The Book of Affinitive Life Lee Arnold Green, 2024-09-11 The Book of Affinitive Life Part 1 in Conjunction The Book of Life is mainly about life on Earth concerning the invited signals of love that create addictions and eventually transcend into affinitive life It is commonly characterized in the world as a passion hobby or bond to someone or something and it is practiced or lived by means of a habitual lifestyle or habit by virtue of signal responsiveness in response to behavior in interaction with whom or what affinitive life centers on The surprisingly interesting spiritual fact about the love signal is that it lies beyond ordinary experiences and supernaturally transcends into an acquired spirit that is grafted into your natural spirit as an integral part which is then potentially lived as affinitive life and in turn a passion hobby or bond to someone or something Affinitive life as a passion hobby or bond is actually unknown to the world as such That is because it is spirit based and all spiritual lives are physically based First Corinthians 2 14 15 says The natural man receiveth not the things of the Spirit of God for they are foolishness unto him neither can he know them because they are spiritually discerned But he that is spiritual judgeth all things yet he himself is judged of no man That means scientists could never use genetic engineering to find the true meaning of passions hobbies or bonding to someone or something as an affinitive life because it is foolishness to them Genetic engineering is the direct manipulation of an organism s genome which means its genes are used by biotechnology also called genetic modification which is genetic manipulation of the genes of an organism's genome This book is the book of affinitive life part 1 to the natural side of life and the book of life to the spirit side of life of invited signals of love For that reason the name of this book is The Book of Affinitive Life Part 1 in Conjunction The Book of Life It is called The Book of Affinitive Life as it refers to and relates to the natural side of life first and then to the same degree it relates to the spirit side of life Additionally it characterizes the Book of Life which no natural or ordinary man could write there had to be a spiritual component All affinitive lives are lived optionally as a habitual lifestyle or habit in natural life in conjunction with natural life as an integral part The Technicians of God Gavina, 2021-11-22 The Internet has become a battling ground between pseudo progressive forces and the new info industrial powers For this motive gifted with wide unforeseen and timeless capacities the unknown is been decoded in exchange for rising ancient dilemmas long lost quests and titanic agents which clearly intents to dethrone historical charlatanism with a kind of post modern equivalency Through centuries of proven
