Prosatori Del Novecento:

Fioretti della prosa antica ungherese Péter Sárközy, 2013-04-01 La cultura ungherese pu vantare una ricca letteratura medievale e umanistica in lingua latina e dal Duecento in poi anche la sua letteratura in volgare divenne una presenza crescente nella cultura letteraria per diventare nel Cinquecento una vera e propria letteratura nazionale nell ambito della quale gli autori pi importanti come i poeti B lint Balassi Mikl s Zr nyi Istv n Gy gy si e come i prosatori P ter Bornemisza G sp r Heltai P ter P zm ny o Ferenc Faludi scrissero i loro capolavori in lingua ungherese Le loro opere con qualche rara eccezione non erano tradotte in lingue straniere e quindi erano conosciute soltanto in Ungheria Di conseguenza anche in Italia il pubblico e gli studiosi non conoscendo la lingua ungherese potevano leggere soltanto le opere latine dei nostri umanisti da Janus Pannonius a Johannes Sambucus mentre la letteratura in lingua ungherese esiste in traduzione italiana e naturalmente in tedesco in inglese e in francese soltanto a partire dal Romanticismo Per colmare questa lacuna e al fine di agevolare lo studio della letteratura ungherese in Italia si propone questa antologia bilingue della prosa antica ungherese che stata redatta presso la Cattedra di Lingua e Letteratura Ungherese dell Universit di Roma La Sapienza con le traduzioni di Marta Dal Zuffo a cura del Prof P ter S rk zy Il volume comprende una selezione di opere dei pi importanti prosatori ungheresi dei primi sette secoli dal Discorso funebre del 1200 fino ai narratori del Romanticismo ungherese Uno degli intenti dei curatori del volume il desiderio di stimolare i nuovi giovani traduttori a cimentarsi con opere ancora inedite in italiano e anche a riprendere in mano la produzione dei grandi romanzieri dell Ottocento che fanno parte del comune tesoro della letteratura mondiale ma le cui traduzioni in italiano risalgono oramai a cento anni fa e una loro nuova traduzione moderna potrebbe costituire fonte di grande piacere tanto per i loro futuri traduttori quanto per i loro lettori italiani **The**

Leamington Italian Community Walter Temelini, 2019-07-18 The Leamington Italian Community intertwines personal and family stories with both empirical and intuitive writing to offer new historical insights into the complex social economic and psychological causes and effects of the migration phenomenon Walter Temelini meticulously reconstructs the history of immigration and settlement in Leamington Ontario of Italians from the southern regions of Lazio Molise and Sicily He explains how despite their regional differences three generations between 1925 and the 1990s forged a cohesive socially conscious and unique agricultural community by balancing their inherited values and their newly adopted Canadian economic opportunities Temelini s groundbreaking research draws on testimonial and documentary evidence gathered from in depth interviews with hundreds of residents as well as on original archival information and Italian language histories translated by the author and previously unavailable to English speaking readers He concludes his study with an investigation into the award winning novel Lives of the Saints by Nino Ricci one of the community s most celebrated descendants Drawing parallels between Ricci s narrative and the development of the community Temelini demonstrates that ethnicity can be transformed successfully into a powerful universal archetype and a creative force of identity A pioneering and authoritative

Renaissance Education Between Religion and Politics Paul F. Grendler,2024-10-28 Few eras took education so seriously or were so innovative in their approaches to schools and universities as the Renaissance At the same time religious and political concerns strongly influenced educational developments This third volume of articles by Paul F Grendler explores the close connections between education religion and politics at several levels and in different contexts It combines detailed research into various kinds of schools with broad overviews of European and especially Italian education The lead article compares Italian and German universities and assesses the impact of the Protestant Reformation on the latter Even Erasmus the great critic of university theologians felt the need to acquire a doctorate in theology and did so In Italy the new schools of the Jesuits and the Piarists taught boys and young men gratis but not without opposition Two articles deal with students the consumers of education While teachers and students were most directly involved in schools and universities ecclesiastical and political authorities including the leaders of the Republic of Venice the subject of the final study kept a watchful eye on them **Giuseppe Dessì Storia e genesi dell'opera** Nicola Turi,2014 As scattered pieces of a composite artistic path to be reassembled the personal notes writing tests private letters and reviews kept by Giuseppe Dessì over the years allow Nicola Turi who had already been following the author's footsteps for some time to reconstruct the sources of inspiration the composition and revision processes as well as the main stages of the critical reception of a work crossing the best part of the 20th century in Italy with an elegant gait which constantly brings it in on the same level as the great European models a philosophical background which is always up to date and the very fine sensitivity of someone who knows how to grasp the imperceptible movements of the human soul and the great changes of history at the same time This volume is the result of a long archival work and also by virtue of the bibliography by and on the author placed in the appendix it aims at functioning

as a journey through Dess's texts and at the same time at offering the readers the necessary hermeneutical support to understand his works

Il palio dei buffi Aldo Palazzeschi, 2016-02-23 Pubblicata per la prima volta nel 1937 le diciotto novelle del volume siglano il ritorno all'ordine dell'autore Scritte in una lingua dalla netta matrice toscana con punte vernacolari raggiungono straordinari effetti caricaturali degni del miglior Palazzeschi insieme irresistibile e crudele

Il bottone di Stalingrado Romano Bilenchi, 2013-06-24 L'educazione politica e sentimentale di Marco attraverso i momenti fondamentali della storia italiana: l'avvento del fascismo, la Resistenza, l'immediato dopoguerra, disegna la parabola di un'esistenza e di una generazione Figlio di genitori socialisti, Marco condivide con l'amico Paolo l'adesione all'ideologia fascista militando con lui in un'organizzazione giovanile ma ben presto matura una consapevolezza politica che lo porterà a combattere la Resistenza. Le difficoltà e le delusioni del dopoguerra fanno da sfondo al difficile e doloroso amore per Rita, vittima delle violenze della polizia durante una dimostrazione di protesta. Introduzione di Enzo Golino
