Psychiatry And General Practice Today:

Primary Care Mental Health Linda Gask, Tony Kendrick, Robert Peveler, Carolyn A. Chew-Graham, 2018-09-20 Around ninety per cent of all patients with mental health problems are managed solely in primary care including thirty five per cent of all those with serious mental illness Primary care plays an increasingly essential role in developing and delivering mental health services and in the wellbeing of communities In this book internationally respected authors provide both a conceptual background and practical advice for primary care clinicians and specialist mental health professionals liaising with primary care Clinical policy and professional issues such as working effectively at the interface between services are addressed with a key focus on patient and service user experience Following the highly successful first edition which was awarded first prize at the BMA Medical Book Awards in the category of Primary Health Care this fully updated volume includes new chapters on mental health and long term physical conditions prison populations improving access to care and public mental health

The Prevention of Mental Illness in Primary Care Tony Kendrick, Andre Tylee, Paul Freeling, 1996-05-30 Up to a third of patients obtaining primary care services are suffering from psychological problems and the primary health care team deals with the majority In this volume experts from a wide range of mental health care disciplines discuss issues ranging from primary prevention with identification of risk to early identification of problem symptoms and the effective management of long term mental illness With full reference to the current state of research emphasis has been given to practical measures that can be readily utilized in the primary care setting This handbook will serve as an invaluable resource for all those with interests in the protection and conservation of mental health Current Catalog National Library of Medicine (U.S.), 1982 First multi year cumulation covers six years 1965 70 Contemporary Psychiatry Fritz Henn, Norman Sartorius, Hanfried Helmchen, Hans Lauter, 2013-11-11 Contemporary Psychiatry is an international textbook developed on the basis of the experience with its first three German editions making it a work with long and distinguished tradition It combines the German tradition of phenomenology and diagnosis going back to Kraepelin with the Anglo American tradition and the DSM IV diagnostic system In doing so Contemporary Psychiatry becomes a unique source among psychiatric texts offering a truly international approach to state of the art knowledge and future perspectives of psychiatry The four internationally renowned editors were able to acquire the leading specialists as contributors No less than 120 authors from 10 different countries ensure an extremely high standard and guarantee the consideration of cross cultural aspects A special feature of Contemporary Psychiatry is that it includes chapters on psychiatric disorders caused by extreme circumstances such as for example migration torture rape violence and natural and man made disasters Affective and Non-psychotic Disorders Alan Lee, 1999 Discusses the evidence based assessment of deliberate self harm and covers the special problems of general psychiatric practice when alcohol misuse and severe personality disorder complicate the picture **Just a GP** Denis Pereira Gray, 2024-07-22 With General Practice currently facing existential challenges it is truly inspirational to be reminded what

determined individuals with a clear set of intensely human values can achieve This is the story of an extraordinary career during a profoundly important phase in the history of British medicine someone who was justifiably proud to be just a GP Sir David Haslam CBE FRCGP Past President and Chairman of Council Royal College of General Practitioners Past President British Medical Association Past Chair National Institute for Health and Care Excellence NICE This autobiography from Sir Denis Pereira Gray offers a unique insight into the life and career of a hugely distinguished and influential general practitioner from what led him to study medicine learning his craft in the 1960s through years of clinical practice and research to senior leadership roles within and outside the Royal College of General Practitioners Through detailed diaries enlivened by wonderful anecdotes both personal and professional Sir Denis shares candidly with the reader a lifetime of experience gained and lessons learned highly applicable today when general practice is facing many challenges and detractors Both informative and inspirational Just a GP is an essential read for many who have journeyed through the profession with Sir Denis and those who are in the midst of or contemplating a career in general practice today **Key**

