Prospects for Soviet Agriculture in the 1980s David Gale Johnson, Karen McConnell Brooks, 1983 **Prospects for Soviet Agriculture in the 1980s** David Gale Johnson, Karen McConnell Brooks, 1983 **Prospects for Soviet Agriculture in the 1980s** David Gale Johnson, 1982 **Prospects For Soviet Grain Production** Brigitta Young, 2019-06-04 This book challenges the conventional view that the present low yields of the Soviet agricultural system result primarily from its institutional structure demonstrating that other factors are of equal or greater importance Ms Young examines two alternative explanations first that weather is the dominant force underlying trends in Soviet grain **Soviet Economy in the 1980's**, 1983 **Agricultural Economics Research**, 1982 **Agricultural Productivity In The Socialist Countries** Lung-fai Wong, 2019-04-02 With the emergence of collectivization the communal movement and the food crisis the development of agriculture in socialist countries has become a topic of great interest to economists Focusing on productive efficiency Dr Wong estimates an agricultural metaproduction function for nine countries China Bulgaria Czechoslovakia East Germany Hungary Poland Romania Yugoslavia and the Soviet Union and computes both the partial productivities and total productivity in comparable units Using the growth accounting procedure the author performs a quantitative comparative analysis of the differences and the sources of differences in agricultural productivity among socialist countries Methods of analyzing productivity measures are described revealing the contribution of land labor education and other factors in agricultural growth Dr Wong concludes by discussing the policy implications for development strategy and the effects on the world food market *East-west Agricultural Trade* James R Jones, 2019-03-11 The first study to focus specifically on the economics of agricultural trade issues in centrally planned economies this volume contains recent findings of economists who have examined the decisionmaking processes and the trends that relate to agricultural trade with the West by Eastern Europe the Soviet Union and China Future prospects for agri **Russia's Food Policies and Globalization** Stephen K. Wegren, 2005-01-01 The post Soviet period has witnessed Russia's increasing interdependence with other nations in its food trade as in the economy as a whole President Putin has repeatedly identified international integration as an economic necessity if Russia is to share in the benefits of globalization In *Russia's Food Policies and Globalization* author Stephen K Wegren analyzes the primary questions affecting Russia and globalization How do Russia's domestic and external food policies affect its efforts at international integration How prepared is Russia for global economic integration for instance entrance into the World Trade Organization What are the structural economic and political obstacles that exist in Russia's food policies which in turn hinder closer integration In short will Russia integrate or fall behind and what is the role of food policy in deciding this crucial issue Through an analysis of Russia's contemporary food policies and strategies Wegren places Russia's economic development in a new international context Political scientists economists policymakers and scholars of the Soviet and post Soviet period as well as those interested in rural studies must read this book Russian and Soviet

Economic Performance and Structure Paul R. Gregory, Robert C. Stuart, 2001 The Seventh Edition of Russian and Soviet Economic Performance and Structure offers students a balanced perspective in understanding the Soviet past and Russia's present and future. With thorough coverage of the Soviet legacy, the transition, and the contemporary Russian economy, the text allows instruction from either a historical or contemporary perspective. NEW A major update of the critical economic issues in contemporary Russia at the dawn of the twenty-first century. NEW Increased coverage of the critical energy and agriculture sectors of key issues such as privatization where more and better evidence is now available. NEW An assessment of a full ten years of Russian economic performance under transition including increased emphasis on the basic issues in transition and the important differences between Russia and other transition economies. NEW Updated terminology for easier reference by students. Allows flexible teaching choices. New contemporary focus still allows instructors the flexibility to teach the course from a historical perspective. Authors are established active scholars who are widely known and well respected in the field of comparative economic systems.

Reluctant Cold Warriors Vladimir Kontorovich, 2019-09-02 Scholars attribute the collapse of the Soviet Union in part to the militarization of its economy. But during the Cold War economic studies of the USSR largely neglected the military sector of the Soviet economy, its dominant and most successful part. This is all the more puzzling in that academic study of the Soviet economy in the US was specifically created to help fight the Cold War. If the rival superpower maintained the peacetime war economy, why did experts fail to tell us when it mattered? Vladimir Kontorovich shows how Western economists came up with strained non-military interpretations of several important aspects of the Soviet economy which the Soviets themselves acknowledged to have military significance. Such civilianization suggests that the neglect of the military sector was not forced on scholars of the Soviet economy by secrecy; it was their choice. The explanation of this choice in *Reluctant Cold Warriors* raises many questions about the internal workings of economic Sovietology and its intellectual and political background. Are peripheral academic fields mimicking the agenda of the discipline's mainstream more likely to produce faulty scholarship? Did the search for the essence of socialism distract researchers from the actual Soviet economy? Were economic Sovietologists under political pressure, and if so in what direction? This book answers these questions in a way that has broad relevance for national security uses of social science today.

