Zirpolo,2025-07-10 Francesco Borromini was one of the most notable architects of the 17th century and though he fell into disfavor by the end of the following century today he is classified as one of the most innovative architects in history Although Borromini enjoyed a highly successful career he was already subjected to intense criticism during his lifetime Criticism continued well after Borromini's death when the most often used word to assess his work was bizarre Critics begrudged the fact that in their view Borromini ignored the traditional rules of architecture that had been established by the ancients and revived during the Renaissance era They did not recognize that Borromini was indeed an avid student of both ancient and Renaissance architecture and that he often borrowed elements from these two eras but then applied them to his structures in new and inventive ways It was not until art historians began assessing Borromini's architecture in a sober and nonjudgmental manner in the late 19th century that he was finally given his proper place in the history of architecture This book assesses Borromini's individual commissions following the proper scholarly methodology as well as his biographical details artistic development relationship with his protectors and patrons and external circumstances that might have determined his artistic output This book emphasizes the innovations Borromini introduced to the field of architecture and how these influenced later artists **Giuseppe Campani, "Inventor Romae," an Uncommon Genius** Silvio Bedini,2021-07-05 The ingenious and ambitious Campani brothers Matteo Pier Tommaso and Giuseppe were at the core of thriving activity of technological and scientific innovation that involved popes the Sun King and other rulers of baroque Europe Especially Giuseppe's outstanding production of innovating clocks telescopes and microscopes attracted the attention of the most important scientific characters and experimental academies of the time This posthumous book by Silvio Bedini is the result of a fifty year long study that will serve not just as a reference work for scholars interested in seventeenth century clockmaking practical optics astronomy and science and technology in general but it also will provide you with unique insights into the scientific and technological landscape of baroque Rome and its links to a broader European scene The

author's narrative style and the many illustrations which accompany the story make this book also for non specialists an enjoyable read *Enciclopedia moderna* Francisco de Paula Mellado,1853 *Performing Diplomacy* Roberta Anderson,Reinhard Eisendle,Suna Suner,2025-09-22 Diplomacy is a performance The stage is set on the streets and palaces that centre upon the spaces of political power As this volume explores diplomacy as spectacle is no mere metaphor for political interaction but an elevation of how it was practiced as performance No other activity in the early modern world yielded to such an intensive flow of cultural exchange artistic endeavour to be patronised or expense to be lavished on the aggrandisement of events entertainments and festivities Indeed these efforts were orchestrated the ambassadors were both impresarii and lead actors Understanding the ambassador as a cultural mediator is the recognition of the power of diplomatic activity to transform culture through the process of mediation and more the appreciation of the sphere of diplomatic mediation as a most fertile ground for cultural invention *European Furniture in The Metropolitan Museum of Art* Daniëlle O.