Debates in Psychiatric/Mental Health Nursing John R Cutcliffe, Martin Ward, 2006-10-12 This book is unique because no other psychiatric mental health nursing text has ever brought together opposing or contrasting views of the same issue and subsequently invited two separate chapters to be written in order to articulate the different perspectives in the debate Further no book has then followed up such a wide and thorough discussion by inviting a third party to offer commentary The purpose of this book is to present a range of key issues that psychiatric mental health nurses face They are practice policy research and education related issues The purpose then is to present the most complete balanced arguments possible in order to inform educate and stimulate psychiatric mental health nurses Furthermore the purpose of the book is to make psychiatric mental health nurses more aware of the often uncertain nature of much of psychiatric mental health nursing practice and knowledge Psychiatric mental health nursing is not characterised by black and white easily delineated issues and is perhaps characterised by various shades of grey Indeed it is often stated as axiomatic that psychiatric mental health nurses can be described as a broad church Consequently the purpose of this book is to help psychiatric mental health nurses appreciate this broad church be able to understand the various shades of grey be able to understand that often there are differing views inconclusive arguments and contentious debates and for this to influence their clinical practice As the international range of contributors illustrates these debates to a greater or lesser extent are issues and debates that psychiatric mental health nurses face the world over these are matters of real international importance and significance These issues have been touched upon and to a limited extent debated at psychiatric mental health nursing conferences and to an even lesser extent within some psychiatric mental health nursing journals Thus they are real issues that many nurses are facing talking about and trying to resolve key debates are presented with arguments from opposing viewpoints followed by a third party commentary to give readers the necessary information to form their own view written by a range of international

authors from different countries across three continents one of the first psychiatric mental health nursing books to explore the pedagogical value of debate Current Bibliography of Epidemiology ,1972 *Gender and Mental Health* Pauline M. Prior,1999-08-10 *Gender Mental Health* is an exciting textbook written from a policy perspective Based on up to date information from Europe and the United States it focuses not only on the individual experience of mental disorder for both men and women but also on a range of mental health policy issues including law and crime It will be extremely useful to a broad range of students sociology social policy and gender studies and professionals social work nursing legal and medical

Teaching Psychiatry Linda Gask,Bulent Coskun,David A. Baron,2011-04-08 In psychiatry as in all of medicine clinicians are frequently involved in training students and residents yet few have themselves been trained in pedagogy Improving the quality of psychiatric education should both improve the quality of psychiatric care and make the profession more attractive to medical students Written by a team of international experts with many years of experience this comprehensive text takes a globally relevant perspective on providing practical instruction and advice on all aspects of teaching psychiatry It covers learning from undergraduate and postgraduate level to primary medical and community settings enabling readers to find solutions to the problems they are facing and become aware of potential issues which they can anticipate and be prepared to address The book discusses curriculum development using examples from around the world in order to provide trainees with the basic attitudes knowledge and skills they require to practise psychiatry Features Instruction on developing a curriculum for Residency training teaching interviewing skills teaching psychotherapy and using new technology Innovative ways of engaging medical students in psychiatry and developing their interest in the specialty including experience with new types of elective and research options and development of roles for students in patient care Focuses throughout on how to teach rather than what to teach Includes descriptions of workplace based assessments Discussions of both theoretical and practical perspectives and examples of particular innovations in the field using case studies Presented in a thoroughly readable and accessible manner this book is a primary resource for all clinicians involved in teaching psychiatry to medical students and trainees *Psychiatric Presentations in General Practice* K. S. Jacob,Anju Kuruvilla,2016-11-30 Medical schools currently use specialist perspectives on psychiatric disorders to train physicians nurses and health professionals This results in a lack confidence among non psychiatric health professionals which reduces their ability to manage common mental health conditions in primary care and secondary hospitals This book is a practical guide to common mental health conditions encountered in general medical practice **Cumulated Index Medicus** ,1965 **Mental Illness in the Community** Prof David Goldberg,David Goldberg,Dr Peter Huxley,Peter Huxley,2012-11-12 Tavistock Press was established as a co operative venture between the Tavistock Institute and Routledge Kegan Paul RKP in the 1950s to produce a series of major contributions across the social sciences This volume is part of a 2001 reissue of a selection of those important works which have since gone out of print or are difficult to locate Published by Routledge 112 volumes in total are being brought together
