Paintings Of Maine:

Paintings of Maine Arnold Skolnick, 1991 Nearly every prominent American landscape artist has worked in Maine Eighty memorable masterpieces by such artists Edward Hopper Winslow Homer Marsden Hartley Childe Hassam the Wyeths are collected here **Marsden Hartley's Maine** Donna M. Cassidy, Elizabeth Finch, Randall R. Griffey, 2017-03-13 Marsden Hartley had a lifelong personal and aesthetic engagement with Maine where he was born in 1877 and where he died at age sixty six As an important member of the artistic circle promoted by Alfred Stieglitz Hartley began his career by painting the mountains of western Maine He subsequently led a peripatetic life traveling throughout Europe and North America and only occasionally visiting his native state By midlife however his itinerant existence had taken an emotional toll and he confided to Stieglitz that he wanted so earnestly a place to be Finally returning to the state in his later years he transformed his identity from urbane sophisticate to the painter from Maine But while Maine has played a clear and defining role in Hartley's art not until now has this relationship been studied with the breadth and richness it warrants p 1 margin 0 0px 0 0px 0 0px font 14 0px Verdana Marsden Hartley's Maine is the first in depth discussion of Hartley's complex and shifting relationship to his native state Illustrated with works from throughout the painter's career it provides a nuanced understanding of Hartley's artistic range from the exhilarating Post Impressionist landscapes of his early years to the late roughly rendered paintings of Maine and its people The absorbing essays examine Hartley's view of Maine as a place of light and darkness whose spirit imbued his art which encompassed buoyant coastal views mournful mountain vistas and portraits of Mainers An illustrated chronology provides an overview of Hartley's life juxtaposing major personal incidents with concurrent events in Maine's history For Hartley who was strongly influenced by such artists as Paul C zanne Winslow Homer and Albert Pinkham Ryder Maine was an enduring source of inspiration one powerfully intertwined with his past his cultural milieu and his desire to create a regional expression of American modernism Catalogue Robert V. V. Sewell, Amanda Brewster Sewell, 1913

The Art of Maine in Winter Carl Little, 2002-01 The Art of Maine in Winter presents more than eighty works by the finest American painters who capture the beauty of winter in Maine Winslow Homer and Rockwell Kent for example stayed well into the winter creating some of the most memorable images of Maine ever made Snow on a meadow ice blocks in a bay frozen winter streams sea smoke hovering over the ocean and houses becoming gingerbread fantasies after a snowstorm these are the glories of winter in Maine that have inspired artists for almost two hundred years *Folk Art in Maine* Kevin D. Murphy, 2008-05-06 Folk art proves that producing utilitarian objects can provide an opportunity for self expression From decoys to sea chests folk art is not only rooted in the useful but in the realities of living Some folk art makes daily chores more fun while others such as mourning art help people face life's saddest occasions This volume is an introduction for the novice and a treasure for the collector **Paintings of the Maine Coast and Other Oils** A. J. Bogdanove, William A. Farnsworth Library and Art Museum, 1957 The Artist's Mount Desert John Wilmerding, 1995-05 In a panoramic narrative

John Wilmerding has brought together individual studies of the artists who painted Mount Desert Island off the Maine coast in the nineteenth and early twentieth centuries Wilmerding demonstrates that Mount Desert has had an enduring appeal for artists and visitors much like other great sites of national geography such as Yosemite Yellowstone and Niagara Falls This coastal region of the northeast captured the imaginations of several generations of American painters and each generation attached its own meaning to the island These changing meanings reveal both the history of American landscape painting as well as cultural concerns of each era As Wilmerding states Part of the island s continuing allure is that a fixed point of geography can inspire such diverse visual responses and stylistic treatments as the romantic realism of the early Hudson River painters the crystalline luminism of artists in the middle of the nineteenth century the variants of Impressionism practiced at century s end and the new modes of representation in the twentieth approaching aspects of abstraction The figures most central to this chronology are the pioneers Thomas Doughty Alvan Fisher and Thomas Cole who generalized and romanticized nature in their visits of the 1830s and 1840s Fitz Hugh Lane in the 1850s and Frederic Edwin Church in the 1850s and 1860s Each drew and painted extensively at Mount Desert In particular they recorded the northern sunsets in forms that made Americans give serious thought to the significance of their country s geography and its destiny Other artists among them William Stanley Haseltine Sanford Gifford John Marin Marsden Hartley and more recently Richard Estes continued to come to Mount Desert and to find in its light air and rock formations the kind of scenery that inspired a rich diversity of visual expressions

Looking Astern Loretta Krupinski, 2010-04-01 Nationally recognized maritime artist Loretta Krupinski s meticulously rendered oil paintings show fascinating details of Maine s waterfront towns in their heyday when fishing quarrying and the cargo trade were the backbone of the coastal economy Historic photographs and text about how Maine people made their living 70 to 150 years ago round out this rich and varied portrayal of a past way of life

Wendy Turner Wendy Turner, 2016-04-01 Wendy Turner s paintings of the Maine and New Hampshire coast from the Schoodic Point to the Isles of Shoals done over a period of thirty five years demonstrate the range and talent of this artist who lives and works in Kittery Point Maine While often based on the plants water rocks sky and sea life of the Seacoast in terms of their subject matter her watercolor and oil paintings have an ineffable quality that elevates them from depictions of nature to transcendent and sublime works of art This book follows her work through various transitions in her career starting with her delicate watercolor images of tide pools Over time her focus moved from images taken along the beach to beautiful garden studies and then moving on to her large tour de force rock and wave paintings For the last ten years oils have been Turner s primary medium and her technique has taken on a looser more direct style While still focusing on her first love the edge of the ocean her newer work balances realism with a love for abstract shapes and energetic brushstrokes Turner s close up studies of rocks and reflections show the quiet more reflective side of the coast in

contrast to her larger dynamic rock and water images Other works include macro views of colorful lobster pots The focus on texture and detail turns a common object into an interestingly abstract and fascinating image A goal Turner has for her paintings in this image overloaded world is to transport the viewers to hold their minds and attention for a moment of calm before moving on Turner s career is explored here in an essay by the noted art historian Carl Little and in more personal reflections by Catherine Armsden and Mekeel McBride Illustrated with more than one hundred color plates Wendy Turner Island Light published to accompany a major exhibition held at Discover Portsmouth in the summer of 2016 is the first monograph on this important American artist s career **An Eye for Maine** ,1994 **Philip Barter** Carl Little,2017 Philip Barter Forever Maine highlights a choice selection of masterful works that reflect Barter s increasingly abstract inclinations in depicting Maine landscapes from the coastal estuaries and blueberry barrens of Washington and Hancock counties to the western mountains and lakes and north to Hartley s iconic Mount Katahdin Barter also explored the world beyond Maine painting in Spain Newfoundland Greenland the American Southwest and elsewhere employing a palette as bold as his vision of his surroundings Of his narrative paintings Barter says The narratives I paint are historical documents of the characters of Maine and the places they frequent a roguishly independent people whom I seek out and try to be with and who make this place I know the one of a kind place it is forever Maine **Painting Maine** Connie Hayes,Carl Little,2004-01-01
