*Case studies of the superintendency* Paula M. Short,Jay Paredes Scribner,2002-09-06 Preparing school administrators for the challenges they will face requires materials well informed about the nuts and bolts of education in real life Only a richly detailed case study book like Short and Scribner s will provide them with the opportunity to analyze current issues Each narrative chapter concludes with application questions and a list of references The authors some of the most respected American scholars on the superintendency have compiled cases grounded in research and reality They explore topics such as the politics of education the debate over merit pay women in the superintendency and the role of the superintendent as an instructor     Real-time Problem Solving in Schools Benjamin Piltch,Terrence Quinn,2006 Parents lawmakers supervisors and unions are among the many constituencies that demand influence if not control of the educational process How does the school administrator balance all the needs of the various groups and still remain true to the ultimate though most powerless constituency the students Through case studies and anecdotes based on real life experiences the authors share the ups and downs of the educational world seeking to find the balance that is most effective in ensuring success Real Time Problem Solving in Schools details decision making and actions taken that dramatically affect the success of students and schools as well as school systems Book jacket     **Ethics for School Leaders** Dan Mahoney,2022-09-14 Ethics for School Leaders The Human Condition and Organizational Dynamics is about the complex role of formal and informal leaders in schools It presents multiple perspectives to enhance comprehension of the organizational and psychological dynamics that come into play when school leaders those with authority and those without authority are faced with ethically challenging situations In addition to a tour of leadership theories organizational dynamics psychological dynamics and ethical perspectives the case studies in this book weave together aspects of people s emotional make up cognitive framework and past experiences to illustrate how school leaders use reason and emotion to make complex connections between their inner lives and the demands of their profession This book identifies specific examples of ways school leaders can enhance ethical practice at the organizational level as well as how to focus on the things they can do personally and interpersonally to improve their work as school leaders in order to make lives better for all of the people they serve By integrating various approaches to the study of the leadership process this book makes an important contribution to fields of leadership studies and professional ethics

**The Fate of Liberal Arts in Today's Schools and Colleges** William Hayes,2015-12-11 It is the purpose of this book to examine the ever changing meaning of the term liberal arts and to trace its development from antiquity to the present In doing so the text will compare and contrast the values of such an education with the other important objective of schools and colleges which is to prepare students with appropriate occupational training The book will highlight the arguments of both

points of view In doing so attention will be paid to the contributions to society of those who have been exposed to a variety of educational curricula As part of the study the impact of the community college will be considered along with the impact of recent initiatives such as the Nation at Risk Report No Child Left Behind Race to the Top and the Common Core Finally the text will conclude with an attempt to suggest the direction that will determine the fate of liberal arts in schools and colleges

Consensus William Hayes,2013-07-01 As we consider the current status of educational reform it is clear that the United States lacks a clear vision as to how to improve our schools In the recent past we have been able to gain support for ideas such as the need for special education programs free and reduced lunches pre school programs and equal educational opportunities for both boys and girls While programs such as these were possible because of a national consensus our challenge today is to agree on the way to move forward Although it is most obvious in our inability to act on No Child Left Behind the failure to define a common vision is true of many other issues in the field of education Without an agreed upon vision which includes the support of those working in our schools true reform will be extremely difficult The purpose of this book is to help the reader understand our differences and to suggest a way that we can reach a consensus on education reform

**The Heart and Mind in Teaching** Alyssa Magee Lowery,William Hayes,2014-07-30 The Heart and Mind in Teaching Pedagogical Styles Through the Ages provides an important historical context for an issue confronting every American teacher administrator student parent and citizen As the art of teaching is rapidly replaced by formulas clinical studies and one size fits all scientific pedagogy it is important to ask the question How did we get here Authors Alyssa Magee Lowery and William Hayes trace the history of teaching from Greek philosophy to twenty first century educational issues in an effort to provide some perspective in the long art versus science debate ultimately finding that the two components may be able to coexist peacefully
