A Psychiatrist for a Troubled World

Biographical Sketch by Harry W. Brundage, M.D.

Edited and with an introduction by Raymond F. Ball, M.D.

Nothing human is alien to psychiatry, no issue, national, political, or global, has bypassed its scope. The vision of William C. Menninger and his activities in war and peace upon the numerous fields. His papers—some classic of clinical research, others models of intensive human research—constitute the modest and enduring record of a prodigious career.

In Memoriam

This book, designed to honor a man in the fullest of his life, was destined to become a memorial. Plans for the book were made early in 1968, but much of it was regrettably interrupted by the progress of what illness.

In that time Dr. William C. Menninger was leading his numerous busy life, fully presenting the cause of the mentally ill, advocating broad, wide social psychiatric, and working in behalf of The Menninger Foundation. His personal, scholarly, scientific results and insights, his generous support of work, encouraged all who knew him to find in his life the model they sought to.

We cannot in honor Doctor Will and his great efforts an opportunity, through the writings, to know the man who has been our beloved teacher and friend. When he found out the book was being prepared he greatly troubled his mind, "Didn't you have something better to do with your time?" I said, when he approved the selection, he also said his "independence of the various sections of the book, presenting, 'The man knew he was all that was there about him and' had also he presented the idea of editing as being premature.

The trouble was characteristic of a man known for his unique spirit and of others known and sometimes said with his presence. When you met him, he greeted you with his warm handshake and a warm smile; he made you feel relaxed, appreciated, a bit more highly valued than you had felt just a moment before.

Unfortunately, it was found that Doctor Will would never see his book in print, for on the first day of Easter Sunday, on September 8, 1968, the book and gentle spirit left us forever.
