Along the Silk Roads in Mongol Eurasia Michal Biran, Jonathan Brack, Francesca Fiaschetti, 2020-07-28 During the thirteenth and fourteenth centuries Chinggis Khan and his heirs established the largest contiguous empire in the history of the world extending from Korea to Hungary and from Iraq Tibet and Burma to Siberia Ruling over roughly two thirds of the Old World the Mongol Empire enabled people ideas and objects to traverse immense geographical and cultural boundaries Along the Silk Roads in Mongol Eurasia reveals the individual stories of three key groups of people military commanders merchants and intellectuals from across Eurasia These annotated biographies bring to the fore a compelling picture of the Mongol Empire from a wide range of historical sources in multiple languages providing important insights into a period unique for its rapid and far reaching transformations Read together or separately they offer the perfect starting point for any discussion of the Mongol Empire s impact on China the Muslim world and the West and illustrate the scale diversity and creativity of the cross cultural exchange along the continental and maritime Silk Roads Features and Benefits Synthesizes historical information from Chinese Arabic Persian and Latin sources that are otherwise inaccessible to English speaking audiences Presents in an accessible manner individual life stories that serve as a springboard for discussing themes such as military expansion cross cultural contacts migration conversion gender diplomacy transregional commercial networks and more Each chapter includes a bibliography to assist students and instructors seeking to further explore the individuals and topics discussed Informative maps images and tables throughout the volume supplement each biography

Chinese Legal Reform and the Global Legal Order Yun Zhao, Michael Ng, 2017-11-09 This volume critically evaluates the latest legal reform of China covering major areas such as trade and securities law online privacy law criminal law human rights and international law It represents a bold departure from the most recent works on Chinese legal reform by engaging the ideas of experts in contemporary Chinese law with the archival scholarship of Chinese legal historians This unique interdisciplinary

feature affords readers a more nuanced view of the complexities and specificities of how China has problematised legal reforms in various historical contexts when building a progressive yet sustainable legal system This volume appraises the most current reform in Chinese law by considering China's engagement with globalisation increasingly complicated domestic situation and historical legal transplantation experiences It will be of huge interest to students researchers and practitioners interested in Chinese law and policy China and Asian studies and Chinese legal history Knowledge in Translation Patrick Manning, Abigail Owen, 2018-09-19 In the second millennium CE long before English became the language of science in the twentieth century the act of translation was crucial for understanding and disseminating knowledge and information across linguistic and geographic boundaries This volume considers the complexities of knowledge exchange through the practice of translation over the course of a millennium across fields of knowledge cartography health and medicine material construction astronomy and a wide geographical range from Eurasia to Africa and the Americas Contributors literate in Arabic Catalan Chinese Greek Hebrew Italian Japanese Latin Minnan Ottoman and Persian explore the history of science in the context of world and global history investigating global patterns and implications in a multilingual and increasingly interconnected world Chapters reveal cosmopolitan networks of shared practice and knowledge about the natural world from 1000 to 1800 CE emphasizing both evolving scientific exchange and the emergence of innovative science By unraveling the role of translation in cross cultural communication Knowledge in Translation highlights key moments of transmission insight and critical interpretation across linguistic and faith communities The Cambridge World History Merry E. Wiesner-Hanks, Jerry H. Bentley, Sanjay Subrahmanyam, 2015-04-09 The most comprehensive account yet of the human past from prehistory to the present *Sino-Malay Trade and Diplomacy from the Tenth through the Fourteenth Century* Derek Heng, 2009-11-15 China has been an important player in the international economy for two thousand years and has historically exerted enormous influence over the development and nature of political and economic affairs in the regions beyond its borders especially its neighbors *Sino Malay Trade and Diplomacy from the Tenth through the Fourteenth Century* examines how changes in foreign policy and economic perspectives of the Chinese court affected diplomatic intercourse as well as the fundamental nature of economic interaction between China and the Malay region a subregion of Southeast Asia centered on the Strait of Malacca This study's uniqueness and value lie in its integration of archaeological epigraphic and textual data from both China and Southeast Asia to provide a rich multilayered picture of Sino Southeast Asian relations in the premodern era Derek Heng approaches the topic from both the Southeast Asian and Chinese perspectives affording a dual narrative otherwise unavailable in the current body of Southeast Asian and China studies literature **Early Global Interconnectivity across the Indian Ocean World, Volume I** Angela Schottenhammer, 2019-02-13 This volume investigates the emergence and spread of maritime commerce and interconnectivity across the Indian Ocean World the world's first global economy from a longue durée perspective Spanning from antiquity to the nineteenth century these essays move

