Proust Between Two Centuries:

Proust Antoine Compagnon, **A Reader's Guide to Proust's 'In Search of Lost Time'** David Ellison, 2010-02-18 A detailed analysis of Proust's masterpiece aimed at students coming to the work for the first time **Proust's Deadline** Christine M. Cano, 2010-10-01 Marcel Proust's multivolume masterpiece *la recherche du temps perdu* began to appear in 1913. Over the next fifty years it gained a reputation as one of the greatest literary works of the twentieth century. But the novel's classic image as a completed work was later shattered by the discovery of unpublished drafts and the war of the Prousts has kept scholars arguing over its definitive form ever since. Christine M. Cano's *Proust's Deadline* presents a concise history of the publishing and reception of *la recherche du temps perdu* and sorts out the most important issues that have arisen from the ensuing debates about the text. She ultimately shows how this quintessential book about time tells another story about time's passage: the story of Proust's mortal confrontation with the temporality of writing, publishing, and reading.

Proust's Snobs, Inverts, and Jews Adeline Soldin, 2025-03-06 An intersectional investigation of identity formation in Marcel Proust's magnum opus. As metonyms for broader categories such as class, sexuality, and ethnicity, the three most discussed identity groups in Proust's *la Recherche du Temps Perdu*—snobs, inverts, and Jews—prove to be deeply intertwined and perplexing representations. Attentive to these interwoven complexities, *Proust's Snobs, Inverts, and Jews* examines the novelist's exploitation of classification systems as a means to subvert the notion of a fixed identity. To illustrate Proust's challenges to a social order that restricts our perceptions of identity, Adeline Soldin addresses the inconsistencies and friction surrounding the portrayal of these key figures in his seven-volume novel. Many scholars have recognized that the narrator's formative journey in *La Recherche* leads to disillusionment and increased mockery of his fellow characters. Soldin contends, however, that Proust does not merely deride characters' behavior but rather interrogates their diverse motivations and tendencies, thereby exposing the performative nature of identity. *Proust's Snobs, Inverts, and Jews* draws on Judith Butler's theories of performativity to illustrate Proust's precocious portrayal of identity in *La Recherche* as an elusive, unattainable idea that characters pursue yet consistently fail to establish. Ultimately, the enigmatic and anonymous narrator models fluidity and promotes fantasy and imagination to compensate for the limitations imposed on individuals by social and linguistic conventions. Proust and the Arts Christie McDonald, François Proulx, 2015-11-05 *Proust and the Arts* brings together expert Proustians and renowned interdisciplinary scholars in a major reconsideration of the novelist's relation to the arts. Going beyond the classic question of the models used by Proust for his fictional artists, the essays collected here explore how he learned from and integrated in highly personal ways the work of such creators as Wagner or Carpaccio. This volume reveals the breadth of Proust's engagement with varied art forms from different eras, from primitive arts to sound recordings, from medieval sculpture to Art Nouveau glassmaking, and from portrait photography to the private art of doodling. Chapters bring into focus issues of perception and detail in examining how Proust encountered and responded to works of art and

the insufficiency of the dualist perspective and invites the reader to take a step beyond it Erika Fuelop is an independent researcher whose doctoral thesis completed at the University of Aberdeen is at the basis of this monograph

Modernist Fiction, Cosmopolitanism and the Politics of Community Jessica Berman, 2001-08-13 In *Modernist Fiction* *Cosmopolitanism and the Politics of Community* first published in 2001 Jessica Berman argues that the fiction of Henry James Marcel Proust Virginia Woolf and Gertrude Stein engages directly with early twentieth century transformations of community and cosmopolitanism Although these modernist writers develop radically different models for social organization their writings return again and again to issues of commonality shared voice and exchange of experience particularly in relation to dominant discourses of gender and nationality The writings of James Proust Woolf and Stein she argues not only inscribe early twentieth century anxieties about race ethnicity nationality and gender but confront them with demands for modern cosmopolitan versions of community This study seeks to revise theories of community and cosmopolitanism in light of their construction in narrative and in particular it seeks to reveal the ways that modernist fiction can provide meaningful alternative models of community

Ruskin and Gender Dinah Birch, Francis O'Gorman, 2002-05-20 For many years Ruskin has seemed at best a conservative thinker on gender roles At worst his lecture *On Queens Gardens* from *Sesame and Lilies* was read as a locus classicus of Victorian patriarchal oppression These essays challenge such assumptions presenting a wide ranging revaluation of Ruskin's place in relation to gender and offering new perspectives on continuing debates on issues of gender in the Victorian period and in our own

