: Selected Writings Vol 1 Leonora Nattrass, James Epstein, 2021-03-24 William Cobbett 1763-1835 was a prolific writer best known as the anti-Radical founder of Cobbett's Political Register which ran from 1802-35 This collection of his writings presents the texts fully reset and annotated with biographical and analytical introductions Volume 1 Early writings 1792-1800

William Cobbett: Selected Writings Leonora Nattrass, 2021-05-19 William Cobbett 1763-1835 was a prolific writer best known as the anti-Radical founder of Cobbett's Political Register which ran from 1802-35 This collection of his writings presents the texts fully reset and annotated with biographical and analytical introductions

The Oxford Handbook of British Romantic Prose Robert Morrison, 2024 The Oxford Handbook of British Romantic Prose is a full-length essay collection devoted entirely to British Romantic nonfiction prose Organized into eight parts each containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers

Encyclopedia of the Essay Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages

in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies

The Political Thought of Thomas Spence Matilde Cazzola, 2021-11-18 The book is an intellectual analysis of the political ideas of English radical thinker Thomas Spence 1750 1814 who was renowned for his Plan a proposal for the abolition of private landownership and the replacement of state institutions with a decentralized parochial organization This system would be realized by means of the revolution of the swinish multitude the poor labouring class despised by Edmund Burke and adopted by Spence as his privileged political interlocutor While he has long been considered an eccentric and anachronistic figure the book sets out to demonstrate that Spence was a deeply original thoroughly modern thinker who translated his themes into a popular language addressing the multitude and publicized his Plan through chapbooks tokens and songs The book is therefore a history of Spence's political thought from below designed to decode the subtle complexity of his Plan It also shows that the Plan featured an excoriating critique of colonialism and slavery as well as a project of global emancipation By virtue of its transnational scope the Plan made landfall in the British West Indies a few years after Spence's death Indeed Spencean ideas were intellectually implicated in the largest slave revolt in the history of Barbados

The Collected Works Thomas Paine, 2022-11-13 The Collected Works of Thomas Paine offers an insightful compilation of his most influential writings including essays pamphlets and letters that encapsulate the revolutionary fervor of the late 18th century Paine's literary style is characterized by its clarity and persuasive eloquence employing rhetorical devices that engage and mobilize the reader towards democratic ideals and social justice Within this context Paine deftly addresses themes such as individual rights governance and the critique of monarchy serving as a cornerstone of Enlightenment thought and American political philosophy particularly in works like Common Sense and The Rights of Man Thomas Paine often hailed as a founding father of the United States was not only a political pamphleteer but also a radical thinker whose early life experiences in England shaped his commitment to liberty and egalitarianism His background as a corset maker and experience in diverse vocational roles highlight his empathetic understanding of the common man which deeply informed his revolutionary arguments Paine's ability to synthesize complex philosophical ideas into accessible language made him a pivotal figure in both the American and French revolutions cementing his legacy as a champion of democratic ideals Readers seeking to understand the intellectual underpinnings of modern democracy will find The Collected Works both enlightening and inspiring Paine's unwavering advocacy for freedom and social justice resonates powerfully in contemporary discussions of civil rights and government accountability This volume serves as an essential resource for students and enthusiasts of history politics and philosophy urging them to reflect on the enduring relevance of Paine's vision