beyond the usual focus on geographical sub regions or thematic aspects to foreground inter and trans regional connections Analyzing multi lingual records and recent archaeological findings volume I examines mercantile networks the role of merchants routes and commodities as well as diasporas and port cities The Mongol World Timothy May, Michael Hope, 2022-05-25 Drawing upon research carried out in several different languages and across a variety of disciplines The Mongol World documents how Mongol rule shaped the trajectory of Eurasian history from Central Europe to the Korean Peninsula from the thirteenth century to the fifteenth century Contributing authors consider how intercontinental environmental economic and intellectual trends affected the Empire as a whole and where appropriate situate regional political social and religious shifts within the context of the broader Mongol Empire Issues pertaining to the Mongols and their role within the societies that they conquered therefore take precedence over the historical narrative of the societies that they conquered Alongside the formation conquests administration and political structure of the Mongol Empire the second section examines archaeology and art history family and royal households science and exploration and religion which provides greater insight into the social history of the Empire an aspect often neglected by traditional dynastic and political histories With 58 chapters written by both senior and early career scholars the volume is an essential resource for all students and scholars who study the Mongol Empire from its origins to its disintegration and legacy **Pacific America** Lon Kurashige, 2017-07-31 In recent times the Asia Pacific region has far surpassed Europe in terms of reciprocal trade with the United States and since the 1980s immigrants from Asia entering the United States have exceeded their counterparts from Europe reversing a longstanding historical trend and making Asian Americans the country's fastest growing racial group What does transpacific history look like if the arc of the story is extended to the present The essays in this volume offer answers to this question challenging current assumptions about transpacific relations Many of these assumptions are expressed through fear that the ascendance of China threatens a U S led world system and undermines domestic economies that immigrants subvert national unity and that globalization for all its transcending of international cultural and racial differences generates its own forms of prejudice and social divisions that reproduce global and national inequalities The contributors make clear that these fears associated with and induced by pacific integration are not new Rather they are the most recent manifestation of international racial and cultural conflicts that have driven transpacific relations in its premodern and especially modern iterations Pacific America differs from other books that are beginning to flesh out the transnational history of the Pacific Ocean in that it is more self consciously a people's history While diplomatic and economic relations are addressed the chapters are particularly concerned with histories from the bottom up including attention to social relations and processes individual and group agency racial and cultural perception and collective memory These perspectives are embodied in the four sections focusing on China and the early modern world circuits of migration and trade racism and imperialism and the significance of Pacific islands The last section on Pacific Islanders avoids a common failing in

popular perception that focuses on both sides of the Pacific Ocean while overlooking the many islands in between The chapters in this section take on one of the key challenges for transpacific history in connecting the migration and imperial histories of the United States Japan China Korea Vietnam and other nations with the history of Oceania

The Routledge Handbook of Archaeology and Globalization Tamar Hodos, 2016-11-18 This unique collection applies globalization concepts to the discipline of archaeology using a wide range of global case studies from a group of international specialists The volume spans from as early as 10 000 cal BP to the modern era analysing the relationship between material culture complex connectivities between communities and groups and cultural change Each contributor considers globalization ideas explicitly to explore the socio cultural connectivities of the past In considering social practices shared between different historic groups and also the expression of their respective identities the papers in this volume illustrate the potential of globalization thinking to bridge the local and global in material culture analysis The Routledge Handbook of Archaeology and Globalization is the first such volume to take a world archaeology approach on a multi period basis in order to bring together the scope of evidence for the significance of material culture in the processes of globalization This work thus also provides a means to understand how material culture can be used to assess the impact of global engagement in our contemporary world As such it will appeal to archaeologists and historians as well as social science researchers interested in the origins of globalization

