*and Convection in the Solar System: Retrospect and Prospect* W. O'Reilly, 2012-12-06 On the 6th 7th and 8th April 1983 a conference entitled Magnetism planetary rotation and convection in the Solar System was held in the School of Physics at the University of Newcastle upon Tyne The purpose of the meeting was to celebrate the 60th birthday of Prof Stanley Keith Runcorn and his and his students and associates several decades of scientific achievement The social programme which consisted of excursions in Northumberland and Durham with visits to ancient castles and churches to Hexham Abbey and Durham Cathedral and dinners in Newcastle and Durham was greatly enjoyed by those attending the meeting and by their guests The success of the scientific programme can be judged by this special edition of Geophysical Surveys which is derived mainly from the papers given at the meeting The story starts in the late 1940s when the question of the origin of the magnetic field of the Earth and such other heavenly bodies as had at that time been discovered as having a magnetic field was exercising the minds of several scientists notably P M S Blackett at Manchester W M Elsasser at the University of Pennsylvania and E C Bullard at Cambridge Two alternative mechanisms were proposed In one the magnetic field was in some way connected with the distributed angular momentum of a rotating body in the other electric currents in conducting parts within the body were proposed as the source of magnetic field Failure and Prospect Reuben Bredenhof, 2018-12-27 Bredenhof analyses the parable of Lazarus and the Rich Man Luke 16 19 31 by examining its functions as a narrative considering its persuasiveness as a rhetorical unit and situating it within a Graeco Roman and Jewish intertextual conversation on the themes of wealth and poverty and authoritative revelation The parable portrays the consequences of the rich man's failure to respond to the suffering of Lazarus Bredenhof argues that the parable offers its audience a prospect for alternative outcomes in response both to poverty and to a person who has risen from the dead This prospect is particularly evident when the parable is read in anticipation of the ethical and theological concerns of Luke's second volume in Acts Bredenhof asserts that reading within the context of Luke Acts contributes to the understanding of Luke's purposes with this narrative It is in Acts that his audience witnesses the parable's message about mercy being applied through charitable initiatives in the community of believers while the Acts accounts of preaching and teaching demonstrate that a true reading of Moses and the prophets is inseparably joined to the believing acceptance of one risen from the dead Through a re-reading of Luke 16 19 31 in its Luke Acts context its message is amplified and commended to the parable's audience for their response **A Cultural History of Gardens in the Medieval Age** Michael Leslie, 2015-04-02 The Middle Ages was a time of great upheaval the period between the seventh and fourteenth centuries saw great social political and economic change The radically distinct cultures of the Christian West Byzantium Persian influenced Islam and al Andalus resulted in different responses to the garden arts of antiquity and different attitudes to the natural world and its artful manipulation Yet these cultures interacted and communicated trading plants myths and texts By the fifteenth century the garden as a cultural phenomenon was immensely sophisticated and a vital element in the way society saw itself and its relation to nature A

Cultural History of Gardens in the Medieval Age presents an overview of the period with essays on issues of design types of gardens planting use and reception issues of meaning verbal and visual representation of gardens and the relationship of gardens to the larger landscape

**A Prospect of Vengeance** Anthony Price, 2012-09-06 By the CWA Gold Dagger award winning author of *Other Paths to Glory* The evacuation of Philip Masson's body near Mrs Griffin's cottage resurrects several old ghosts that send the newshounds scurrying to dig in their clippings archives Rumours matured with the passing years since Masson's disappearance way back in 1978 once more abound But the investigative team of Ian Robinson and Jenny Fielding are already on a trail of discovery that leads back to the end of the Wilson Callaghan era Jenny has overheard a snatch of gossip at an embassy party which seems to implicate British Intelligence's David Audley in the original cover up of Masson's death and Jenny has a personal interest in that affair But it is not until the labyrinthine trails come together on a Spanish battlefield that Jenny learns why it is that Philip Masson had to die

*Criticising the Ruler in Pre-Modern Societies - Possibilities, Chances and Methods* Karina Kellermann, Alheydis Plassmann, Christian Schwermann, 2019-12-09 In vormodernen Monarchien beobachten wir Widerspruch und Widerstand gegen einzelne Herrscher ihre politischen Entscheidungen und ihre Verwaltung aber in der Regel keine direkten Angriffe auf die Ordnungsprinzipien und das politische System Wenn Unzufriedenheit zu Aufständen und Revolten führte blieb es normalerweise bei einem bloßen Austausch des Regenten Subtilere Methoden der Herrscherkritik konnten sich mittels fester Usancen oder spezifischer Codes und Spielregeln innerhalb des legalen Rahmens Gehör verschaffen und zielten darauf ab die Qualitäten des Regenten zu verbessern oder spezifische Modi der Amtsführung zu reformieren Diese verschiedenen Formen und Praktiken von Herrscherkritik in vormodernen monarchischen Gesellschaften sind Gegenstand dieses Bandes

When looking at pre modern monarchical societies one does not expect to observe fundamental dissent directed at the social order as such or at the political system As a rule criticism was limited to individual monarchs their performance and decisions While discontent could lead to insurrection and rebellion which normally only culminated in the ruler being replaced by another monarchical figurehead the subtler methods of voicing criticism were applied within a framework of legality of a set of customs or of a code of rules of the game and intended to improve the performance of the incumbent or reform his conduct at court The various forms of verbal or staged censure of rulers in pre modern monarchical societies are the subject of this volume

**The Demographic Revolution in Modern Egypt** Warren C. Robinson, Fatma H. El-Zanaty, 2006-01-01 The Demographic Revolution in Modern Egypt tells the dramatic story of Egypt's transition in the last two decades from staggeringly high to low fertility and mortality rates Scholars Warren C Robinson and Fatma H El Zanaty especially delve into the reasons for the decline in fertility including the relative success of Egypt's recent public initiatives in family planning Robinson and El Zanaty compellingly show the importance of continued demographic stability in Egypt for that nation the Middle East and indeed the world The authors point to Egypt's optimistic progress as a model for other countries facing out

of control birthrates wreaking havoc with economic and social development      *Roman Finds* Richard Hingley, Steven Willis, 2007-04-10 Studies on finds in Roman Britain and the Western Provinces have come to greater prominence in the literature of recent years The quality of such work has also improved and is now theoretically informed and based on rich data sets Work on finds over the last decade or two has changed our understanding of the Roman era in profound ways and yet despite such encouraging advances and such clear worth there has to date been little in the way of a dedicated forum for the presentation and evaluation of current approaches to the study of material culture The conference at which these papers were initially presented has gone some way to redressing this and these papers bring the very latest studies on Roman finds to a wider audience Twenty papers are here presented covering various themes
