Pakistan Husain Haqqānī, 2005 This book analyzes the origins of the relationships between Islamist groups and Pakistan's military and explores Pakistan's quest for identity and security Tracing how the Pakistani military has sought U.S. support by making itself useful for concerns of the moment author Husain Haqqani offers an alternative view of political developments in Pakistan since the country's independence in 1947 Provided by publisher

Pakistan Husain Haqqani, 2010-03-10 Among U.S. allies in the war against terrorism Pakistan cannot be easily characterized as either friend or foe Nuclear armed Pakistan is an important center of radical Islamic ideas and groups Since 9/11 the selective cooperation of president General Pervez Musharraf in sharing intelligence with the United States and apprehending al Qaeda members has led to the assumption that Pakistan might be ready to give up its longstanding ties with radical Islam But Pakistan's status as an Islamic ideological state is closely linked with the Pakistani elite's worldview and the praetorian ambitions of its military This book analyzes the origins of the relationships between Islamist groups and Pakistan's military and explores the nation's quest for identity and security Tracing how the military has sought U.S. support by making itself useful for concerns of the moment while continuing to strengthen the mosque military alliance within Pakistan Haqqani offers an alternative view of political developments since the country's independence in 1947

The Military Factor in Pakistan Ravi Shekhar Narain Singh Singh, 2008 Pakistan's politics governance institutional capacities internal and external security and the nation building process are at a critical juncture The stance of the military thus will be a critical factor in determining the future course of Pakistan Under the prevailing scenario in the country any elected government would need to reestablish the viability and vitality of the state Should it fail the army would be compelled to intervene to save the country from falling apart For an objective and in depth analysis as to how Pakistan has arrived at this critical juncture it is important to delve into the personalities and processes that have shaped the destiny of the country The future of Pakistan is dependent on the flux and interplay of the internal and external processes and compulsions This book therefore traces the military underpinnings in the political geopolitical strategic economic religious sociological and sectarian journey that Pakistan has made over the last sixty years

Control in Pakistan Mazhar Aziz, 2007-10-24 This volume examines the role of the military the most influential actor in Pakistan and challenges conventional wisdom on the causes of political instability in this geographically important nuclear state It rejects views that ethnic and religious cleavages and perceived economic or political mismanagement by civilian governments triggers military intervention in Pakistan The study argues instead that the military intervenes to remove civilian governments where the latter are perceived to be undermining the military's institutional interests Mazhar Aziz

shows that the Pakistani military has become a parallel state and given the extent of its influence will continue to define the nature of governance within the polity Overall Military Control in Pakistan is a timely reminder and an important resource for both scholars and policy makers clearly demonstrating the need to refocus attention on the problem of an influential military whilst drawing appropriate conclusions about issues ranging from democratic norms political representation and civilian military relations
