

1870-1871: The first year of the American Civil War, a conflict between the Northern states and the Southern states over the issue of slavery.

1870-1871: The first year of the American Civil War, a conflict between the Northern states and the Southern states over the issue of slavery.

Protofeminismo Erotismo Y Comida En La Lozana Andaluza

Scott C. Dulebohn

Protofeminismo Erotismo Y Comida En La Lozana Andaluza:

Protofeminismo, erotismo y comida en La lozana andaluza Linnette Fourquet-Reed, 2004 With a grounding in the current theoretical understanding of Renaissance feminism this work presents an examination of Francisco Delicado's profeminist position in the context of what are currently described as individualist and relational models The individualist model proposes an autonomy of women in relation to men law and politics while the relational explores what women are and do in contrast to men Delicado's text offers the possibility of invoking both models simultaneously

Protofeminismo, Erotismo Y Comida en la Lozana Andaluza, **Fictionalizing heterodoxy** Folke Gernert, 2019-06-17 The information overload produced by the printing press and the new forms of the structuring of knowledge are echoed in fictional works The essays assembled in this book study the textualization of problematic forms of knowledge in medieval and early modern Spanish literature Literary Works like the *Libro buen amor* *La Lozana Andaluza* or the *Guzmán de Alfarache* are read against the backdrop of scientific developments of their times

Center and periphery: Twenty-first-century literature, cinema, media from Spain Amparo Alpañés, 2025-01-07 In a country where the richness of diverse cultures is often overshadowed by historical conflicts this book delves into the complex relationship between the so called center and periphery within Spain's borders Traditionally the center has symbolized Castilian identity while the periphery encompassed other regional cultures But in today's rapidly evolving social landscape what do these terms really mean This groundbreaking work reexamines the center vs periphery paradigm through the lens of contemporary Spanish literature cinema and media It poses critical questions about the existence and nature of a unified Spanish identity and investigates whether the tension between these cultural spheres persists The book also challenges readers to consider which aspects linguistic gender or other forms of identity play the most significant role in this dynamic Furthermore it scrutinizes whether marginalized groups such as BIPOC LGBTQ and differently abled communities are relegated to the periphery in modern Spain With no other published work focusing on these issues in 21st century Spain this book offers a fresh and nuanced perspective on cultural tensions that have shaped and continue to shape the nation Its innovative approach makes it an indispensable reference for researchers and students in gender and women's studies Queer studies media studies Spanish literature and language as well as those exploring nationalism separatism race and Blackness

The Picaresque Novel in Western Literature J. A. Garrido Ardila, 2015-05-19 Since the sixteenth century Western literature has produced picaresque novels penned by authors across Europe from Alemán Cervantes Lesage and Defoe to Cela and Mann Contemporary authors of neopicaresque are renewing this traditional form to express twenty first century concerns Notwithstanding its major contribution to literary history as one of the founding forms of the modern novel the picaresque remains a controversial literary category and its definition is still much contested The *Picaresque Novel in Western Literature* examines the development of the picaresque chronologically and geographically from its origins in sixteenth century Spain to the neopicaresque in Europe and the United States

A Companion to the

Spanish Picaresque Novel Edward H. Friedman, 2022 Written by an international group of scholars this edited collection provides an overview of the Spanish picaresque from its origins in tales of lowborn adventurers to its importance for the modern novel along with consideration of the debates that the picaresque has inspired The term picaresque describes a specific set of early modern Spanish narratives relating the life story of a lowborn adventurer in a realist ironic and often humorous manner The protagonist the picaro or p cara rascal seeks upward mobility in a resolutely hierarchical society determined to prevent his or her ascent and both are rich targets of satire Spanish p caros inspired Anglo French rogues including Gil Blas and Tom Jones and paved the way for the modern novel Written by an international group of scholars this edited collection provides an overview of the Spanish picaresque novel from its origins to the present day along with a treatment of the debates that the picaresque has inspired After introductory chapters on the picaresque genre and the origin of the phenomenon the book analyses canonical texts and their role in the picaresque spectrum Further chapters then turn to critical approaches to the genre and manifestations of the picaresque in Hispanic America France England and modern Spain Overall the book affords readers a broad sense of the range of this rich tradition and an in depth view of the field and its major texts

