COTT,2009-06-30 We commonly think of marriage as a private matter between two people a personal expression of love and commitment In this pioneering history Nancy F Cott demonstrates that marriage is and always has been a public institution From the founding of the United States to the present day imperatives about the necessity of marriage and its proper form have been deeply embedded in national policy law and political rhetoric Legislators and judges have envisioned and enforced their preferred model of consensual lifelong monogamy a model derived from Christian tenets and the English common law that posits the husband as provider and the wife as dependent In early confrontations with Native Americans emancipated slaves Mormon polygamists and immigrant spouses through the invention of the New Deal federal income tax and welfare programs the federal government consistently influenced the shape of marriages And even the immense social and legal changes of the last third of the twentieth century have not unraveled official reliance on marriage as a pillar of the state By excluding some kinds of marriages and encouraging others marital policies have helped to sculpt the nation s citizenry as well as its moral and social standards and have directly affected national understandings of gender roles and racial difference Public Vows is a panoramic view of marriage s political history revealing the national government s profound role in our most private of choices No one who reads this book will think of marriage in the same way again      Marriage Migration, Intercultural Families and Global Intimacies Kathryn Robinson,2024-03-18 This book brings an innovative study of marriage migration in Australia offering new insights into issues of intimacy and authenticity online In doing so it delivers on five main objectives exploring emotional attachment and personal life in global spaces interrogating stereotypes and their pervasive influence on personal relations analysing attitudes and social practice within the institution of marriage investigating immigration policy marriage and citizens rights theorizing gender and class relations in the current global order The analysis moves between online and offline social relations and processes with comparative data enabling a critical framing of the data on marriage relationships developed online This important contribution places contemporary forms of transcultural marriage and marriage brokering in a historical context of marriage in the Anglosphere tradition and in particular historical forms of marriage migration in settler colonial and now multicultural Australia including histories of colonial era bride ships and post WW2 proxy brides from southern Europe      Loving the Earl (Book 4 The Lords of London Regency Series) Patricia Grasso,2022-01-12 A desperate woman in danger Princess Amber Kazanov needs a husband She flees her native Russia in peril and takes refuge in England with her cousin Prince Rudolf Kazanov and his English wife Prince Rudolf knows only one man who has the power and strength to protect Amber Arriving with Amber at the Earl of Stratford s home Rudolf makes the earl an outrageous proposition A broken man in denial Miles Montgomery the Earl of Stratford wants to be left alone Since
