Psyche Reborn The Emergence Of H D:

Psyche Reborn Susan Stanford Friedman, 1981-11-22 a major study of the poetry Sandra M Gilbert New York Times Book Review the first book length study to approach H D from a feminist perspective *Psyche Reborn* is a valuable book not only for H D specialists but also for those interested in twentieth century intellectual history Cheryl Walker Signs lucid deeply informed assessment Joanne Felt Diehl Tulsa Studies in Women s Literature Indiana University Press should be heartily commended for promoting *Psyche Reborn* in paperback hence making this vital critical work more widely available Lesbian and Gay Studies Newsletter a richly documented polemical and intelligent study Friedman s is a splendid and rewarding achievement The Year s Work in English Studies *The History of the Epic* A. Johns-Putra, 2006-07-11 This book presents a history of the epic from the classical age to the present day It deals not just with the well know epics of antiquity and the Renaissance but also pursues developments in more recent literature and film It offers an exploration of the changes that have taken place in the genre from Homer to Hollywood *Richard Aldington* Vivien Whelpton, 2014-12-31 This is a literary biography of Richard Aldington founding member of the Imagist Movement poet of the First World War author of *Death of a Hero* and a biography of D H Lawrence Aldington s is an extraordinary human story dealing with contemporary issues such as confrontation of sexual mores of the day and the impact of his soldier experience on his life and work There hasn t been a recent biography of Aldington the only one of the war poets not to have one With the interest in the First World War increasing as we near the centenary the time is right for this book This biography explores the relationships of Aldington with other prominent literary figures Ezra Pound Herbert Read T S Eliot D H Lawrence and his unsuccessful marriage with H D This first instalment of a hopefully two volume biography covers Aldington s life and work up to 1929 It investigates the years 1911 1915 in which Aldington helped found Modernism and formed relationships with other Modernists the years 1916 19 when his life fell apart after his soldier experience the years 1920 28 when he tried to re establish his literary career laid the foundations of modern literary criticism and his writing of *Death of a Hero* at the end of the decade a blistering attack on all that had made the war possible Official Blurb The story of Richard Aldington outstanding Imagist poet and author of the bestselling war novel *Death of a Hero* 1929 takes place against the backdrop of some of the most turbulent and creative years of the twentieth century Vivien Whelpton provides a remarkably detailed and sensitive portrayal of the writer from early adolescence His life as a stalwart of the pre war London literary scene as a soldier and in the difficult aftermath of the First World War is deftly rendered through a careful and detailed analysis of the novels poems and letters of the writer himself and his close circle of acquaintance The complexities of London s Bohemia with its scandalous relationships social grandstanding and incredible creative output are masterfully untangled and the spotlight placed firmly on the talented group of poets christened by Ezra Pound as Imagistes The author demonstrates profound psychological insight into Aldington s character and childhood in her nuanced analysis of his post war survivor s guilt and consideration of the three most

influential women in his life his wife the gifted American poet H D Dorothy Yorke the woman he left her for and Brigit Patmore his brilliant and fascinating older mistress Richard Aldington Poet Soldier and Lover vividly reveals Aldington's warm and passionate nature and the vitality which characterised his life and works concluding with his triumphant personal and literary resurrection with the publication of *Death of a Hero* Sculpture, Sexuality and History Jana Funke, Jen Grove, 2019-01-04 This book investigates the wide ranging connections between sculpture sexuality and history in Western culture from the eighteenth century to the present Sculpture has offered a privileged site for the articulation of sexual experience and the formation of sexual knowledge As historical objects sculptures also draw attention to the different ways in which knowledge about sexuality is facilitated through an engagement with the past Bringing together contributors from across disciplines including art history classics film studies gender studies history literary studies museum studies queer theory and reception studies the volume presents original readings of sculptural art in relation to antiquarianism aesthetics collecting cultures censorship and obscenity psychoanalysis sexology and the experience and regulation of museum spaces It examines how sculptural encounters were imagined and articulated in literature painting film and science As a whole the book opens up a new understanding of the ways in which sculptures as real or imagined objects have fundamentally shaped approaches to and receptions of the past in relation to sex gender and sexuality Chapters 8 and 10 of this book are available open access under a CC BY 4.0 license at link.springer.com Modernism, History and the First World War Trudi Tate, 2013-01-01 Drawing upon medical journals newspapers propaganda military histories and other writings of the day *Modernism History and the First World War* reads such writers as Woolf HD Ford Faulkner Kipling and Lawrence alongside fiction and memoirs of soldiers and nurses who served in the war This ground breaking blend of cultural history and close readings shows how modernism after 1914 emerges as a strange but important form of war writing and was profoundly engaged with its own troubled history **Jungian Metaphor in Modernist Literature** Roula-Maria Dib, 2020-02-19 *Jungian Metaphor in Modernist Literature* argues for the centrality of Carl Jung's theory of individuation and alchemy in modernist poetics Through analysis of the uses of a mythic method in modernist literary works the book develops a related alchemical model which serves to expand understanding of modernist uses of language The book is an innovative exploration of modernist literary creativity under a Jungian lens spanning both the literary and scholarly Jungian field The literary works of Hilda Doolittle James Joyce and W B Yeats are read in the light of Jung's central theme of an alchemical marriage with attempts at developing a related alchemical model a Jungian poetics which serves to expand a reader's understanding of modernist uses of language This provides a fresh new lens through which modernist literature is viewed and seeks to reevaluate the role of Jung in the humanities namely in the field of modernist literature an area from which Jung has long been shunned This book will be of great interest for academics researchers and post graduate students in the fields of literature modernism psychoanalysis gender studies Jungian psychology depth psychology literary theory and cultural studies *The*

