Nurturing the Older Brain and Mind Pamela M. Greenwood, R. Parasuraman, 2012 Two noted researchers explain scientific evidence that shows why certain experiential and lifestyle factors may promote and maintain cognitive vitality in older adults Although our physical abilities clearly decline as we age cognitive decline in healthy old age is neither universal nor inevitable In *Nurturing the Older Brain* Pamela Greenwood and Raja Parasuraman show that scientific research does not support the popular notion of the inexorable and progressive effects of cognitive aging in all older adults They report that many adults maintain a high level of cognitive function into old age and that certain experiential and lifestyle factors including education exercise diet and opportunities for new learning contribute to the preservation of cognitive abilities Many popular accounts draw similar conclusions and give similar lifestyle advice but lack supporting scientific evidence Greenwood and Parasuraman offer a comprehensive review of research on cognitive and brain aging They show that even the aged brain remains capable of plasticity the ability to adapt to and benefit from experience and they summarize evidence that brain plasticity is heightened by certain types of cognitive training by aerobic exercise and by certain diets They also report

on the somewhat controversial use of estrogen and cognition enhancing drugs on environmental adaptations including virtual assistants that help older adults age in place and on genetic factors in cognitive aging The past twenty years of research points to ways that older adults can lead rich and cognitively vital lives As millions of baby boomers head toward old age Greenwood and Parasuraman s accessible book could not be more timely American Journal of Public Health ,1995 Includes section Books and reports **The New York Times Book Review** ,1978 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback *Saturday Review* ,1968 *Previews* ,1974