Proust's Cup of Tea Emily Eells, 2017-03-02 Proust's *Cup of Tea* analyzes Proust's reading of various Victorian authors and shows how they contributed to *A la recherche du temps perdu* This book proves that British literature and art played a fundamental role in Proust's writing process by citing from the manuscript versions of his novel as well as from his correspondence essays and the lengthy critical apparatus accompanying his translations of Ruskin Eells reflects here on why Proust was attracted to Victorian culture and how he incorporated it into his novel The works of the British novelists he was most interested in Thomas Hardy and George Eliot address questions of gender which Proust develops in his own work He builds *Sodome et Gomorrhe I* the section of his novel focusing on homosexuality on a series of explicit citations and guarded allusions to Shakespeare Darwin Walter Scott Oscar Wilde and Robert Louis Stevenson Eells explores how Proust followed in the pioneering footsteps of those British writers who had ventured beyond the boundaries of conventional sexuality though he took pains to erase their traces in the definitive version of his work This study also highlights how Proust made his fictitious painter Elstir into a master of ambiguity by modeling his art on Turner the Pre Raphaelites and Whistler Eells shows that Proust drew on Victorian culture in his depiction of sexual ambiguity arguing that he confounded eroticism and aestheticism in the way he inextricably linked the man woman figure with British art and literature As Proust aestheticized male and female homosexuality using references to British art and letters Eells coins the term *Anglosexuality* to refer to his characters of the third sex She defines *Anglosexuality* as an

intersexuality represented through intertextuality as an artistic sensitivity an aesthetic stance and a new way of seeing Proust's Cup of Tea thus demonstrates that Victorian culture and homoeroticism form one of the cornerstones of Proust's monumental work

Monsieur Proust's Library Anka Muhlstein, 2012-11-06 Reading was so important to Marcel Proust that it sometimes seems he was unable to create a personage without a book in hand Everybody in his work reads servants and masters children and parents artists and physicians The more sophisticated characters find it natural to speak in quotations Proust made literary taste a means of defining personalities and gave literature an actual role to play in his novels In this wonderfully entertaining book scholar and biographer Anka Muhlstein the author of Balzac's Omelette draws out these themes in Proust's work and life thus providing not only a friendly introduction to the momentous *In Search of Lost Time* but also exciting highlights of some of the finest work in French literature

Uncertainty and Undecidability in Twentieth-Century Literature and Literary Theory Mette Leonard Høeg, 2022-04-28 Undecidability is a fundamental quality of literature and constitutive of what renders some works appealing and engaging across time and in different contexts This book explores the essential literary notion and its role function and effect in late nineteenth and twentieth century literature and literary theory The book traces the notion historically providing a map of central theories addressing interpretative challenges and recalcitrance in literature and showing theory of uncertainty to be an essential strand of literary theory While uncertainty is present in all literature and indeed a prerequisite for any stabilisation of meaning the Modernist period is characterised by a particularly strong awareness of uncertainty and its subforms of undecidability ambiguity indeterminacy etc With examples from seminal Modernist works by Woolf Proust Ford Kafka and Musil the book sheds light on undecidability as a central structuring principle and guiding philosophical idea in twentieth century literature and demonstrates the analytical value of undecidability as a critical concept and reading strategy Defining undecidability as a specific sustained and productive kind of uncertainty and distinguishing it from related forms such as ambiguity indeterminacy and indistinction the book develops a systematic but flexible theory of undecidability and outlines a productive reading strategy based on the recognition of textual and interpretive undecidability

Proust, Class, and Nation Edward J. Hughes, 2011-09-08 Edward J. Hughes here seeks to assess how Proust and his novel *A la Recherche du Temps Perdu* might be understood in relation to issues of class and nation

Memory Dmitri Nikulin, 2015-07-30 In recent decades memory has become one of the major concepts and a dominant topic in philosophy sociology politics history science cultural studies literary theory and the discussions of trauma and the Holocaust In contemporary debates the concept of memory is often used rather broadly and thus not always unambiguously For this reason the clarification of the range of the historical meaning of the concept of memory is a very important and urgent task This volume shows how the concept of memory has been used and appropriated in different historical circumstances and how it has changed throughout the history of philosophy In ancient philosophy memory was considered a repository of sensible and mental impressions and was

complemented by recollection the process of recovering the content of past thoughts and perceptions Such an understanding of memory led to the development both of mnemotechnics and the attempts to locate memory within the structure of cognitive faculties In contemporary philosophical and historical debates memory frequently substitutes for reason by becoming a predominant capacity to which one refers when one wants to explain not only the personal identity but also a historical political or social phenomenon In contemporary interpretation it is memory and not reason that acts in and through human actions and history which is a critical reaction to the overly rationalized and simplified concept of reason in the Enlightenment Moreover in modernity memory has taken on one of the most distinctive features of reason it is thought of as capable not only of recollecting past events and meanings but also itself In this respect the volume can be also taken as a reflective philosophical attempt by memory to recall itself its functioning and transformations throughout its own history

The Ends of Mourning Alessia Ricciardi, 2003 *The Ends of Mourning* explores from an interdisciplinary perspective the contemporary crisis of mourning In an age skeptical of history and memory we relate to the past only as a spectacle a product to be consumed in the cultural marketplace The book charts the emergence and development of the problem of mourning in the writings of Freud Proust and Freud's successor Lacan Freud's idea of sorrow work and Proust's concept of involuntary memory defined the terms of the classic modernist account of mourning in the fields of psychoanalysis and literature Yet their insistence on the egotistical aspects of loss to the exclusion of all ethical and political considerations threatens the dissolution of the question of mourning
