Nipple Confusion, Uncoordinated Pooping, and Spittle Roger Friedman,2010-07-29 For new babies there are the first year

milestones that everyone talks about baby's first smile first steps and first words and then there are all the firsts that everyone conveniently forgets to mention The first time you find yourself hanging around the baby store parking lot waiting for the doors to open so you can make an emergency breast pump purchase The first time you discover that girls too can shoot pee across the changing table when you're least expecting it And the first time you discover baby poop smeared on your tie moments before you need to leave for work and it was your wife not you who changed the poopy diaper It's not surprising that firsts like this leave you feeling like you're on your own as a new father and that perhaps you should have skimmed one or two of your partner's 'what to expect' books that appeared everywhere around the house over the course of her pregnancy

With *Nipple Confusion Uncoordinated Pooping and Spittle The Life of a Newborn's Father* Roger Friedman wonderfully captures all of his daughter's firsts in an often humorous sometimes poignant and occasionally grown up manner It's an enjoyable honest account of the confusing terrifying and downright messy world of parenthood

The Novelist Jordan Castro,2023-07-18 Brisk and shockingly witty exuberantly scatological as well as deeply wise The Novelist is a delight Jordan Castro is a rare new talent an author highly attuned to the traditions he is working within while also offering a refreshingly fun sendup of life beset by the endless scroll Mary South author of You Will Never Be Forgotten In Jordan Castro's inventive funny and surprisingly tender first novel we follow a young man over the course of a single morning as he tries and fails to write an autobiographical novel finding himself instead drawn into the infinite spaces of Twitter quotidian rituals and his own mind The act of making coffee prompts a reflection on the limits of self knowledge an editor's embarrassing tweet sparks rage at the literary establishment a meditation on first person versus third examines choice and action an Instagram post about the ethics of having children triggers mimetic rivalry the act of doing the dishes is at once ordinary and profound one of the many small commitments that make up a life of stability The Novelist A Novel pays tribute to Nicholson Baker's The Mezzanine and Thomas Bernhard's Woodcutters but in the end is a wholly original novel about language and consciousness the internet and social media and addiction and recovery