Troubling Play of Gender Maria Stadter Fox, 2001 Although these three modernist writers were not primarily playwrights as expatriates they were interested in the Euripidean theme of women in exile each independently chose to rewrite Euripides' *Hippolytus* a play in which the protagonist is a woman in exile whose speech writing and passion are deeply problematic Each author approaches the Euripidean material in a different way Tsvetaeva focuses on gender in language Yourcenar explores the gendering of a self and H D performs the undoing of gendered oppositions BOOK JACKET *The Modern Androgyne Imagination* Lisa Rado, 2000 In the late nineteenth century as changing cultural representations of gender roles and categories made differences between men and women increasingly difficult to define theorists such as Havelock Ellis Richard von Krafft Ebing and Sigmund Freud began to postulate a third androgynous sex For many modern artists this challenge to familiar hierarchies of gender represented a crisis in artistic authority Faced with the failure of the romantic muse and other two sex tropes for the imagination James Joyce H D William Faulkner Virginia Woolf and other modernist writers of both sexes became attracted to a culturally specific notion of an androgynous imagination In *The Modern Androgyne Imagination* Lisa Rado explores the dynamic process through which these writers filled the imaginative space left by the departed muse For Joyce the androgynous imagination meant experimenting with the idea of a new womanly man H D personified her overmind as the androgynous Ray Bart Faulkner supplanted the muse with the hermaphrodite And Woolf became a kind of psychic transsexual Although they selected these particular tropes for different reasons literary men and women shared the desire to embody perceived strengths of both sexes and to transcend sexual and artistic limitation altogether However courting this androgynous imagination was a risky act It often evoked the dynamics even the specific vocabulary of the sublime which Rado characterizes as a perilous confrontation with and attempted identification between self and the transcendent other that powerful androgynous creative mind through which they hoped to generate authority and find inspiration This empowerment toward which Joyce H D Faulkner and Woolf gesture in texts such as *Ulysses* *HERmione* *The Sound and the Fury* and *Orlando* is rarely achieved Joyce and Faulkner were unable to silence their fears of feminization and the female body while H D and Woolf remained troubled by the threat of ego incorporation and self erasure that the androgynous model of the imagination portends Still their pursuit of new imaginative tropes yields important insights into the work of these writers and of literary modernism

The Cosmos and the Creative Imagination

Anna-Teresa Tymieniecka, Patricia Trutty-Cooill, 2016-02-03 The essays in this book respond to Anna Teresa Tymieniecka's recent call to explore the relationship between the evolution of the universe and the process of self individuation in the ontopoietic unfolding of life The essays approach the sensory manifold in a number of ways They show that theories of modern science become a strategy for the phenomenological study of works of art and vice versa Works of phenomenology and of the arts examine how individual spontaneity connects with the design s of the logos of the whole and of the particulars while the design s rest not on some human concept but on life itself Life's pliable matrices allow us to consider the

expansiveness of contemporary science and to help create a contemporary phenomenological sense of cosmos A *Companion to Twentieth-Century Poetry* Neil Roberts, 2008-04-15 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century *Event Or Incident* Antonius Bernardus Maria Naaijken, 2010 **Breaking the Sequence** Ellen G. Friedman, Miriam Fuchs, 2014-07-14 These nineteen essays introduce the rich and until now largely unexplored tradition of women s experimental fiction in the twentieth century The writers discussed here range from Gertrude Stein to Christine Brooke Rose and include among others Virginia Woolf Jean Rhys Jane Bowles Marguerite Young Eva Figes Joyce Carol Oates and Marguerite Duras Friedman and Fuchs demonstrate the breadth of their research first in their introduction to the volume in which they outline the history of the reception of women s experimental fiction and analyze and categorize the work not only of the writers to whom essays are devoted but of a number of others too and second in an extensive and wonderfully useful bibliography Emma Kafalenos *The International Fiction Review* After an introduction that is practically itself a monograph eighteen essayists too many of them distinguished to allow an equitable sampling take up three generations of post modernists *American Literature* The editors see this volume as part of the continuing feminist project of the recovery and foregrounding of women writers Friedman and Fuchs s substantive introduction excellently synthesizes the issues presented in the rest of the volume Patrick D Murphy *Studies in the Humanities* Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Women, Writing, and Fetishism, 1890-1950** Clare L. Taylor, 2003 Clare L. Taylor investigates the problematic question of female fetishism within modernist women s writing 1890 1950 Drawing on

gender and psychoanalytic theory she re examines the works of Sarah Grand Radclyffe Hall H D Djuna Barnes and Ana s Nin in the context of clinical discourses of sexology and psychoanalysis to present an alternative theory of female fetishism challenging the perspective that denies the existence of the perversion in women

A Feminist Companion to Reading the Bible Athalya Brenner, Carole Fontaine, 2013-08-16 This valuable resource both presents and demonstrates the numerous developments in feminist criticism of the Bible and the enormous range of influence that feminist criticism has come to have in biblical studies The purpose of the book is to raise issues of method that are largely glossed over or merely implied in most non feminist works on the Bible The editors have included broadly theoretical essays on feminist methods and the various roles they may play in research and pedagogy as well as non feminist essays that have direct bearing on the methods or subject matter that feminists use as well as reading that illustrate the variety of methodological strategies adopted by feminist scholars Some 30 scholars from North America and Europe have contributed to this Companion