Selected Writings of Thomas

Paine Thomas Paine,2013-10-01 Selected Writings of Thomas Paine Including Common Sense and the Crisis 1 or These are the things that try men s soul contain the full texts of these Common Core State Standards non fiction reading selections These founding documents were presented to the American colonists with an argument for freedom from the British crown at a time when the question of whether or not to seek independence was the most pressing topic of the day **Selected Essays of William Hazlitt 1778 to 1830** Geoffrey Keynes,2013-04-18 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork **The Democratic Sublime** Jason A. Frank,2021 The transition from royal to popular sovereignty during the age of democratic revolutions from 1776 to 1848 entailed not only the reorganization of institutions of governance and norms of political legitimacy but also a dramatic transformation in the iconography and symbolism of political power The personal and external rule of the king whose body was the physical locus of political authority was replaced with the impersonal and immanent self rule of the people whose power could not be incontestably embodied This posed representational difficulties that went beyond questions of institutionalization and law extending into the aesthetic realm of visualization composition and form How to make the people s sovereign will tangible to popular judgment was and is a crucial problem of democratic political aesthetics The Democratic Sublime offers an interdisciplinary exploration of how the revolutionary proliferation of popular assemblies crowds demonstrations gatherings of the people out of doors came to be central to the political aesthetics of democracy during the age of democratic revolutions Jason Frank argues that popular assemblies allowed the people to manifest as a collective actor capable of enacting dramatic political reforms and change Moreover Frank asserts that popular assemblies became privileged sites of democratic representation as they claimed to support the voice of the people while also signaling the material plenitude beyond any single representational claim Popular assemblies continue to retain this power in part because they embody that which escapes representational capture they disrupt the representational space of appearance and draw their power from the ineffability and resistant materiality of the people s will Engaging with a wide range of sources from canonical political theorists Rousseau Burke and Tocqueville to the novels of Hugo the visual culture of the barricades and the memoirs of popular insurgents The Democratic Sublime demonstrates how making the people s sovereign will tangible to popular judgment became a central dilemma of modern democracy and how it remains so today *Perspectives on English Revolutionary Republicanism* Dirk Wiemann,2016-05-13 Perspectives on English Revolutionary Republicanism takes stock of developments in the scholarship of seventeenth century English republicanism by looking at the movements and schools of thought that have shaped the field over the decades the linguistic turn the cultural turn and the religious turn While scholars of seventeenth century republicanism share their enthusiasm for their field they have approached their subject in diverse ways The contributors to the present volume have taken the opportunity to bring these approaches together in a number of

case studies covering republican language republican literary and political culture and republican religion to paint a lively picture of the state of the art in republican scholarship The volume begins with three chapters influenced by the theory and methodology of the linguistic turn before moving on to address cultural history approaches to English republicanism including both literary culture and practical political culture The final section of the volume looks at how religion intersected with ideas of republican thought Taken together the essays demonstrate the vitality and diversity of what was once regarded as a narrow topic of political research

Catalogue of Printed Books British Museum. Department of Printed Books,1903

The Broadview Anthology of Literature of the Revolutionary Period 1770-1832 ,2010

The Oxford Handbook of the U.S. Constitution Mark Tushnet,Mark A. Graber,Sanford Levinson,2015-07-31 The Oxford Handbook of the U S Constitution offers a comprehensive overview and introduction to the U S Constitution from the perspectives of history political science law rights and constitutional themes while focusing on its development structures rights and role in the U S political system and culture This Handbook enables readers within and beyond the U S to develop a critical comprehension of the literature on the Constitution along with accessible and up to date analysis The historical essays included in this Handbook cover the Constitution from 1620 right through the Reagan Revolution to the present Essays on political science detail how contemporary citizens in the United States rely extensively on political parties interest groups and bureaucrats to operate a constitution designed to prevent the rise of parties interest group politics and an entrenched bureaucracy The essays on law explore how contemporary citizens appear to expect and accept the exertions of power by a Supreme Court whose members are increasingly disconnected from the world of practical politics Essays on rights discuss how contemporary citizens living in a diverse multi racial society seek guidance on the meaning of liberty and equality from a Constitution designed for a society in which all politically relevant persons shared the same race gender religion and ethnicity Lastly the essays on themes explain how in a globalized world people living in the United States can continue to be governed by a constitution originally meant for a society geographically separated from the rest of the civilized world Whether a return to the pristine constitutional institutions of the founding or a translation of these constitutional norms in the present is possible remains the central challenge of U S constitutionalism today

Nature's God: The Heretical Origins of the American Republic Matthew Stewart,2014-07-01 Longlisted for the National Book Award Where did the ideas come from that became the cornerstone of American democracy America s founders intended to liberate us not just from one king but from the ghostly tyranny of supernatural religion Drawing deeply on the study of European philosophy Matthew Stewart brilliantly tracks the ancient pagan and continental ideas from which America s revolutionaries drew their inspiration In the writings of Spinoza Lucretius and other great philosophers Stewart recovers the true meanings of Nature s God the pursuit of happiness and the radical political theory with which the American experiment in self government began

The "S" Word John Nichols,2011-03-21 During the Cold War it became a dirty word in the United States but socialism

runs like a red thread through the nation's history an integral part of its political consciousness since the founding of the republic In this unapologetic corrective to today's collective amnesia John Nichols calls for the proud return of socialism in American life He recalls the reforms lauded by Founding Father Tom Paine the presence of Karl Marx's journalism in American letters the left leanings of founders of the Republican Party the socialist politics of Helen Keller the progressive legacy of figures like Chaplin and Einstein Now in an updated edition *The S Word* makes a case for socialist ideas as an indispensable part of American heritage A new final chapter considers the recent signs of a leftward sea change in American politics in the face of increasing and historic levels of inequality Today corporations like other rich individuals pay fewer taxes than they did in the 1950s while our infrastructure crumbles and the seas rise *The S Word* addresses a nation that can no longer afford to put capital before people

