Protecting Patients Rights A Comparative Study Of The Ombudsman In Healthcare

Alan Earl-Slater

Protecting Patients Rights A Comparative Study Of The Ombudsman In Healthcare:

Protecting Patients' Rights? Stephen Mackenney, Lars Fallberg, 2004 Ombudsman has been adopted in a number of countries over the years as a term for an administrative system that aims to protect the interests of individuals who complain against the system. However, this protection varies considerably from country to country. With an eminent list of international contributors, this book provides an overview of the role of the Ombudsman in relation to healthcare in countries with substantial cultural and historical differences. It demonstrates practical ways to protect patients' rights, looking at how each system operates, identifying the best components from each, as well as proposing future reforms. All healthcare professionals, including policy makers and shapers, will find this essential reading, gaining valuable lessons and insights to incorporate into their own organisations and systems. Book jacket *Protecting Patients' Rights* Peter Tate, 2018-08-11 A key text for doctors, this revised, expanded and updated edition now includes a section on understanding one's own attitudes and empathy and greatly enhanced material on communication strategies and skills. The text is also suitable for candidates preparing for the MRCGP examination. Nordic Health Care Systems: Recent Reforms And Current Policy Challenges Magnussen, Jon, Vrangbaek, Karsten, Saltman, Richard, 2009-09-01 Examines patterns of health reform in Nordic health care systems and the balance between stability and change in how these systems have developed. This book investigates the health systems in Norway, Denmark, Sweden, and Finland through comparisons along a variety of policy-driven parameters. **Family and Succession Law in Finland** Tuulikki Mikkola, 2022-09-20 Derived from the renowned multi-volume International Encyclopaedia of Laws, this concise exposition and analysis of the essential elements of law with regard to family relations, marital property, and succession to estates in Finland covers the legal rules and customs pertaining to the intertwined civic status of persons, the family, and property. After an informative general introduction, the book proceeds to an in-depth discussion of the sources and instruments of family and succession law, the authorities that adjudicate and administer the laws, and issues surrounding the person as a legal entity and the legal disposition of property among family members. Such matters as nationality, domicile, and residence, marriage, divorce, and cohabitation, adoption and guardianship, succession, and inter vivos arrangements, and the acquisition and administration of estates are all treated to a degree of depth that will prove useful in nearly any situation likely to arise in legal practice. The book is primarily designed to assist lawyers who find themselves having to apply rules of international private law or otherwise handling cases connected with Finland. It will also be of great value to students and practitioners as a quick guide and easy-to-use practical resource in the field and especially to academicians and researchers engaged in comparative studies by providing the necessary basic material of family and succession law. *Compendium of documents on National Human Rights Institutions in eastern and southern Africa* Edited by Charles M Fombad, 2019 Charles M Fombad, 2019-01-01 Compendium of documents on National Human Rights Institutions in eastern and southern Africa Edited by Charles M Fombad, 2019 ISBN 978 1 920538 95 8 Pages 898 Print