Empire and Local Worlds Mingming Wang, 2017-03-02 Mingming Wang one of the most prolific anthropologists in China has produced a work both of long term historical anthropology and of broad social theory In it he traces almost a millennium of history of the southern Chinese city of Quanzhou a major international trading entrepot in the 13th century that declined to a peripheral regional center by the end of the 19th century But the historical trajectory

understates the complex set of interrelationships between local structures and imperial agendas that played out over the course of centuries and dynasties Using urban structure documentary analysis and archaeological artifacts Wang shows how the study of Quanzhou represents a Chinese template for civilizational studies one distinctly different from Eurocentric models propounded by such theorists as Sahlins Wolf and Elias *Fishing Wars and Environmental Change in Late Imperial and Modern China* Micah S. Muscolino,2020-03-17 Among the environmental challenges facing us is alleviating the damage to marine ecosystems caused by pollution and overfishing Coming to grips with contemporary problems this book argues depends on understanding how people have historically generated perceived and responded to environmental change This work explores interactions between society and environment in China's most important marine fishery the Zhoushan Archipelago off the coast of Zhejiang and Jiangsu from its nineteenth century expansion to the exhaustion of the most important fish species in the 1970s This history of Zhoushan's fisheries illuminates long term environmental processes and analyzes the intersections of local regional and transnational ecological trends and the array of private and state interests that shaped struggles for the control of these common pool natural resources What institutions did private and state actors use to regulate the use of the fishery How did relationships between social organizations and the state change over time What types of problems could these arrangements solve and which not What does the fate of these institutions tell us about environmental change in late imperial and modern China Answering these questions will give us a better understanding of the relationship between past ecological changes and present environmental challenges *The Ming World* Kenneth M Swope,2019-08-08 The Ming World draws together scholars from all over the world to bring China's Ming Dynasty 1368 1662 to life exploring recent scholarly trends and academic debates that highlight the dynamism of the Ming and its key place in the early modern world The book is designed to replicate the structure of popular Ming era unofficial histories that gathered information and gossip from a wide variety of fields and disciplines Engaging with a broad array of primary and secondary sources the authors build upon earlier scholarship while extending the field to embrace new theories methodologies and interpretive frameworks It is divided into five thematically linked sections Institutions Ideas Identities Individuals and Interactions Unique in its breadth and scope The Ming World is essential reading for scholars and postgraduates of early modern China the history of East Asia and anyone interested in gaining a broader picture of the colorful Ming world and its inhabitants *The World in the Year 1000* James Heitzman,Wolfgang Schenkluhn,2004-04-09 The World in the Year 1000 is organized in four thematic sections covering five world regions Europe the Islamic world India China and Mesoamerica All contributions in this volume are original works by many of today's leading scholars **Writing, Publishing, and Reading Local Gazetteers in Imperial China, 1100-1700** Joseph R. Dennis,2020-05-11 This book is the definitive study of imperial Chinese local gazetteers one of the most important sources for premodern Chinese studies Methodologically innovative it represents a major contribution to the history of books publishing reading and society By

examining how gazetteers were read Joseph R Dennis illustrates their significance in local societies and national discourses His analysis of how gazetteers were initiated and produced reconceptualizes the geography of imperial Chinese publishing Whereas previous studies argued that publishing and thus cultural and intellectual power were concentrated in the southeast Dennis shows that publishing and book ownership were widely dispersed throughout China and books were found even in isolated locales Adding a dynamic element to our earlier understanding of the publishing industry Dennis tracks the movements of manuscripts to printers and print labor to production sites By reconstructing printer business zones he demonstrates that publishers operated across long distances in trans regional markets He also creates the first substantial data set on publishing costs in early modern China a foundational breakthrough in understanding the world of Chinese books Dennis s work reveals areas for future research on newly identified regional publishing centers and the economics of book production

