Committee on Energy and Natural Resources, 1991 **The Governor's Solution** Todd Moss, 2013-02-01 Reliance on natural resource revenues particularly oil is often associated with bad governance corruption and poverty Worried about the effect of oil on Alaska Governor Jay Hammond had a simple yet revolutionary idea let citizens have a direct stake The Governor's Solution features his firsthand account that describes with brutal honesty and piercing humor the birth of the Alaska Permanent Fund dividend which has been paid to each resident every year since 1982 Thirty years later Hammond's vision is still influencing oil policies throughout the world This reader part of the Center for Global Development's Oil to Cash initiative includes recent scholarly work examining Alaska's experience and how other oil rich societies particularly Iraq might apply some of the lessons It is as a powerful reminder that the combination of new ideas and determined individuals can make a tremendous difference even in issues as seemingly complex and intractable as fighting the oil curse *Bruce Babbitt Nomination* United States.