version Available Electronic version Free PDF available About the publication Africa's increasing recognition and protection of human rights have been accompanied by a surge in the number of NHRIs established with broad mandates to promote and protect human rights The mandates and powers of the NHRIs vary from country to country as does their ability to deliver on these mandates Indeed the rapid increase in the number of NHRIs in Africa has come with a variety of substantive and operational challenges In the face of such challenges those who work in NHRIs need to understand the broader regional and global context in which the institutions operate and the changing nature of human rights issues This compendium provides an overview of NHRIs in eastern and southern Africa It is guided to a large extent by the internationally agreed upon Principles Relating to the Status of National Institutions referred to as the Paris Principles These Principles are broadly accepted as the benchmark against which the legitimacy and credibility of NHRIs can be assessed Endorsed by the United Nations General Assembly in 1993 the Paris Principles provide NHRIs with guidelines as to their competence and responsibilities their composition and guarantees of independence and pluralism and their methods of operation additional principles relate to the status of commissions with quasi-judicial competence The generous financial support of the Konrad Adenauer Stiftung Rule of Law for Sub-Saharan Africa Nairobi Kenya office is gratefully acknowledged Table of Contents PREFACE INTRODUCTION AN OVERVIEW OF NHRIS IN EASTERN AND SOUTHERN AFRICA THE OMBUDSMAN OF ANGOLA THE OFFICE OF THE OMBUDSMAN IN BOTSWANA THE BURUNDIAN INDEPENDENT NATIONAL HUMAN RIGHTS COMMISSION THE DEMOCRATIC REPUBLIC OF THE CONGO'S NATIONAL COMMISSION ON HUMAN RIGHTS 6 PART B THE SWAZILAND COMMISSION ON HUMAN RIGHTS AND PUBLIC ADMINISTRATION INTEGRITY THE ETHIOPIAN HUMAN RIGHTS COMMISSION THE KENYA NATIONAL COMMISSION ON HUMAN RIGHTS THE LESOTHO HUMAN RIGHTS COMMISSION THE LESOTHO HUMAN RIGHTS COMMISSION THE NATIONAL HUMAN RIGHTS COMMISSION OF MAURITIUS THE RWANDAN NATIONAL COMMISSION FOR HUMAN RIGHTS THE SOUTH AFRICAN HUMAN RIGHTS COMMISSION THE TANZANIAN COMMISSION FOR HUMAN RIGHTS AND GOOD GOVERNANCE THE ZAMBIAN HUMAN RIGHTS COMMISSION THE ZIMBABWE HUMAN RIGHTS COMMISSION NATIONAL HUMAN RIGHTS INSTITUTIONS IN EASTERN AND SOUTHERN AFRICA LESSONS AND PROSPECTS FOR THE FUTURE **The Right to Health at the Public/Private Divide** Colleen M. Flood, Aeyal Gross, 2014-04-28 A comparative study covering all continents this book explores the role of health rights in advancing greater equality through access to health care Achieving Person-Centred Health Systems Ellen Nolte, Sherry Merkur, Anders Anell, 2020-08-06 The idea of person-centred health systems is widely advocated in political and policy declarations to better address health system challenges A person-centred approach is advocated on political, ethical and instrumental grounds and believed to benefit service users, health professionals and the health system more broadly However there is continuing debate about the strategies that are available and effective to promote and implement person-centred approaches This book brings together the world's leading experts in the field to

present the evidence base and analyse current challenges and issues It examines person centredness from the different roles people take in health systems as individual service users care managers taxpayers or active citizens The evidence presented will not only provide invaluable policy advice to practitioners and policymakers working on the design and implementation of person centred health systems but will also be an excellent resource for academics and graduate students researching health systems in Europe This title is available as Open Access on Cambridge Core *Lay Involvement in Health and Other Research* Alan Earl-Slater,2004 Alan Earl Slater identifies practical ways to improve lay involvement in health research together with the kinds of difficulties and obstacles likely to be encountered This approach is in line with the government s aim to increase patient and lay involvement in all aspects of medicine *Health Politics in Europe* Ellen M. Immergut,Karen M. Anderson,Camilla Devitt,Tamara Popic,2021 Health Politics in Europe A Handbook is a major new reference work which provides historical background and up to date information and analysis on health politics and health systems throughout Europe In particular it captures developments that have taken place since the end of the Cold War a turning point for many European health systems with most post communist transition countries privatizing their state run health systems and many Western European health systems experimenting with new public management and other market oriented health reforms Following three introductory stage setting chapters the handbook offers country cases divided into seven regional sections each of which begins with a short regional outlook chapter that highlights the region s common characteristics and divergent paths taken by the separate countries including comparative data on health system financing healthcare access and the political salience of health Each regional section contains at least one detailed main case followed by shorter treatments of the other countries in the region Country chapters feature a historical overview focusing on the country s progression through a series of political regimes and the consequences of this history for the health system an overview of the institutions and functioning of the contemporary health system and a political narrative tracing the politics of health policy since 1989 This political narrative the core of each country case examines key health reforms in order to understand the political motivations and dynamics behind them and their impact on public opinion and political legitimacy The handbook s systematic structure makes it useful for country specific cross national and topical research and analysis *The Executive Years of the NHS* Brian Edwards,Margaret Fall,2005 This book provides a big picture look at the progression of the NHS executive boards in their various guises It questions how government should manage public services and health and whether the constitutional principle of parliamentary accountability will always demand that a minister be ultimately in charge **Legal and Ethical Issues in Nursing Education** Mary Ellen Smith Glasgow,H. Michael Dreher,Michael D. Dahnke,John Gyllenhammer,2020-09-20 Understand the legal framework that provides the structure of Nursing This is the only current text to critically examine the vast array of legal and ethical matters confronting nursing faculty in classroom and clinical settings Designed to assist students preparing to be nurse educators academic nursing administrators and novice and

