This second edition offers several new grammar points and suggestions for further reading. A brand new component of this edition is its accompanying website featuring extensive activities and exercises covering all the main topics in the textbook. The website also provides comprehensive practice with grammatical structures. Written in Spanish, the textbook offers a review of Spanish grammar by presenting documented variants of linguistic features in the speech of Spanish speakers and underlining the sociohistorical reasons why some varieties come to be considered prestigious while others are not. Using naturally occurring speech from data in research corpora, Gramática española examines multiple grammatical features that vary depending on factors such as place, social group, and situation. Students are introduced to specialized terminology that gives them the ability to identify categories and grammatical constructions, providing them with an in-depth understanding of how sociolinguistic factors influence Spanish grammar. This unique textbook is designed for students at level B1 or higher on the Common European Framework for Languages and Intermediate High to Advanced High on the ACTFL proficiency scale.

The Gnostic Kabalistic Verb Daath Gnosis, Samael Aun Weor, 2011-11-02. This book is a collection of extracts from the books of Samael Aun Weor on the creation of the Universe and the human being. It is presented in a bilingual format: English side by side with the original Spanish, and is divided into two parts. The first part is a collection of extracts from the books of Samael Aun Weor which explain the Kabalistic use of mantrization in the creation of the Universe (macrocosm) and how this is applicable to ourselves (microcosm). The second part is a collection of extracts from the Gnostic Classic *The Perfect Matrimony* by Samael Aun Weor which explain the manifestation of the Verb in the Universe and in Man. These two parts were originally in the Editor's Appendix of 2 previously published books. Therefore, the Editors recommend that this book be read as the third part of a series with *Logos Mantram Magic* by Arnoldo Krumm Heller as the first and *The Reconciliation of Science and Religion* by Eliphas Levi as the second.
