Congress. House. Committee on The Provocateur Lawrence Weber, 2002-03-26 What s the difference between CEOs like Lou Armed Services.1966 Gerstner of IBM and Larry Ellison of Oracle Between basketball coaches Phil Jackson and Bobby Knight Or media entrepreneurs Oprah Winfrey and Rupert Murdoch Gerstner Jackson and Winfrey are provocateurs leaders who are successful not just because they have built a company or an organization but because they have created a community Provocateurs are changing both the form and the content of leadership and are in sync with a world being turned upside down by technology the global economy and the social landscape Success has traditionally been based on command and control and the model for many leaders was the general who marshaled people and resources to get the product out the door and onto the shelf Early in his career Larry Weber had the opportunity to meet or work with people like Mitch Kapor the founder of Lotus and Steve Jobs the cofounder of Apple He saw that they were more like the leaders of rock bands or the directors of theater groups or circus ringmasters who encourage innovation and individuality A rock band does have a leader think of Mick Jagger and the Rolling Stones but one who promotes the group and encourages individuality And when a rival band comes to town it s not cause for head to head competition but an opportunity to increase the size of the pie by creating more fans or customers for their genre of music Provocateurs think and act differently because they put the customer at the center of everything They are Educators like Patrick McGovern who built IDG into a publishing and research powerhouse by empowering his employees to think globally and act locally Entertainers like Jeff Taylor who managed to build a bond with Monster com employees and customers through talent and charisma Sherpas like Rick Wagoner who is guiding General Motors into new territories Concierges like Lou Gerstner of IBM who believe the product is important but so are customer service delivery financing and every other element They keep everything running smoothly from check in to check out So if someone says Your company is like a circus Larry Weber wants you to take it as a compliment After all who wouldn't want to be compared with Cirque du Soleil an organization that combines creativity artistry and caring for its people with success and profit The people running organizations like this circus are provocateurs at the cutting edge of business For a free subscription to the Crown Business E Newsletter e mail CrownBusiness RandomHouse com Visit the Crown Business website at www CrownBusiness com The Poet as Provocateur George F. War Robert W. Thurston, Bernd Bonwetsch, 2000 The People's War lifts the Stalinist veil of secrecy to probe an almost untold side of World War II the experiences of the Soviet people themselves Going beyond dry and faceless military accounts of the eastern front of the Great Patriotic War and the Soviet state s one dimensional heroic People this volume explores how ordinary citizens responded to the war Stalinist leadership and Nazi invasion Drawing on a wealth of archival and recently published material contributors detail the calculated destruction of a Jewish town by the Germans and present a chilling picture of life in occupied Minsk They look at the cultural developments of the war as well as the wartime experience of intellectuals for whom the period was a time of relative freedom They discuss women s myriad roles in combat and other spheres of activity They also reassess the behavior and morale of ordinary Red Army troops and offer new conclusions about early crushing defeats at the hands of the Germans defeats that were officially explained as cowardice on the part of high officers A frank investigation of civilian life behind the front lines The People's War provides a detailed balanced picture of the Stalinist USSR by describing not only the command structure and repressive power of the state but also how people reacted to them cooperated with or opposed them and adapted or ignored central policy in their own ways By putting the Soviet people back in their war this volume helps restore the range and complexity of human experience to one of history s The Theory and Practice of Communism: Communist Party, USA, attempts to repenetrate most savage periods the trade union movement United States. Congress. House. Committee on Internal Security, 1973 Dictatorship Joseph Scalice, 2023-07-15 The Drama of Dictatorship uncovers the role played by rival Communist parties in the conflict that culminated in Ferdinand Marcos s declaration of martial law in 1972 Using the voluminous radical literature of the period Joseph Scalice reveals how two parties the PKP and the CPP torn apart by the Sino Soviet dispute subordinated the explosive mass struggles of the time behind rival elite conspirators. The PKP backed Marcos and the CPP his bourgeois opponents The absence of an independent mass movement in defense of democracy made dictatorship possible The Drama of Dictatorship argues that the martial law regime was not fundamentally the outcome of Marcos s personal guest to remain in power but rather a consensus of the country's ruling elite confronted with mounting social unrest that authoritarian forms of rule were necessary to preserve their property and privileges The bourgeois opponents of Marcos did not defend democracy but like Marcos plotted against it White Book on Aggressive Activities by the Governments of the USSR, Poland, Czechoslovakia, Hungary, Rumania, Bulgaria and Albania Towards Yugoslavia, 1980 Bulletin .1998 LEXICAL **LUMINARY** Chinua Asuzu, 2025-07-16 This book is a bold incisive companion for the reader who loves language and wants to wield it with precision force and grace Drawing from the author's lifetime of lexical inquiry and legal practice this book blends erudition with clarity and instruction with delight The book invites you to sharpen your vocabulary appreciate the fine distinctions between deceptively similar words and discover the compelling and evocative origins of selected terms Along the way you ll explore the meanings that matter not the obscure or ornamental but the vital and often misunderstood Written for