De la magia al escepticismo. Literatura, ciencia y pensamiento en los siglos XVI - XVIII Mariona Sánchez Ruiz, María Vázquez Melio, Miguel M. García-Bermejo Giner, Folke Gernert, Christina Johanna Bischoff, Luis María Gómez Canseco, Alberto Montaner Frutos, Felice Gambin, Miriam Palacios Larrosa, Robert Folger, Sònia Boadas, Jorge García López, 2018-12-28 Descripció Resum en Espanyol Castellano Los trabajos que el lector encontrar reunidos en el presente volumen son prolongación de las líneas de investigación abordadas previamente por la red hispanoalemana Saberes humanísticos y formas de vida El objeto de estudio en esta ocasión es la relación entre literatura ciencia y pensamiento en los siglos XVI XVIII basándose por la mayor parte en textos y formas de divulgación que tratan aspectos mágicos y escpticos Como es sabido el estudio de la literatura en muchas ocasiones no es únicamente literario ni siquiera humanístico sino que se vincula también con el horizonte científico y la episteme de cada época En los siglos XVI XVIII literatura ciencia y pensamiento estaban imbricados en las obras de muchos escritores cuyos intereses iban más allá de lo propiamente literario interesándose por la medicina la astrología o la astronomía entre otras opciones científicas Autores que ahora consideramos científicos fueran tenidos por hombres de letras o humanistas en un momento en que literatura y ciencia iban de la mano Al estudio de esa feliz convergencia va dedicado el volumen Descripció Resum en Català Els treballs que el lector trobar reunits en el present volum són prolongació de les línies de recerca abordades prèviament per la xarxa hispanoalemana Sabers humanístics i formes de vida L'objecte d'estudi en aquesta ocasió és la relació entre literatura ciència i pensament en els segles XVI XVIII basant-se per la major part en textos i formes de divulgació que tracten aspectes màgics i escptics Com és sabut l'estudi de la literatura en moltes ocasions no és únicament literari ni tan sols humanístic sin que es vincula també amb l'horitzó científic i l'episteme de cada época Als segles XVI XVIII literatura ciència i pensament estaven imbricats en les obres de molts escriptors

els interessos anaven més enllà del que simplement literari interessant se per la medicina l'astrologia o l'astronomia entre altres opcions científiques. Autors que ara considerem científics fossin tinguts per homes de lletres o humanistes en un moment en què literatura i ciència anaven de la mà. A l'estudi d'aquesta feli convergència va dedicar el volum *Descripción Resúmen Inglés*. The works that the reader will find in this volume are a continuation of the lines of research previously addressed by the Spanish German network. Humanistic knowledge and ways of life. The object of study on this occasion is the relationship between literature science and thought in the XVI-XVIII centuries based for the most part on texts and forms of dissemination that deal with magical and skeptical aspects. As is well known, the study of literature in many cases is not only literary, not even humanistic, but is also linked to the scientific horizon and the episteme of each era. In the sixteenth-eighteenth centuries, literature science and thought were imbricated in the works of many writers whose interests went beyond the strictly literary, interested in medicine, astrology or astronomy among other scientific options. Authors that we now consider scientists were considered men of letters or humanists at a time when literature and science went hand in hand. The volume is dedicated to the study of that happy convergence.

Lecturas del cuerpo. Fisiognomía y literatura en la España áurea Folke Gernert, 2018. La fisiognomía es una disciplina que interpreta el aspecto exterior de los seres humanos y a veces de animales para sacar conclusiones acerca de su carácter, disposición y destino. Los trabajos de investigación sobre la fisiognomía de la época medieval y renacentista son relativamente escasos, seguramente también porque para analizar la textualización de determinadas prácticas fisiognómicas es indispensable rastrear qué tratados fisiognómicos circulaban entonces en España y estaban al alcance de autores y lectores. La obra de Folke Gernert *Lecturas del cuerpo* aborda por primera vez la importancia de la fisiognomía en el Renacimiento y el siglo XVII español, la variedad de aspectos implicados en el estudio fisiognómico, modelos clásicos y medievales, los debates sobre su fundamentación científica o mítica, sus conexiones con otras ramas del saber, etc. Todo ello sin perder de vista la importación del saber fisiognómico en la literatura, analizando su aparición en diferentes géneros literarios: poesía, teatro y ficción caballeresca. Y con la mirada puesta en los manuales publicados en Europa en la Baja Edad Media y en la Edad Moderna. Estamos ante una obra con un enfoque interdisciplinar y transversal que abre prometedoras y nuevas vías de estudios.

Escritura somática, 2020-07-13. How is a body written and in which ways can literary texts shed light on the tension between immediate bodily expressions and writing if medieval writing practices compete with the new technology of printing? The present volume *Escritura somática*. La materialidad de la escritura en las literaturas ibéricas de la Edad Media a la temprana modernidad explores the relations between corporality and writing in genres and discourses that are key for understanding the phenomenon. The Iberian perspective including contributions on Spanish and Portuguese texts focusses on the materiality of writing with a shared epistemic frame. Contributors are Isabel de Barros Dias, Stephanie Breiziat, Lang Juan Casas Rigall, Robert Folger, Juan Pablo Mauricio García, Ivarez Miguel García Bermejo, Giner Folke Gernert, Santiago Gutiérrez García, Simon Kroll, Miriam Palacios Larrosa, Adrián J. Sés and Margarida
