

Pakistan: Political Roots and Development 1947-1999

Safdar Mahmood

The focus of the book is on Pakistan's political history. With a chapter on the establishment of Pakistan as a backgrounder, the book thoroughly examines constitution-making and the characteristic features of various constitutions and why and how these did not work effectively. It analyses the working of the military governments of Ayub Khan, Yahya Khan, and Ziaul Haq as well as the working of the elected civil governments after Pakistan's return to civilian rule in 1985. It also analyses the programmes and functioning of various political parties along with their election performance and leadership. The book critically examines the genesis, functioning and causes for the periodic breakdown of the democratic process in Pakistan. It offers a concise analytical statement on the major aspects of Pakistan's history, constitution-making, political parties and the democratic process and foreign policy. No other single volume covers such a long period of history, examining a variety of subjects and issues.

Safdar Mahmood holds a Ph.D. from Punjab University in Political Science and a Diploma in Personnel Management from Oxford University. A member of the Central Superior Services of the Government of Pakistan, he has held leading positions in the provincial and federal governments, including Secretary, Ministry of Education, and Ministry of Information and Broadcasting, and Federal Secretary Ministry of Religious Affairs.

... has several original aspects. The author offers a succinct analysis of the major political events, entities, constitutions, and processes. It's a kind of a capsule of information and data, giving an excellent introduction to Pakistan's political history and foreign policy.