The Divine Right of Capital Marjorie Kelly, 2003-01-09 Why wealth bias is a holdover from a pre-democratic past and how to restore a healthier balance of power Thought provoking well documented and readable Library Journal Wealth inequality corporate welfare and industrial pollution are symptoms the fevers and chills of the economy The underlying illness says Business Ethics magazine founder Marjorie Kelly is shareholder primacy the corporate drive to make profits for shareholders no matter who pays the cost In *The Divine Right of Capital* Kelly argues that focusing on the interests of stockholders to the exclusion of everyone else's interests is a form of discrimination based on property or wealth She shows how this bias is held by our institutional structures much as they once held biases against African Americans and women *The Divine Right of Capital* exposes six aristocratic principles that corporations are built on principles that we would never accept in our modern democratic society but which we accept unquestioningly in our economy Wealth bias is a holdover from our pre-democratic past It has enabled shareholders to become a kind of economic aristocracy Kelly shows how to design more equitable alternatives new property rights new forms of corporate governance new ways of looking at corporate performance that build on both free market and democratic principles We think of shareholder primacy as the natural law of the free market much as our forebears thought of monarchy as the most natural form of government But in *The Divine Right of Capital* Kelly brilliantly demonstrates that it is no more natural than any other human creation People designed this system and people can change it We need a change of mind as profound as that of the American Revolution and this book provides practical guidance to help employees and communities change corporate governance and unfetter the genius of the free market

Revolutionary Characters Gordon S. Wood, 2006-05-18 In this brilliantly illuminating group portrait of the men who came to be known as the Founding Fathers the incomparable Gordon Wood has written a book that seriously asks What made these men great and shows us among many other things just how much character did in fact matter The life of each Washington Adams Jefferson Franklin Hamilton Madison Paine is presented individually as well as collectively but the thread that binds these portraits together is the idea of character as a lived reality They were members of the first generation in history that was self-consciously self-made men who understood

that the arc of lives as of nations is one of moral progress

Handbook of the History of the Philosophy of Law and Social Philosophy Gianfrancesco Zanetti, Mortimer Sellers, Stephan Kirste, 2023-04-03 This Handbook discusses representative philosophers in the history of the philosophy of law and social philosophy giving clear concise expert definitions and explanations of key personalities and their ideas It provides an essential reference for experts and newcomers alike

Thomas Paine: Collected Writings (LOA #76) Thomas Paine, 1995-03-01 Thomas Paine was the impassioned democratic voice of the Age of Revolution and this volume brings together his best known works Common Sense The American Crisis Rights of Man The Age of Reason along with a selection of letters articles and pamphlets that emphasizes Paine's American years I know not whether any man in the world wrote John Adams in 1805 has had more influence on its inhabitants or affairs for the last thirty years than Tom Paine The impassioned democratic voice of the Age of Revolution Paine wrote for his mass audience with vigor clarity and common sense This Library of America volume is the first major new edition of his work in 50 years and the most comprehensive single volume collection of his writings available Paine came to America in 1774 at age 37 after a life of obscurity and failure in England Within fourteen months he published Common Sense the most influential pamphlet for the American Revolution and began a career that would see him prosecuted in England imprisoned and nearly executed in France and hailed and reviled in the American nation he helped create In Common Sense Paine set forth an inspiring vision of an independent America as an asylum for freedom and an example of popular self government in a world oppressed by despotism and hereditary privilege The American Crisis begun during the times that try men's souls in 1776 is a masterpiece of popular pamphleteering in which Paine vividly reports current developments taunts and ridicules British adversaries and enjoins his readers to remember the immense stakes of their struggle Among the many other items included in the volume are the combative Forester letters written in a reply to a Tory critic of Common Sense and several pieces concerning the French Revolution including an incisive argument against executing Louis XVI Rights of Man 1791 1792 written in response to Edmund Burke's attacks on the French Revolution is a bold vision of an egalitarian society founded on natural rights and unbound by tradition Paine's detailed proposal for government assistance to the poor inspired generations of subsequent radicals and reformers The Age of Reason 1794 1795 Paine's most controversial work is an unrestrained assault on the authority of the Bible and a fervent defense of the benevolent God of deism Included in this volume are a detailed chronology of Paine's life informative notes an essay on the complex printing history of Paine's work and an index LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries
