Nurses and the Law Nancy J. Brent, 2001 Winner of two 1997 AJN Book of the Year awards in its previous edition this comprehensive and readable text addresses questions regarding the law and legal ethical issues affecting nurses It explains what the law is how the law works and how it applies to nursing practice It provides the knowledge needed to respond appropriately to a broad range of situations

International Medical Malpractice Law Dieter Giesen, 1988-09 This monograph is the most comprehensive comparative law study of legal responsibility arising from medical care presently available It is written for doctors as well as health care administrators and legal professionals Focusing on the problems of civil liability it presents the development points of contact with and differences between the modern law of medical liability stemming from both the Common Law and Civil Law traditions of England Scotland Eire New Zealand Australia Canada the United States South Africa France Belgium West Germany Switzerland and Austria It demonstrates the extent to which both problems of medical law and trends towards their solution are already familiar in these legal systems The work describes principles and trends not by confronting the reader with national reports and separate chapters on different legal systems rather the relevant legal problems are analyzed from an integrative comparative viewpoint The main thrust of the presentation is the analysis of numerous court decisions the number of which is rising ominously in the United States on the civil liability of doctors and hospitals for damages arising from substandard treatment or inadequate disclosure of information to the patient References to the legal and medical literature indexes and a refined system of cross references together with an important collection of appendices covering legal and ethical declarations make this work accessible as a handbook and reference work for the legal and social problems encountered today in the wide area of law ethics and medicine
