Christopher R. Smith,2011-07-20 A Bible Study guide explaining the different kinds of songs written in ancient times and how
many of them have become part of the Bible Psalms, Part 2, and Lamentations Erhard S. Gerstenberger,2001 Psalms Part
2 and Lamentations is Volume XV of The Forms of the Old Testament Literature a series that aims to present a form critical
analysis of every book and each unit in the Hebrew Bible Fundamentally exegetical the FOTL volumes examine the structure
genre setting and intention of the biblical literature in question They also study the history behind the form critical
discussion of the material attempt to bring consistency to the terminology for the genres and formulas of the biblical
literature and expose the exegetical procedures so as to enable students and pastors to engage in their own analysis and
interpretation of the Old Testament texts This volume completes Erhard Gerstenberger s widely praised discussion of the
psalms literature begun in Volume XIV and includes as well an admirable study of the book of Lamentations Gerstenberger
interprets the different kinds of songs and prayers that comprise the book of Psalms in light of their socio historical settings
and provides a concise formal and structural analysis of each biblical text based on an illuminating comparison with other
ancient Near Eastern prayers and hymns Seeing the biblical writings in relation to the social cultic religious and theological
conceptions of Israel s neighboring peoples allows contemporary readers to better grasp the purpose and spiritual meaning of

approaches to praying to God In this book Claus Westermann investigates these primary categories of the Psalms and shows
their meaning for prayer and worship He contrasts the Old Testament Psalms with those of Babylon and Egypt indicating

Psalms as Christian Lament a companion volume to The Psalms as Christian Worship uniquely blends verse by verse

commentary with a history of Psalms interpretation in the church from the time of the apostles to the present Bruce Waltke James Houston and Erika Moore examine ten lament psalms including six of the seven traditional penitential psalms covering Psalms 5 6 7 32 38 39 44 102 130 and 143 The authors experts in the subject area skillfully establish the meaning of the Hebrew text through careful exegesis and trace the church s historical interpretation and use of these psalms highlighting their deep spiritual significance to Christians through the ages Though C S Lewis called the imprecatory psalms contemptible Waltke Houston and Moore show that they too are profitable for sound doctrine and so for spiritual health demonstrating that lament is an important aspect of the Christian life **The Psalms of Lament in Mark's Passion** Stephen P.

Ahearne-Kroll,2007-10-18 Ahearne Kroll examines the literary interaction between Mark s passion narrative and four Psalms of Individual Lament **Psalms, Part 2 ; Lamentations** Erhard S. Gerstenberger,2001 **God in the Dock** Carleen Mandolfo,2003-01-01 This book examines the dialogic structure of biblical psalms of lament Observations about voicing are developed out of the work of Mikhail Bakhtin and are utilized to reevaluate the theological expression of lament psalms as well as components of Israel s rhetorical relationship with its deity What emerges is a theology that gives voice to the tension that existed between faith in a god who practices flawless hesed or covenantal loyalty and the experience of God s failure to uphold his side of the bargain *In the House of the Lord* Michael Jenkins,1998 What would it mean for us to inhabit the world of the psalmist In the House of the Lord Inhabiting the Psalms of Lament Michael Jenkins invites us to discover the answer to this question by entering into that world where lamentation is turned into praise 0 Divine Metaphors in Selected Hebrew Psalms of Lamentation Alec Basson,2006 In this book Alec Basson examines the divine metaphors in a selection of biblical Hebrew Psalms of Lamentation from a cognitive anthropological perspective The study signals a move beyond the more traditional approaches to the Psalms and argues that the textual information in these poems is more than literary information as such it is also a cognitive representation of the psalmist s world The divine portrayals arise from the supplicant s cognitive organisation and utilisation of cultural information which include the everyday experiences In situations of affliction the poet employs various cognitive strategies viz cultural models image schemas and conceptual metaphors as a means of portraying the deity The exploration illustrates the link between the psalmist s cultural experience cognitive construal of reality and the metaphorical representations The utilisation of the different cognitive tools gives rise to new and recurring images of the deity and accounts for the multiple depictions of Yahweh The investigation arrives at the conclusion that to appreciate fully the divine metaphors used in the Psalms of Lamentation one has to examine the cognitive world of the poet
