## **Reason For Democracy:**

**Reason and Democracy** Thomas A. Spragens, 1990-07-20 Reason and Democracy breaks new ground in providing a plausible philosophical basis for the communitarian view of a healthy democracy as the rational pursuit of common purposes by free and equal citizens Thomas A Spragens Jr argues that the most persistent paradigms of Western political rationality originated in classical philosophy took their modern expression in the philosophies of Kant and Mill and terminated in Max Weber's pairing of purely technical rationality with arbitrary ends Drawing on recent work in the philosophy of science and the philosophy of language combined with appropriate analogies in political thought and action Spragens maintains that it is possible to discern the outlines of a philosophically cogent and morally beneficial concept of rational practice on the part of a political community This possibility he contends provides a philosophical basis for liberal democratic politics that is superior to utilitarian and deontological accounts

**Between Politics and Antipolitics** Dick Howard, 2016-08-24 This book traces a dialectic relationship between politics and antipolitics the first as used here being akin to philosophy as an activity of open inquiry plural democracy and truth finding and the latter in the realm of ideology technocracy and presupposed certainties It returns back to the emergence of a New Left movement in the 1960s in order to follow the history of this relationship since then It addresses contemporary debates by looking to the fall of the Berlin Wall and the Soviet Bloc and asking in the wake of that what is a revolution Finally it draws on these analyses to examine the age of terrorism after the tragedy of September 11 2001 and resounds with a call to pursue democracy and real politics in the face of new forms of antipolitics

**Christliche Ethik bei Schleiermacher - Christian Ethics according to Schleiermacher** Hermann Peiter, 2010-04-09 No one is so intimately acquainted with Schleiermacher's Christian Ethics material or with the 1821 1822 first edition of his companion volume Christian Faith than Hermann Peiter The present volume is a collection of Peiter's nineteen essays and thirty reviews Extensive English summaries are offered for all this material and an English version for four of the essays Professor Peiter's summary of this volume reads as follows This book treats of praxis in the Christian life and of Christian responsibility for the world we have in common The following however forms a background for these considerations Schleiermacher reminds his Christian brethren who often deck themselves out with alien borrowed plumes from morals and metaphysics of their actual theme that of religion which he also designates as a kind or mode of faith Like Luther he also turns against both the practical misconception that considers faith itself to be a good work and the theoretical misconception that faith is a product of thinking a theory Whether a practitioner thinks to give thanks for one's own work or whether a theoretician hopes to find final fulfillment and justification in one's range of metaphysical ideas amounts to the same thing Faith is the courage to be Paul Tillich For Schleiermacher to want to have speculation thus metaphysics and praxis without religion is the nonsalutary

intention of Prometheus who faintheartedly stole what he could have expected to possess in restful security If taken seriously the gods to use that pagan expression for once are that nature to which a human being belongs Each human being is their possession When one steals what the gods have one steals oneself can thank oneself for a robbery For a gift that is stolen one cannot possibly be thankful Only a pure gift awakens true joy A human being has the chance to receive the gift that one is or is not in case it is stolen not from a thief but from religion Thanks to one's birth both physical and spiritual one gains oneself and has oneself To steal means to take away to depreciate In contrast whoever has oneself from elsewhere is no longer extracted from oneself or from the one to whom one belongs
