Proud Empires:

East of Empire Erin M.B. O'Halloran, 2025-03-11 From the outset of the twentieth century Egyptian and Indian leaders understood their movements for self determination as linked and part of a shared project Following World War I as connections between the Middle East and South Asia proliferated Egypt and India lay squarely at the heart of increasingly complex and multilateral relations East of Empire traces how anticolonial nationalism gained momentum across the East and documents the friendships rivalries cultural exchanges and shifting political alliances that came to animate the interwar project of Easternism a cosmopolitan vision of the world whose center of gravity lay beyond Europe in the great city of Cairo Erin O'Halloran offers a compelling new account of the era immediately preceding decolonization and the epochal partitions of India and Palestine Alongside well known figures like Mohandas K Gandhi Jawaharlal Nehru and Saad Zaghlul she introduces less familiar but no less intriguing personalities feminists diplomats and poets surrealists socialists and spies Each dreamed wrote organized and fought for the liberation of the East a space universally evoked though seemingly impossible to pin down Drawing on a broad cross section of Indian Arab British and European sources East of Empire transcends archival partitions to tell a powerful and nearly forgotten set of stories about the rise of anticolonial nationalism and the end of empire across the Middle East and South Asia

The Feringhees Elizabeth Hamilton, 2016-01-21 A stiff upper lip steely eyes and a cold heart is often how the English imperialist is pictured in popular imagination Drawing from memoirs commentaries and family letters Elizabeth Hamilton brings forth an alternative portrayal of her ancestors Sir Robert Hamilton and Sir William Barton Their careers in India are set against the momentous events of their times to present a different side of the colonialists of a quiet people dedicated to the tradition of upholding the law and avoiding conflict Volume I The Proud Empire traces the life of Sir Robert Hamilton from the beginning of his career under the watchful eye of his father up until his retirement Occupying multiple roles such as the Resident of Indore and Agent to the Governor General in the Central Provinces he is seen interacting with various prominent Indian figures such as the Rani of Jhansi Tantya Tope and Nana Sahib The picture of the arrogant imperialist fades away to be replaced by that of someone keen to make a difference to the society he was working in who encourages good governance mends ties in the midst of escalating tensions and must recover cities occupied by insurgents all the while shadowed by the burden of great personal losses Volume II The Straight Race tracks Sir William Barton's career in the early twentieth century Starting in the Punjab and the North West Frontier he later served as Resident in the well administered states of Mysore and Hyderabad where he stood up to the Nizam doing his best to set the administration on a less corrupt footing Retirement did not deter Sir William's close interest in Indian affairs he returned twice on tour as an advisor to electrical companies and travelled with a Ministry of Supply mission during the Second World War With three books and many articles for newspapers and journals on the subject India remained an integral part of his life

Napoleon's Empire Ute Planert, 2016-01-26 The Napoleonic Empire played a crucial role in reshaping

global landscapes and in realigning international power structures on a worldwide scale When Napoleon died the map of many areas had completely changed making room for Russia's ascendancy and Britain's rise to world power Masculinity and Spirituality in Victorian Culture Andrew Bradstock, Sue Morgan, 2000-10-04 In its specially commissioned fourteen chapters this important book discusses an impressively wide range of issues around the theme of male spirituality in the nineteenth century drawing from history cultural studies art history and literary criticism Topics explored include ideological and iconographical representations of masculinity across the major Christian denominations militarism and hymnody male homosexuality and homoeroticism The book is not afraid to explore controversial areas nor to go beyond the generally acknowledged canon of prescribers of gender identity it includes for example leading nonconformist figures like William Booth and Charles Haddon Spurgeon and early gay writers like John Addington Symonds *Who Owns the Land?* Charles H. Dyer, Stanley Ellisen, 2024-10-01 Who Owns the Land That's the question being asked in homes and on college campuses all over the world The conversations can be heated and fraught with tension There are accusations Anger And pain Who is at fault Are the Israelis occupiers and oppressors We are seeing a rising tide of antisemitism across the globe What is the history of this conflict You may have looked to Google for some clarity but a mere Google search is not able to provide sufficient understanding or answers to your questions Who Owns the Land provides insight and knowledge behind the Arab Israeli conflict In addition to offering perspective on recent events Who Owns the Land traces the journey of the Jewish people through history and explains the events that have led to the current situation in the Middle East today This revised and updated version of Dr Stanley Ellisen's bestselling book examines the numerous Jewish migrations and expulsions the emergence of Zionism World War II and the Holocaust and a view of the Jews promised restoration Who Owns the Land helps readers place the current Middle East conflict in its proper historical context and enables us to interpret current events in light of the Bible The Cult of Imperial Honor in British India S. Patterson, 2009-03-30 What was imperial honor and how did it sustain the British Raj If No man may harm me with impunity was an ancient theme of the European aristocracy British imperialists of almost all classes in India possessed a similar vision of themselves as overlords belonging to an honorable race so that ideals of honor condoned and sanctified their rituals connecting them with status power and authority Honor most broadly legitimated imperial rule since imperialists ostensibly kept India safe from outside threats Yet at the individual level honor kept the white herd together providing the protocols and etiquette for the imperialist who had to conform to the strict notions of proper and improper behavior in a society that was always obsessed with maintaining its dominance over India and Indians Examining imperial society through the prism of honor therefore opens up a new methodology for the study of British India A History of the English-Speaking Peoples since 1900 Andrew Roberts, 2010-12-16 Prize winning British historian tells the story of the English speaking peoples in the 20th century Winston Churchill's History of the English Speaking Peoples ended in 1900 Andrew Roberts Wolfson History prizewinner has been inspired by Churchill's example to write the

story of the 20th century Churchill wrote Every nation or group of nations has its own tale to tell Knowledge of the trials and struggles is necessary to all who would comprehend the problems perils challenges and opportunities which confront us today It is in the hope that contemplation of the trials and tribulations of our forefathers may not only fortify the English speaking peoples of today but also play some small part in uniting the whole world that I present this account As the greatest of all the trials and tribulations of the English speaking peoples took place in the twentieth century Roberts book covers the four world historical struggles in which the English speaking peoples have been engaged the wars against German Nationalism Axis Fascism Soviet Communism and now the War against Terror But just as Churchill did in his four volumes Roberts also deals with the cultural social and political history of the English global diaspora **Oroonoko** Susan B. Iwanisziw,2017-11-30 With the aim of examining the postcolonial applications of Aphra Behn s re entry into the literary canon the editor presents this edition as a collection representing the nexus of very specific articulations of literary cultural and political tropes produced by various writers and adapters from 1695 through 1999 The volume begins with a general introduction It then presents seven 18th century versions of the play and one poem ending with Biyi Bandele s late 20th century drama All texts are supplemented by original paratextual commentary if that is known and prefaced by a brief editorial commentary setting out pertinent biographical bibliographical theatrical and historical context not covered in the general introduction The tradition of stage adaptations of Oroonoko most of them keyed to Southerne s drama rather than to Behn s initial novella clearly shows the responsiveness of this series to studies of authorship gender genre and theatricality class race and especially the British response to the Atlantic slave trade and thus to the enduring relevance of these plays in modern literary and historical scholarship **Poems** Hannah More,1816 *The English Parnassus* John Adams,1789