The Sea in World History Stephen K. Stein, 2017-04-24 This two volume set documents the essential role of the sea and maritime activity across history from travel and food production to commerce and conquest In all eras water transport has served as the cheapest and most efficient means of moving cargo and people over any significant distance Only relatively recently have railroads and aircraft provided an alternative Most of the world s bulk goods continue to travel primarily by ship over water Even today 95 percent of the cargo that enters and leaves the United States does so by ship Similarly people around the world rely on the sea for food and in recent years the sea has become an important source of oil and other resources with the longterm effects of our continuing efforts to extract resources from the sea further highlighting environmental concerns that range from pollution to the exhaustion of fish stocks This chronologically organized two volume reference addresses the history of the sea beginning with ancient civilizations 4000 to 1000 BCE and ending with the modern era 1945 to the present day Each of the eight chapters is further broken down into sections that focus on specific nations or regions offering detailed descriptions of that area of the world and shorter entries on specific topics individuals and events The book spans maritime history covering major seafaring peoples and nations famous explorers travelers and commanders events battles and wars key technologies including famous ships important processes and ongoing events such as piracy and the slave trade and more Readers will benefit from dozens of primary source documents ranging from ancient Egyptian tales of seafaring to texts by renowned travelers like Marco Polo Zheng He and Ibn Battuta that provide firsthand accounts from the age of discovery as well as accounts of battle from World War I and II and more modern accounts of the sea

[The Qing Formation in World-Historical Time](#) Lynn Struve, 2020-05-11 For many years the Ming and Qing dynasties have been grouped as late imperial China a temporal framework that allows scholars to identify and evaluate indigenous patterns of social economic and cultural change initiated in the last century of Ming rule that imparted a particular character to state and society throughout the Qing and

into the twentieth century This paradigm asserts the autonomous character of social change in China and has allowed historians to create a China centered history Recently however many scholars have begun emphasizing the singular qualities of the Qing Among the eight contributors to this volume on the formation of the Qing those who emphasize the Manchu ethos of the Qing tend to see it as part of an early modernity and stress parallel and sometimes mutually reinforcing patterns of political consolidation and cultural integration across Eurasia Other contributors who examine the Qing formation from the perspective of those who lived through the dynastic transition see the advent of Qing rule as prompting attempts by the Chinese subjects of the new empire to make sense of what they perceived as a historical disjuncture and to rework these understandings into an accommodation to foreign rule In contrast to the late imperial paradigm the new ways of configuring the Qing in historical time in both groups of essays assert the singular qualities of the Qing formation

The Politics of Chinese Medicine Under Mongol Rule Reiko Shinno, 2016-02-22 Under the rule of the descendants of Chinggis Khan 1167 1227 China saw the development of a new culture in which medical practice came to be considered a highly respected occupation for elite men During this period further major steps were also taken towards the codification of medical knowledge and promotion of physicians social status This book traces the history of the politics institutions and culture of medicine of China under Mongol rule through the eyes of a successful South Chinese official Yuan Jue 1266 1327 As the first comprehensive monograph on history of medicine in China under the Mongols it argues that this period was a separate moment in Chinese history when a configuration of power different from that of previous and succeeding periods created its own medical culture The Politics of Chinese Medicine under Mongol Rule emphasizes the impact of the political and institutional changes caused by the Mongols and their collaborators on the social and cultural history of medicine which culminated in the medical theory of Zhu Zhenheng 1282 1358 still influential in East Asian medicine Using a variety of Chinese language sources including gazetteers legal texts biographies poems and medical texts it analyses the roles of the Mongols and West and Central Asians as cultural brokers and also as unifiers of China Further it views North and South Chinese elites as agents of historical change rather than as victims of Mongol oppression Underlining the complexity of the history of China under the Mongols and the significance of time and geography for the study of this history this book will be of great interest to students and scholars of Chinese medical history Chinese social and cultural history and medieval global history
