**Inter-American Yearbook on Human Rights / Anuario Interamericano de Derechos Humanos, Volume 22**

**(2006)** Inter-American Commission on Human Rights, 2022-10-24 The print edition is available as a set of three volumes 9789004205048 The Embers and the Stars Erazim Kohák, 2015-07-10 It is hard to put this profound book into a category Despite the author's criticisms of Thoreau it is more like Walden than any other book I have read The book makes great strides toward bringing the best insights from medieval philosophy and from contemporary environmental ethics together Anyone interested in both of these areas must read this book Daniel A Dombrowski The Thomist Those who share Kohák's concern to understand nature as other than a mere resource or matter in motion will find his temporally oriented interpretation of nature instructive It is here in particular that Kohák turns moments of experience to account philosophically turning what we habitually overlook or avoid into an opportunity and basis for self knowledge This is an impassioned attempt to see the vital order of nature and the moral order of our humanity as one Ethics **Karl Jaspers.** Richard Wisser, 1993

**Rabbis of our Time** Marek Čejka, Roman Kořan, 2015-10-16 The term rabbi predominantly denotes Jewish men qualified to interpret the Torah and apply halacha or those entrusted with the religious leadership of a Jewish community However the role of the rabbi has been understood differently across the Jewish world While in Israel they control legally powerful rabbinical courts and major religious political parties in the Jewish communities of the Diaspora this role is often limited by legal regulations of individual countries However the significance of past and present rabbis and their religious and political influence endures across the world Rabbis of Our Time provides a comprehensive overview of the most influential rabbinical authorities of Judaism in the 20th and 21st Century Through focussing on the most theologically influential rabbis of the contemporary era and examining their political impact it opens a broader discussion of the relationship between Judaism and politics It looks at the various centres of current Judaism and Jewish thinking especially the State of Israel and the USA as well as locating rabbis in various time periods Through interviews and extracts from religious texts and books authored by rabbis readers will discover more about a range of rabbis from those before the formation of Israel to the most famous Chief Rabbis of Israel as well as those who did not reach the highest state religious functions but influenced the relation between Judaism and Israel by other means The rabbis selected represent all major contemporary streams of Judaism from ultra Orthodox Haredi to Reform and Liberal currents and together create a broader picture of the scope of contemporary Jewish thinking in a theological and political context An extensive and detailed source of information on the varieties of Jewish

thinking influencing contemporary Judaism and the modern State of Israel this book is of interest to students and scholars of Jewish Studies as well as Religion and Politics      Longer View Paul A. Baran, 1971 These essays by the author of *The Political Economy of Growth* and co author of *Monopoly Capital* cover the working range of a strong and original mind They are as diverse as his well known discussion of Marxism and psychoanalysis and his expert handling of the politics and economics of development      The Aesthetics of Desire and Surprise Jadranka Skorin-Kapov, 2015-10-08 *The Aesthetics of Desire and Surprise* Phenomenology and Speculation covers issues central to contemporary continental philosophy desire expectations excess rupture transcendence immanence surprise The proposed term desire surprise captures the phenomenological speculative character of the pair not yet and no longer Non obvious parallels between different thinkers are drawn and the argumentation is organized around philosophical figures relevant in the sequence desire excess pause rupture break recuperation surprise The works of Levinas i ek Bataille Blanchot Foucault and Ricoeur are interpreted and positioned according to the proposed template of desire excess pause The consideration of limit experiences involves authors fascinated by transgression and the question of whether excess is immanent or transcendent This discussion considers works by Nietzsche Deleuze i ek and Foucault The analysis of surprise and the beginning of recovery after the pause considers works by Fink Merleau Ponty Nancy Lyotard Dufrenne Bachelard and Seel The provocative argument elaborated in this work is that surprise starts with indifference Furthermore the argument is that surprise begins where the concept reaches its ending hence that the limit of speculative thinking at its ending is the limit of aesthetics at its beginning The work of Hegel Schelling and Jaspers are discussed in order to argue for the beginning of aesthetics there where knowledge ends Philosophical thematic is contextualized via sections on artists such as Duchamp and Mondrian and on some films provoking interest of aestheticians working in art history and cultural studies departments