Future Survey Annual 1983 Michael Marien, 1984-01-01 Statistical Bulletin, 1989 **Agricultural Policies in Emerging and Transition Economies 1999** OECD, 1999-08-30 This publication is the seventh in a series of annual evaluations of agricultural policies, markets, and trade developments in non-OECD countries. It *Bread and Autocracy* Janetta Azarieva, Yitzhak M. Brudny, Eugene Finkel, 2023-08-18 Food has been crucial to the functioning and survival of governments and regimes since the emergence of early states. Yet only in a few countries is the connection between food and politics as pronounced as in Russia. Since the 1917 Revolution, virtually every significant development in Russian and Soviet history has been either directly driven by or closely associated with the question of food and access to it. In fact, food

shortages played a critical role in the collapse of both the Russian Empire and the USSR Under Putin's watch Russia moved from heavily relying on grain imports to feed the population to being one of the world's leading food exporters In *Bread and Autocracy* Janetta Azarieva Yitzhak M Brudny and Eugene Finkel focus on this crucial yet widely overlooked transformation as well as its causes and consequences for Russia's domestic and foreign politics The authors argue that Russia's food independence agenda is an outcome of a deliberate decades long policy to better prepare the country for a confrontation with the West Moreover they show that for the Kremlin nutritional self sufficiency and domestic food production is a crucial pillar of state security and regime survival Azarieva Brudny and Finkel also make the case that Russia's focus on food independence also sets the country apart from almost all modern autocracies While many authoritarian regimes have adopted industrial import substitution policies in Putin's Russia it is the substitution of food imports with domestically produced crops that is crucial for regime survival As food reemerges as a key global issue and nations increasingly turn inwards *Bread and Autocracy* provides a timely and comprehensive look into Russia's experience in building a nutritionally autarkic dictatorship

Comparing Economic Systems Andrew Zimbalist, Howard J. Sherman, 2014-05-12 *Comparing Economic Systems* A Political Economic Approach presents a political economic approach to the analysis and comparison of different types of economic systems Full integrated political economic case studies of several representative countries including Japan Sweden and France are given This book consists of six parts and begins with an overview of some definitions of the main kinds of political and economic systems theoretical arguments from various points of view about how political and economic systems relate to each other and the criteria for evaluating different political economic systems The next section considers three essentially market capitalist systems Japan Sweden and France The Soviet Union a centrally planned allegedly socialist economy is examined next More specifically Soviet development from 1917 to 1928 and from 1928 to the present is discussed Central planning in developing countries such as China and Cuba is also explored Finally the theory of market socialism is analyzed citing the cases of Hungary and Yugoslavia This monograph will be of value to politicians economists and economic policymakers

Land Policies and Evolving Farm Structures in Transition Countries Zvi Lerman, Csaba Csáki, Gershon Feder, 2002 Gorbachev's Russia And American Foreign Policy Seweryn Bialer, 2019-03-01 The Soviet post Stalin period is examined in its economic political and foreign policy dimensions stressing the factors that provided the gestation environment for Gorbachev's reforms There follows an analysis of the nature sources and plausible outcomes of Gorbachev's revolution and the strategies he is applying to it A separate part of the book examines the changing goals of past U S policies toward the Soviet Union and their effectiveness in influencing Soviet behavior The final part puts forth suggestions and prescriptions for a U S approach to the changes in Soviet economic security and foreign policies The East West Forum is a New York based research and policy analysis organization sponsored by the Samuel Bronfman Foundation Its goal is to bring together experts and policy leaders from differing perspectives and generations to discuss

changing patterns of East West relations It attempts to formulate long term analyses and recommendations In preparing the chapters of this book the authors drew upon the work of a series of workshops initiated by the Forum *A Guide to the Socialist Economies* Ian Jeffries,2022-03-07 First published in 1990 A Guide to the Socialist Economies explores the evolution of a variety of economic systems in the socialist world and highlights major problems facing fourteen countries Albania Bulgaria China Cuba Czechoslovakia the GDR Hungary North Korea Mongolia Poland Romania the Soviet Union Vietnam and Yugoslavia against a background of continuous change characterized by such events as the Berlin blockade the Korean war the Hungarian revolution and the invasion of Czechoslovakia The traditional Soviet economic model is studied in detail as the basic system adopted by or imposed upon all of these countries A separate chapter is devoted to foreign trade in general and Comecon in particular while each of the country studies deals with the political and economic background economic reforms including industry agriculture the financial system and foreign trade and capital and the private sector The book provides information on the economic institutions of all the individual countries which is invaluable if the various courses of reform each country has engaged upon are to be understood Historical material supplements contemporary information in a work which is to be an essential reference for anyone engaged in a study of or trade with the socialist countries **Agricultural Economics and Rural Sociology** Wallace C. Olsen,1991 The first of an eight volume series The Literature of the Agricultural Sciences this book analyzes the trends in the published literature of agricultural economics and rural sociology during the past fifty years It uses citation analysis and other bibliometric techniques to identify the primary journals report series and monographs of current importance to the developed industrial countries as well as those in the Third World