seasoned faculty in making real life decisions about academic issues within a legal and ethical framework Replete with practical advice from experts in the fields of nursing law and ethics this text guides the reader through legal and ethical principles analyses of relevant case based scenarios and practical recommendations for handling problems in accordance with existing laws and institutional policy Clearly and concisely written and organized this text provides a comprehensive description of the legal process including higher education law the courts case law the role of a university attorney and how to read and cite judicial decisions Real world case scenarios and detailed analyses of pertinent issues including coverage of incivility discrimination harassment academic dishonesty and freedom of speech are examined from the perspective of students faculty and administrators Key Features Written by a nursing dean a former nursing dean an ethicist and a higher education attorney An entire section of legal and ethical cases featuring a unique philosophical and ethical perspective Delivers best practices for nursing faculty Provides tips on when to consult the university attorney critical elements to consider actions to take when law and ethics conflict helpful resources and a glossary of legal terms An Instructor s Manual and discussion questions facilitate teaching

Healthcare rights on trial in Latin America: A comparative study

Rodolfo Gutiérrez Silva, 2024-04-12 A muchos pacientes se les niega el acceso a los servicios de salud y a los medicamentos en América Latina por lo que los jueces tienen que intervenir Esta tendencia de judicialización se ha acelerado durante la última década En un sentido similar la literatura existente sobre la justiciabilidad y judicialización del derecho a la salud se ocupa de la cuestión de si los jueces deben intervenir o no en la protección del derecho a la salud Objetivo Evaluar los desafíos derivados del litigio del Derecho a la Salud en Colombia Argentina Brasil y México Metodología Marco analítico y metodológico cualitativo descriptivo y comparativo Incluye una revisión bibliográfica y 37 entrevistas semiestructuradas a jueces académicos y funcionarios gubernamentales Además se realizó un análisis jurisprudencial de la jurisprudencia más reciente en los 4 países mediante análisis de contenido Resultados En los cuatro países estudiados persiste un enfoque moderado orientado a las repercusiones en el litigio y preocupado por las consecuencias del proceso de judicialización Esto supone en primer lugar la incorporación de algunos límites y condiciones en el reconocimiento del derecho a la salud por parte de los Tribunales y en segundo lugar en términos generales que las sentencias no están teniendo en cuenta las causas estructurales que afectan a la litigiosidad Conclusiones Los tribunales deberían avanzar hacia un equilibrio intencional en el reconocimiento los remedios la supervisión y la evaluación de las sentencias Esto implica ser más reflexivos y estratégicos que reactivos y pasivos En otras palabras cuanto más inmaduro sea el sistema sanitario y más causas estructurales se perciban más reflexivos y estratégicos deberían ser los Tribunales y más se debería promover el reconocimiento la protección la supervisión y la evaluación Los Estados también deben adoptar medidas contundentes contra las causas estructurales y deben hacer operativo un enfoque de la salud más práctico y basado en los derechos de manera tangible
