Province And Empire:

The Roman Empire's Provinces Rogan Fish, In the early days of the Roman Empire provinces played a pivotal role in maintaining and expanding Roman control over vast territories The establishment and management of these provinces were essential to Rome's transition from a republic to an imperial power As the empire grew the need for efficient governance led to the development of a provincial system that would become the backbone of Roman administration The formation of Roman provinces began during the Republic but it was under Augustus the first emperor that the system became more structured and organized Augustus divided the provinces into two categories senatorial and imperial Senatorial provinces were typically peaceful and long standing territories governed by proconsuls appointed by the Senate In contrast imperial provinces were often frontier areas or regions requiring a significant military presence administered by legates appointed by the emperor This division allowed Augustus to maintain control over the army while giving the Senate a role in governance Provincial boundaries were often drawn based on previous territorial conquests or strategic needs As Rome continued to expand new provinces were added including those in the east after the defeat of Egypt and in the west following the conquest of Gaul and Hispania Each new territory brought diverse cultures and peoples under Roman rule necessitating a flexible and adaptive administrative approach

A Provincial History of the Ottoman Empire Marc Aymes, 2013-08-15 Provincializing the history of the Ottoman Empire this book provides a critical approach to the projects of modernity that took place in the Eastern Mediterranean over the past two centuries Leaving their mark on this period are the turmoil of insurgency in Greece and Egypt a growing intervention of European Powers in Eastern Mediterranean politics and the unfolding of large reform projects within the administration of the Ottoman Empire Whilst these developments have prompted enduring debates over Middle Eastern paths of transformation the case of Cyprus has remained isolated from these discussions something this book seeks to address One of the first research monographs to appear in English on Cyprus during the eventful times of the Ottoman long 19th century this book consistently seeks to provide a dialogue between source analyses and theoretical frameworks Exploring the myriad relationships between this singular locality and the regional not to say global dynamics of empire trade and social change at that time *A Provincial History of the Ottoman Empire* will be of interest to students and scholars with an interest in the Middle East and Modern History

range of examples from the first cuneiform clay tablet Egyptian hieroglyphs and Japanese syllabaries to the printing press and the text messaging Weaves together ideas from a number of fields including history cultural studies and archaeology as well as linguistics and literature to create an interdisciplinary volume Traces the origins of each of the world's major written traditions along with their applications adaptations and cultural influences Metaxuheimir Keith Croze, 2023-11-19 The Thriverold Histories are the three part biographical story of Ren Lioghtfinna His story is one interwoven with the events that consume three different worlds This first book recounts how Ren comes of age and finds his place in a world that stands between those of light and darkness a world called Metaxuheimir Ren must navigate the events surrounding the final collapse of the Ancient Order as both a bystander and key participant in the history of Metaxuheimir As new powers emerge political and social chaos is inevitable This chaos is used by the emerging political power called the Mountain but also by a more ancient power However this ancient power that seeks to once again enslave humans he must contend with another rising power that of The Kingdom of Eternal Light As a soldier in the Skotian empire Ren must fight political forces that seek to destroy his world forces that wield awesome powers emanating from the Rift known as Riptek The power of the Rift is a terrible power used by humans to enslave the weak enrich themselves and destroy their political enemies But these powers come at a price one that could once again transform Metaxuheimir into a world enslaved by powerful ancient forces from beyond the Rift *Roman Imperial Coinage II.3* Richard Abdy, Peter Mittag, 1-01-01 The standard reference work for Roman Imperial coinage of Hadrian now occupies a fully revised and greatly expanded standalone volume to cover the last epoch of what many consider the apogee of Roman coinage begun with Nero's reform of AD 64 when great effort was taken over their iconographic designs It is also a long overdue attempt to reconcile our increased 21st century understanding of this otherwise lightly documented reign of one of the key figures in Roman history The rich symbolism of the reign is also expressed in prodigious issues of Hadrian's medallic pieces many covered in RIC for the first time **Empires of Knowledge** Paula Findlen, 2018-10-26 Empires of Knowledge charts the emergence of different kinds of scientific networks local and long distance informal and institutional religious and secular as one of the important phenomena of the early modern world It seeks to answer questions about what role these networks played in making knowledge how information traveled how it was transformed by travel and who the brokers of this world were Bringing together an international group of historians of science and medicine this book looks at the changing relationship between knowledge and community in the early modern period through case studies connecting Europe Asia the Ottoman Empire and the Americas It explores a landscape of understanding and misunderstanding nature through examinations of well known intelligencers such as overseas missions trading companies and empires while incorporating more recent scholarship on the many less prominent go betweens such as translators and local experts which made these networks of knowledge vibrant and truly global institutions Empires of Knowledge is the perfect introduction to the global history of early modern science and medicine

The Parthian and Early Sasanian Empires Vesta Sarkhosh Curtis, Michael Alram, Touraj Daryaee, Elizabeth Pendleton, 2016-08-30 Although much of the primary information about the Parthian period comes from coins there has been much new research undertaken over the past few decades into wider aspects of both the Parthian and Sassanian Empires including the Arsacid Parthians and their material culture Despite a change of ruling dynasty the two empires were closely connected and cannot be regarded as totally separate entities The continuation of Parthian influence particularly into the early Sasanian period cannot be disputed An historic lack of detailed information arose partly through the relative lack of excavated archaeological sites dating to the Parthian period in Iran and western scholars lack of knowledge of recent excavations and their results that are usually published in Persian coupled with the inevitable difficulties for academic research engendered by the recent political situation in the region Although an attempt has been made by several scholars in the west to place this important Iranian dynasty in its proper cultural context the traditional GrecoRoman influenced approach is still prevalent The present volume presents 15 papers covering various aspects of Parthian and early Sasanian history material culture linguistics and religion which demonstrate a rich surviving heritage and provide many new insights into ideology royal genealogy social organization military tactics linguistic developments and trading contacts House documents, 1889 An Inquiry Into the Nature and Causes of the Wealth of Nations Adam Smith, John Ramsay McCulloch, 1859 The Story of the Greatest Nations, from the Dawn of History to the Twentieth Century Edward Sylvester Ellis, 1906 **Journal of the Society of Arts** Royal Society of Arts (Great Britain), 1905 *A Companion to Latin Studies* John Edwin Sandys, 1921 *The Pax Assyriaca: The Historical Evolution of Civilisations and Archaeology of Empires* Benjamin Toro, 2022-02-24 This study of the evolutionary process of ancient civilisations stresses the complementarity between theoretical principles and the relevant historical and archaeological evidence Taking its approach from World Systems Theory it focuses on the origin development and collapse of the first Near Eastern stage of the Central Civilisation

Missionary Interests David Golding, Christopher Cannon Jones, 2024-04-15 In *Missionary Interests* David Golding and Christopher Cannon Jones bring together works about Protestant and Mormon missionaries in the nineteenth and twentieth centuries charting new directions for the historical study of these zealous evangelists for their faith Despite their sectarian differences both groups of missionaries shared notions of dividing the world categorically along the lines of race status and relative exoticism and both employed humanitarian outreach with designs to proselytize American missionaries occupied liminal spaces between proselytizer and proselytized feminine and masculine colonizer and colonized Taken together the chapters in *Missionary Interests* dismantle easy characterizations of missions and conversion and offer an overlooked juxtaposition between Mormon and Protestant missionary efforts in the nineteenth and twentieth centuries **The New Universal Gazetteer; Or, Geographical Dictionary: Containing a Description of All the Empires, Kingdoms, States, Provinces, Cities, Towns, Forts, Seas, Harbours, Rivers, Lakes, Mountains, and Capes, in the Known World ...**
