política en la monarquía de los Austrias Eduardo Fernández García, 2022-04-28 A la educación de los príncipes se destinó una parte muy relevante de los tratados sobre política publicados en los reinos hispánicos durante la época de los Austrias. En ellos se volcaron las principales aportaciones de la teoría política española de los siglos XVI y XVII sin tener que aguardar a las formulaciones maquiavélicas bodinianas o boterianas. Dieron forma a la cultura política hispánica de la Modernidad conjuntando teoría y pragmática del poder, providencialismo, virtud política y realismo. Conformaron mediante potentes tópicos retóricos, junto con las obras historiográficas, las artes visuales y el teatro, un relato dinámico y un discurso sobre el ejercicio moralizado del gobierno que sirvió para las fases expansivas bajo la rbrica de conservación y aumento de la monarquía y para la declinación en forma de restauración de España. Encontraron en la razón de Estado un mecanismo mejor que el subterfugio de la disimulación para explicar las prerrogativas exorbitantes que requería el gobierno de reinos con una extensión geográfica descomunal y una complejidad institucional notable en una monarquía compuesta con un sistema polisinodial. Y lo hicieron en muchas ocasiones de la pluma de extraordinarios pensadores para ofrecer soluciones netamente propias a problemas de un mundo inestable en incesante competencia por la hegemonía continental. **The Art of Post-Dictatorship** Vikki

Bell, 2014-06-20 Since the end of the last dictatorship in 1983 Argentina's visual artists and art activists have been central to campaigns to demand the criminal prosecution of those initially granted amnesty and to a variety of commemorative projects. In *The Art of Post Dictatorship: Ethics and Aesthetics in Transitional Argentina* Vikki Bell examines this involvement and intervention. She argues that the problematics that arise within the aesthetic realm cannot be understood solely through an art historical approach; instead, they must be understood as a constitutive part of a broader collective endeavour. In this sense, the art of post dictatorship is not something that belongs to art or the artists themselves, but is about how the subjectivities and imaginations of new generations are constituted and entwined with questions of response, ethics and justice. It concerns how people align themselves between the past and the future. This book will be an invaluable resource for those studying the law, politics, art and sociology of contemporary Argentina, as well as those concerned more widely with transitional justice and the politics of memory. Adrián Lajous Martínez Adrián Lajous Martínez, 2013-12-11 El autor nos presenta una visión económica de corte solidamente ortodoxo con la cual uno puede no estar siempre de acuerdo. Sin embargo, en esta compilación destacan dos aspectos que justifican su lectura, aun para aquellos que busquen ideas y soluciones más heterodoxas. Por una parte, el autor ofrece un recuento sumamente informado, coherente y perceptivo de un periodo crucial de la historia económica reciente de México que vale la pena para todos recordar sin importar creencias o convicciones personales. Por otra parte, el tema general de los escritos, el alcance e instrumentación del papel del Estado en el desarrollo económico de México se ha vuelto más relevante que nunca en este momento en que el Estado mexicano atraviesa nuevamente una crisis de identidad al prepararse para un nuevo sexenio. **Escritos políticos, económicos y literarios** Florencio Varela, 2019-11-11 El libro

Escritos políticos, económicos y literarios de Florencio Varela se presenta como una compilación fundamental de ensayos que

abordan la intersección entre la política la economía y la literatura en el contexto argentino del siglo XIX Varela a través de un estilo claro y persuasivo analiza cuestiones sociales y culturales en un momento de transición crítica para la nación Su prosa es reflexiva y argumentativa reflejando una profunda preocupación por el destino de la Argentina y tocando temas como la educación la soberanía y la identidad nacional Este conjunto de escritos no solo contribuye al pensamiento político sino que también ofrece un análisis literario que resuena con la tradición del ensayo liberal de su época Florencio Varela nacido en 1807 fue un político educador y escritor que se destacó por su vasta formación y su compromiso con la causa de la educación pública y la modernización de Argentina Su experiencia en Europa y su fuerte formación intelectual lo llevaron a formular ideas innovadoras y progresistas que buscaban promover el desarrollo moral y cívico de la sociedad argentina Varela vivió una época de efervescencia política y social lo que lo impulsó a escribir sobre temas que abarcaban desde la política cívica hasta el análisis económico intentando siempre elevar el nivel de conciencia de su pueblo Recomendando encarecidamente Escritos políticos económicos y literarios a todos aquellos interesados en la historia intelectual de Argentina y en la obra de un pensador que combinó magistralmente sus inquietudes estéticas y políticas Este libro no solo es vital para comprender el pensamiento de Varela sino que también constituye una lectura esencial para quienes buscan vislumbrar las raíces de los desafíos contemporáneos que enfrenta la sociedad argentina Su relevancia persiste haciendo de este texto una obra de consulta obligada para estudiantes y estudiosos de la historia la política y la literatura *Angels with Dirty Faces* Jonathan Wilson, 2016-08-23

Argentina is responsible for some of the greatest footballers on the planet Their rich volatile history is made up of both the sublime and the ruthlessly pragmatic It is a nation obsessed with football and Jonathan Wilson having lived there on and off during the last decade is ideally placed to chart the five phases of Argentinian football the appropriation of the British game the golden age of la nuestra the exuberant style of playing that developed as Juan Perón led the country into isolation a hardening into the brutal methods of anti football the fusing of beauty and efficacy under César Luis Menotti and the ludicrous albeit underachieving creative talent of recent times The Sources of the Text of Quevedo's Política de Dios James O.
